

Weather

There are 4 seasons in one year:
winter, spring, summer and autumn
Each of them is different .

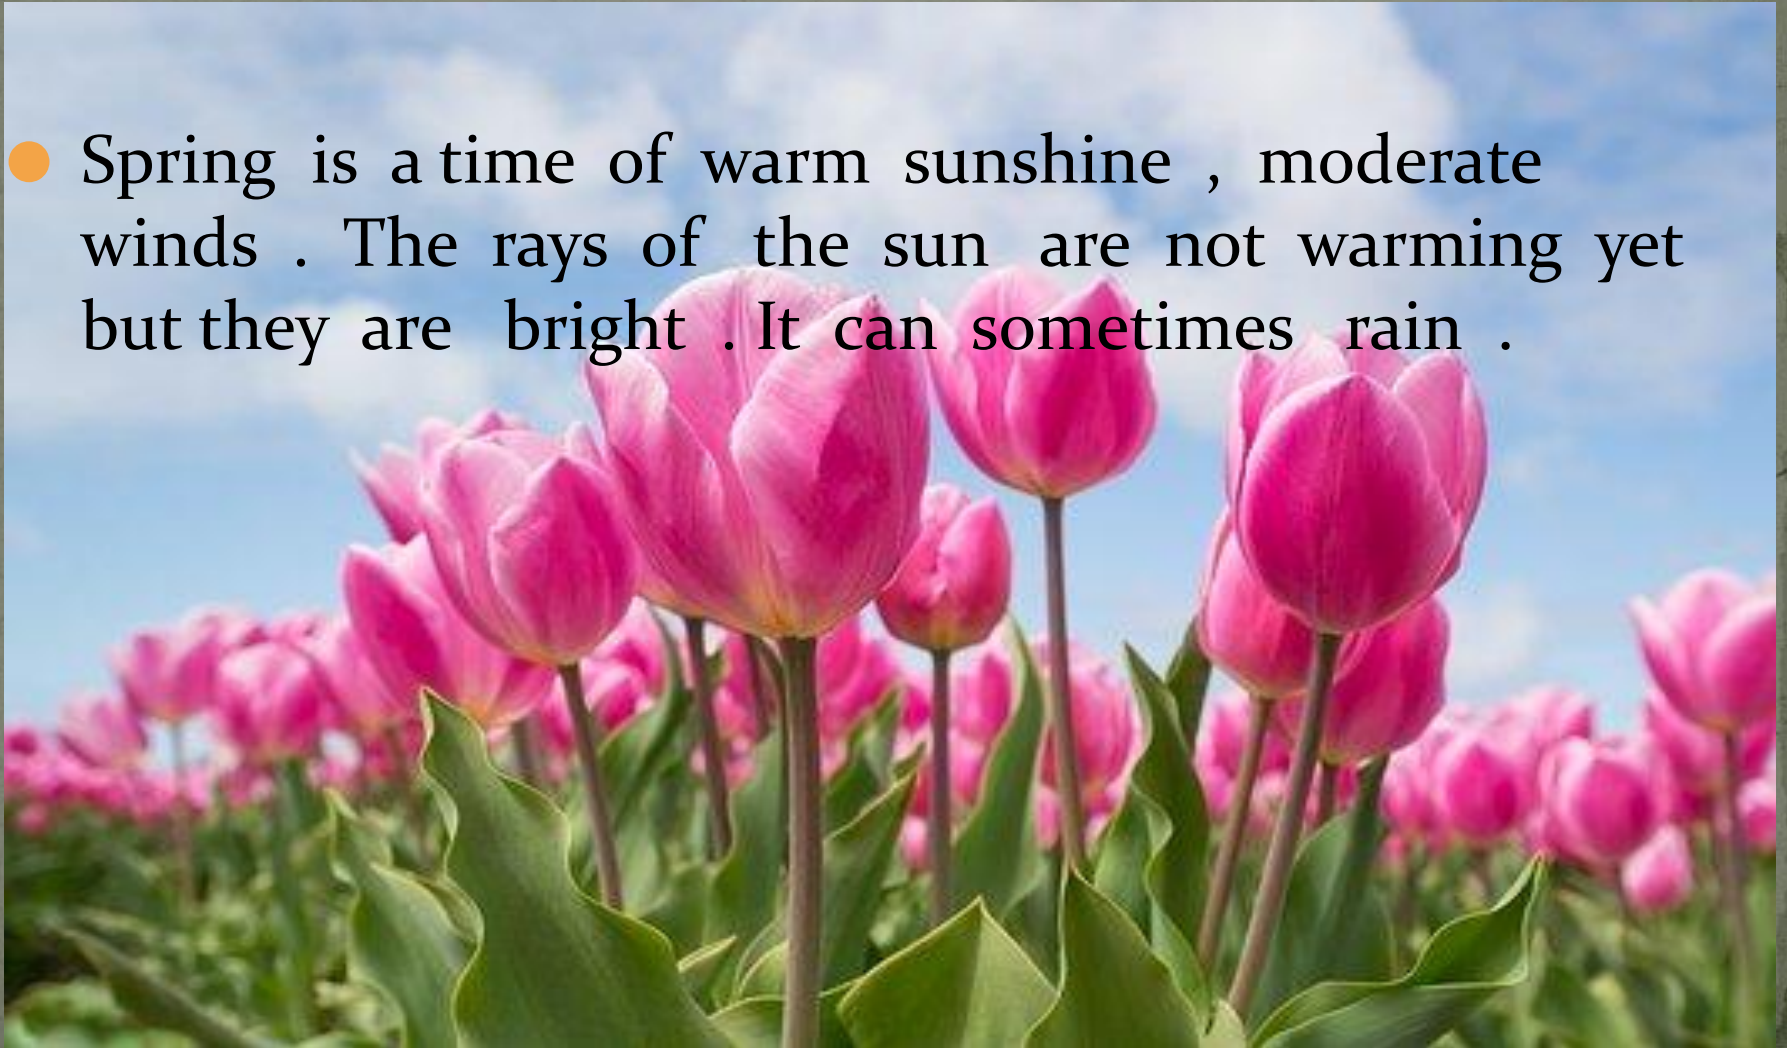

Winter

Winter is the coldest time of year. In this time of year you should wear warm clothes. High winds, low temperature, snowfall - typical winter weather conditions. Also, almost no rain and hail, not often sunny.

Spring

- Spring is a time of warm sunshine , moderate winds . The rays of the sun are not warming yet but they are bright . It can sometimes rain .

