

What can we do to save the Earth?

People can stop to drop litter.

***People can burn waste
instead of just throwing away.***

GREENPEACE

***People can stop to kill insects
birds animals.***

People can stop to cut down trees and plant more trees.

***People can not to suffocate
from poisonous gases.***

***People can stop to pollute
water, land and air.***

***People must not waste paper,
plastic, metal ,glass.***

People can recycle waste.

People must build more recycling centers.

People must use more paper packaging instead of plastic packaging.

*People must stop to burn
forests and take care of wild
animals*
