I want to tell You about my favorite store - the store of FOOTBALL ON Taganka. The shop is located near the Taganskaya square.

This is the first football store of the Adidas company in Europe. The store is decorated as a Museum of the football glory. There are footballs, trophies and t-shirts signed by the most famous football players in the world, such as Messi.

There are a lot of meetings are held with the most famous football players of Russia and the World. Also, the store sells the form of the national football teams including the Russian Federation.

In the store you can buy the balls,
which were playing of WORLD CUP
and European Championships.

I bought a ball and we spent a whole summer playing football in the camp.

I recommend everyone to visit this store. Even if You don't buy-you will touch the modern history of football.
