

# MY HOBBY

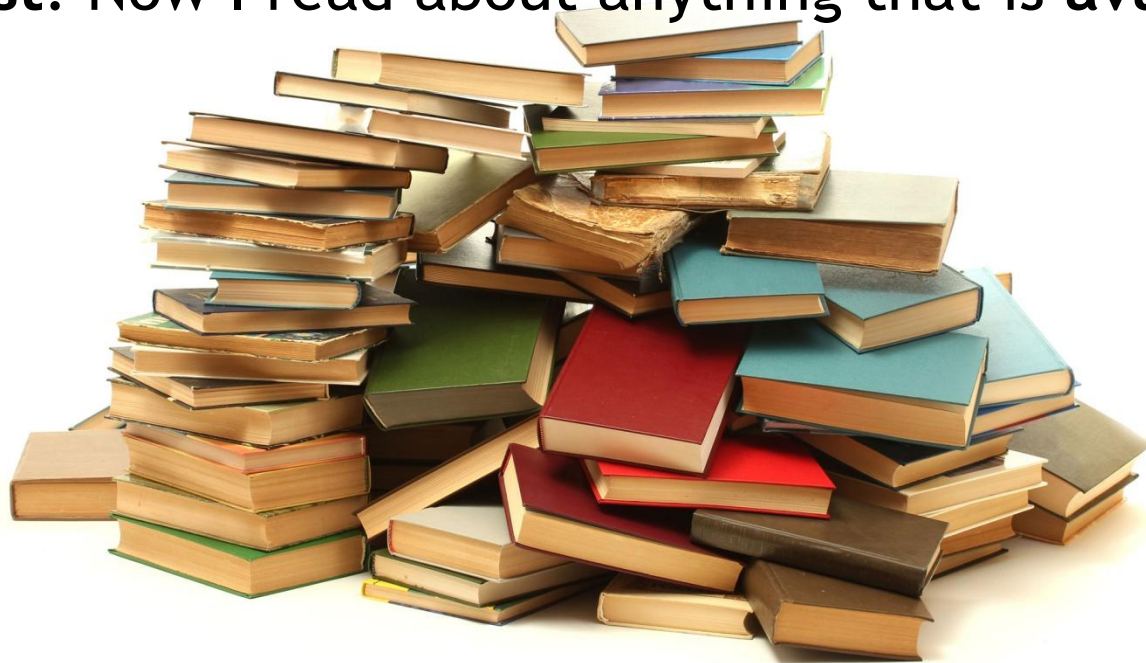

Usually people choose hobbies according to their interests. Some people are fond of **collecting** different things. They collect coins, postcards, toys, **objects of art** and stamps. I have a friend Victor. Collecting coins is his hobby. He is a **numismatist** and her collection includes about 100 different coins. Others like to draw pictures or they are fond of singing. Thus, everything depends on person.

# EVERYBODY NEEDS A HOBBY

As far as my interests are concerned, my favorite occupation is reading. I like to read story books, detectives, historical books and any kind of material that I find interesting. I like to read because my grandmother always read me some fairy tales and stories during my **childhood**. When I was about 10 my parents always bought me books to read. They always told me that habit of reading is one of the best **traits** that a man can **boast**. Now I read about anything that is **available**.

Probably everyone can answer the question of what he reads? For some it is pleasure, for whom the book — a source of knowledge, someone reads to pass the time, for example, in the road. Paper books today pushed the latest technologies — e-books. But the essence remains the same. The book is still read, and continue to be born people who read from the cradle and those who do not read. Strange, but the fact remains. It often happens that in a family children grow up with a completely different attitude to reading.
