Political system of India

- India is a federal republic. A head of the state is a president. Elected by an electoral college consisting of both chambers of parliament and legislative bodies of the states on a 5-years-old term. A legislative body is bicameral parliament. Consists of Advice of the states (no more than 250 places from that 12 appointed by a president, other are elected from the legislative bodies of the states and territories) and Popular Assembly (545 places, 543 elected by the universal voting, 2 appointed by a president). Executive power is carried out by a government at the head with president.

The capital of India

- Delhi - not simply the capital of India, but also one of the largest and eldest cities of the world. It is northward country, on the riverside Yamuna. An infrastructure is very well developed in Delhi, it is the technical and scientific center of country.
- A city is divided into nine basic districts: South, East, North, Western, South-west, North-western, North-eastern, Central and district of New-Delhi.

Taj Mahal is a palace from a white marble, one of the most grandiose monuments of Indian architecture with a chic interior decoration and staggering beauty by a park. It the last gift of emperor of Great Mongols of Shah Jahan Waved the late wife Mumtaz, and also main and most popular sight in a country that is annually visited by thousands of tourists.

Before a luxury of Taj Mahal was yet more impressive: entrance doors were made out of clean silver, but as well as many other valuable articles of interior, were stolen.
