Everybody has a body

Everybody has a body

Everybody has a body
And everybody has body
parts, body parts
You have 10 fingers
You have 10 toes
You have 2 eyes
And you have 1 nose
You have 2 arms
You have 2 legs
And you have hair on the top
of your head
Everybody has a body
And everybody has body
parts, body parts

You use your hands to pick things up
You use your arms to give great big
hugs
You use your legs to run around
And your feet always touch the ground
Everybody has a body
And everybody has body parts, body
parts
You use your eyes when you're looking
You use your nose to smell what's
cooking
You use your ears to hear this song
You use your mouth to sing along
Everybody has a body
And everybody has body parts, body
parts
