

“MY SMALL HOMELAND”

The Village Elanysh

My Motherland -Elanysh. Here I was born and made his first steps. From the first days of life around me warm and caring family people, warm rays of the hot sun. And for me there is no place more beautiful than my village.

- My village is small but very nice and clean. The village is inhabited by people of different nationalities: Russians, Tatars, Bashkirs. I rejoice knowing that my fellow villagers - kind, sympathetic and ready to help people.
