John is studying at
our local school.

This summer he has been
to Japan.

□ That is what he writes about the country.

I have never seen
so much big
buildings.

Everywhere you go
there is the buildings.

People and exhibitions are many.

Japan is really an
upside-down world.

The weather was sunny and not rainy although it was autumn.

Nevertheless I was missing
my native town greatly.

□ There is no place like home.
