## Limerick

Limericks consist of five anapaestic lines.

Lines 1, 2, and 5 of Limericks have seven to ten syllables and rhyme with one another.

Lines 3 and 4 of Limericks have five to seven syllables and also rhyme with each other

# Limericks

Пятистишие классического лимерика (встречаются лимерики, написанные в форме четырехстишия) строится по схеме AABBA, то есть рифмуются первая, вторая и пятая строки, и соответственно - третья и четвертая. Преобладает размер анапест, а количество слогов в первой, второй и пятой строках на три слога больше, чем в третьей и четвертой.

# Limericks

Сюжетно лимерик строится примерно так: в первой строке говорится, кто и откуда, во второй — что сделал, а далее — что из этого вышло. Лимерик обычно начинается со слов "There was a...". Разучивание лимериков помогает научиться говорить по-английски с правильной английской интонацией. Ведь в этих стихах происходит чередование слабых и сильных форм, что чрезвычайно важно для того, чтобы английская речь звучала естественно.
