**Let's start with the  
first set of slides**

“

Quotations are commonly printed as a means of inspiration and to invoke philosophical thoughts from the reader.

This is a slide  
title

- Here you have a list of items
- And some text
- But remember not to overload your slides with content

You audience will listen to you or read the content, but won't do both.

# BIG CONCEPT

Bring the attention of your audience over a key concept using icons or illustrations

**You can also  
split your  
content**

### **White**

Is the color of milk and fresh snow, the color produced by the combination of all the colors of the visible spectrum.

### **Black**

Is the color of coal, ebony, and of outer space. It is the darkest color, the result of the absence of or complete absorption of light.

## In two or three columns

### **Yellow**

Is the color of gold, butter and ripe lemons. In the spectrum of visible light, yellow is found between green and orange.

### **Blue**

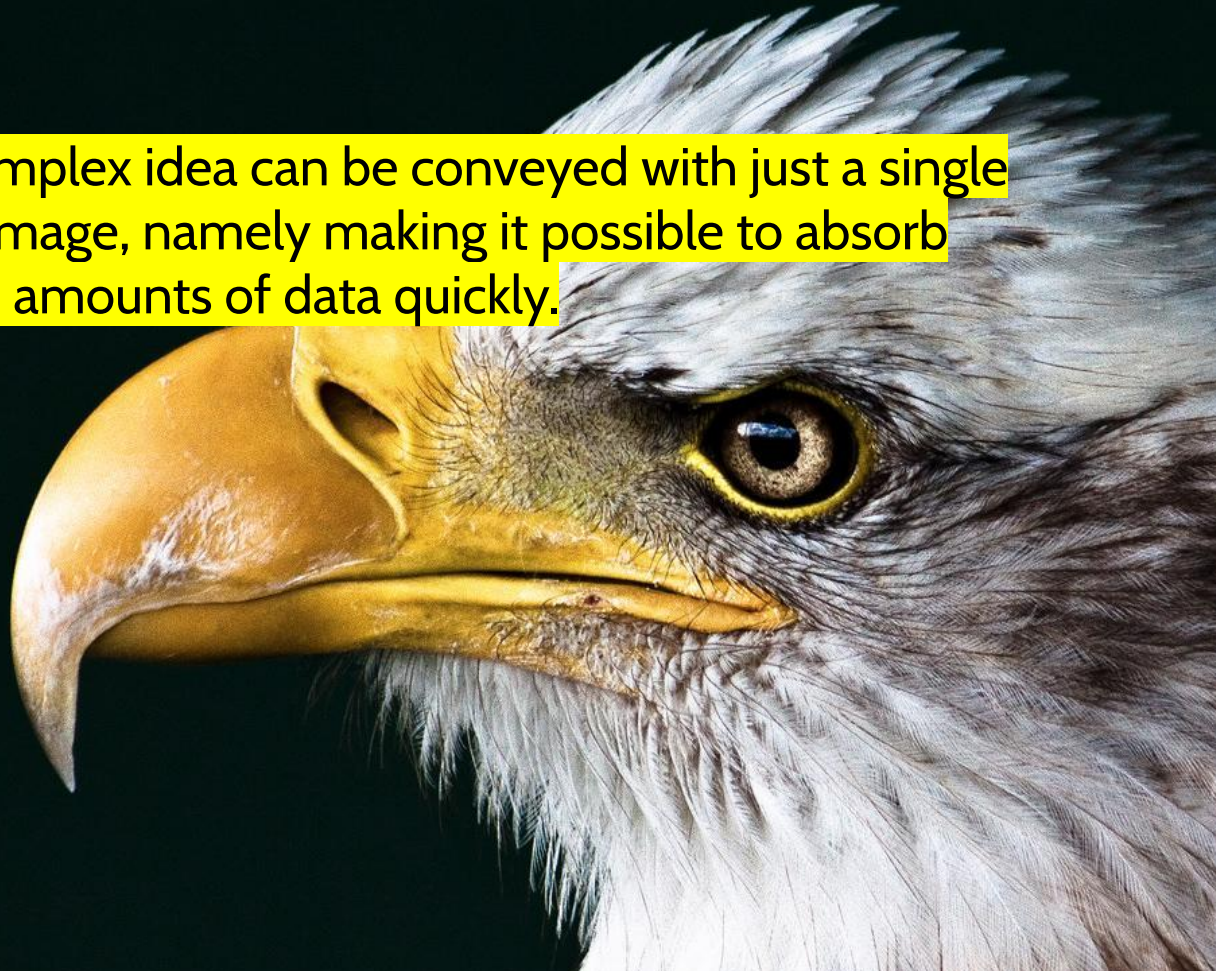

Is the colour of the clear sky and the deep sea. It is located between violet and green on the optical spectrum.

### **Red**

Is the color of blood, and because of this it has historically been associated with sacrifice, danger and courage.

**A picture is  
worth a  
thousand  
words**

A complex idea can be conveyed with just a single still image, namely making it possible to absorb large amounts of data quickly.

**Want big impact?  
Use big image.**

Use charts to  
explain your  
ideas

And tables to  
compare  
data

SlidesCarnival icons are editable shapes.

This means that you can:

- Resize them without losing quality.
- Change fill color and opacity.
- Change line color, width and style.

Isn't that nice? :)
