Why should you participate?

Gleb, 2018

Dear Rotarians, This summer I decided to go to the Rotary camp in Sicily. It was my first experience here and I liked it so much! I found lots of new friends from different countries and we still have a strong friendship and planning to go to each other, visited lots of touristic places and was amazed by Italian architecture, mostly by churches! My family was very hospitable, kind and they were ready to help me in any time and I am really grateful for that! Also, I want to say a special thanks for our coordinator Aldo! He was very patient and always ready to handle any bad situation, we were like second kids for him and we also loved him like our second dad! Thank you, Rotary, for such opportunity, this was the best camp in my life!

Rotary is a big family!