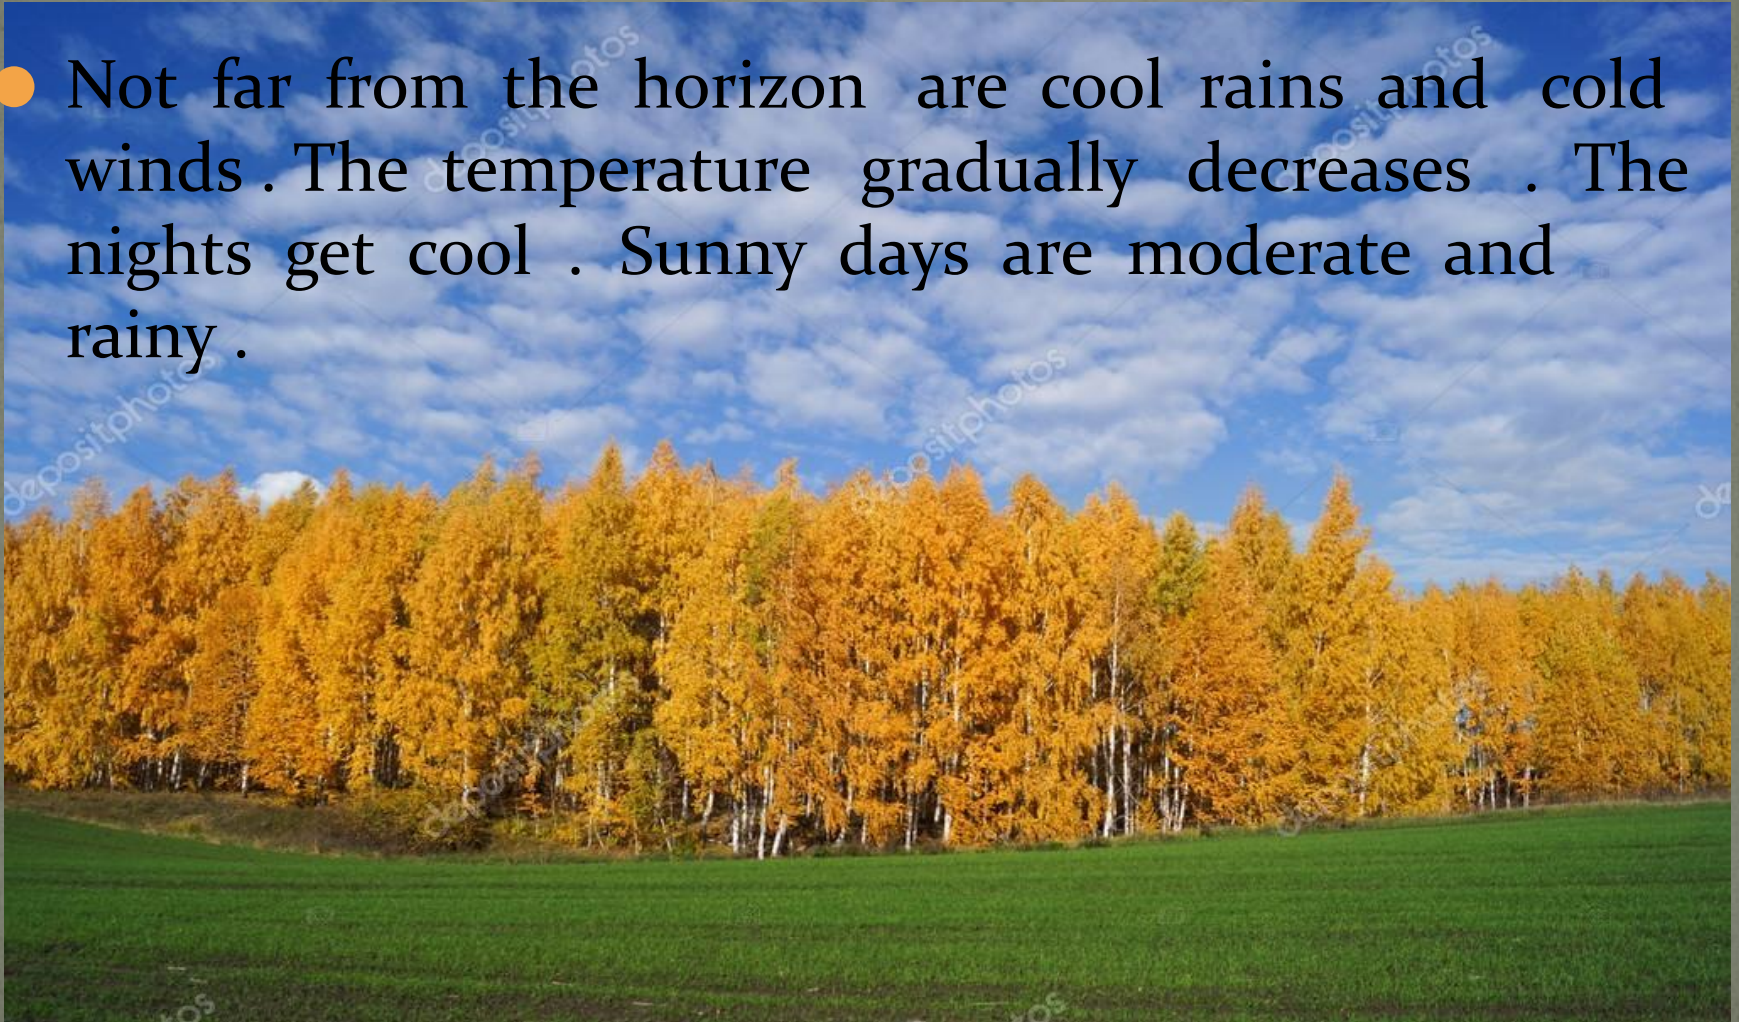

Summer

- Summer is bright , colorful . The weather is often clear . The air is getting hot . Even the rain in the summer is warm and gentle .

Autumn

- Not far from the horizon are cool rains and cold winds . The temperature gradually decreases . The nights get cool . Sunny days are moderate and rainy .

Conclusion

- Each season is different and wonderful.
