

Привет!

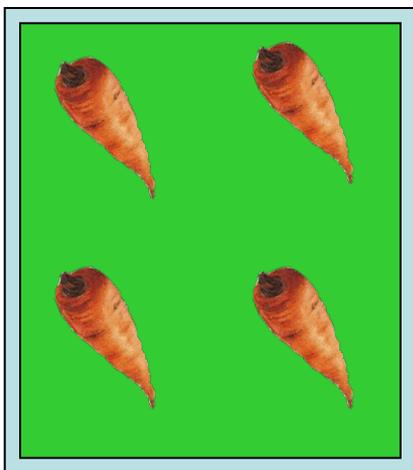

Я умею считать!

А ты?

Покажи, как ты умеешь считать!

Сосчитай, сколько предметов на выделенной карточке,

4

**А затем найди карточку
с таким же количеством предметов
и нажми на нее мышкой**

А сейчас посчитай и догадайся сам, где одинаковое количество предметов

**А тебе, как помогает счет?
Когда и где ты считаешь?**

**О том как козленок
научился считать
до десяти,
можно посмотреть
мультфильм.**

математическую игру - считалочку

**Придумала и сделала преподаватель
методики математического развития
Тюменского педагогического колледжа №1**

Осьмакова Марина Васильевна

**В игру включены фразы и фотографии из
мультфильма
«Козленок, который считал до десяти»
«Союзмультфильм» 1968г.**
