

MONEY

We Are Learning To:

- 1. Make €5 in different ways
- 2. Make €10 in different ways
-
-
-
-

Using real money

- Use whatever coins you have at home
- Add up coins and notes. How much do you have?
- Calculate different amounts- can you make €1, €2, €5, €10?
- Play shop and calculate giving change.
-

Making €5

- Can you come up with 3 different ways of making €5.
- Draw in your copy.

Making €10

- Can you come up with 3 different ways of making €10.
- Draw in your copy.

We Are Learning To:

- 1. Calculate change from €5.
- 2. Solve problems with a value up to €5.
-
-

How much change would you get from €5? Use your copy to calculate the change?

Giving change from €5

€3.90

€ 4.89

€1.12

77c

How much change would you get from €10? Use your copy to calculate the change?

75c

€ 1.65

€1.08

82c

€ 1.89

80c

37c

Try this website to practice calculating change, counting up and exchanging coins
