

EVS SAVE TURTLES

March 14 - May 12 2016
Kazanli - Mersin - Turkey

Цель проекта:

- Защита дикой природы совместно с местным сообществом и молодежью вокруг Мерсина (Турция). Забота о морских черепахах (Карета-Карета и Мудас), которые откладывают яйца на пляже Казанлы и подвержены опасности. Продвижение международных и межкультурных ценностей и молодежной инициативы, посредством привлечения волонтеров из других стран.

EUROPEAN VOLUNTARY SERVICE

Galina Dovbii

BORN ON **18/03/1992** IN **Solikamsk, Russian Federation**

PARTICIPATED AS A VOLUNTEER IN THE PROJECT

Look At The World Through Third Eye

IN THE RECEIVING ORGANISATION **Akdeniz Üçüncü Göz Eğitim ve Gençlik Derneği(3rd Eye Association of Mediterranean).**

THE PROJECT TOOK PLACE FROM **15/03/2016**

TO **12/05/2016** IN **Mersin, Turkey.**

EUROPEAN VOLUNTARY SERVICE

The aim of European Voluntary Service in Erasmus+ is to develop solidarity and promote active citizenship of young people. During their stay of up to 12 months in the receiving country, young people contribute to social cohesion and considerably enhance their personal, professional and intercultural competences.

European Voluntary Service is normally carried out in partnerships between young volunteers, organisations in their country of residence and organisations in a receiving country.

Erasmus+ is the European Union's programme for boosting skills and employability through activities organised in the field of education, training, youth, and sport. Youth activities under Erasmus+ aim to improve the key competences, skills and employability of young people, promote young people's active participation in the society, their social inclusion and well-being, and foster improvements in youth work and youth policy at local, national and international level.

M. Sayhan AKDOĞAN
Representative of the organisation

Youthpass is a Europe-wide validation system for non-formal learning within the Erasmus+ Youth in Action Programme. For further information, please have a look at <http://www.youthpass.eu>.

Youthpass

With this document we certify that **Galina Dovbii** spent her European Voluntary Service in the project **Look At The World Through Third Eye** in **Mersin, Turkey** with the organisation **Akdeniz Üçüncü Göz Eğitim ve Gençlik Derneği(3rd Eye Association of Mediterranean).**

The role and tasks of **Galina Dovbii** were:

- Beach cleaning
- Implementation of the activities selected to be done. This included presentations, movie making, theater play, flash mob, concert organization, creating game from reused and recycled materials.
- Finding creative ways to increase environment awareness in the local community.
- Helping organize workshops and the day to day activity
- Budget balancing
- Cooking, cleaning and shopping

Galina Dovbii took part in the following training activities:

- Turkish lessons provided throughout the duration of the project
- Knowledge transfer on the life cycle of turtles
- Knowledge transfer about greenhouse farming
- Reduce, Reuse and Recycle activities

The receiving organisation **Akdeniz Üçüncü Göz Eğitim ve Gençlik Derneği(3rd Eye Association of Mediterranean)** offers the following:

3rd Eye Association aims to help youth aged 18-30 who are having social and economical difficulties by social activities, campaigns, voluntary works and training camps. We aim to protect the forest, to plant trees, to clean the beaches, to protect the sea-sides from garbage. We especially protect the Sea-Turtles(Caretta-Caretta, Cheolonia Mydos) which are laying their eggs on Kazanlı beach. We cooperate with local municipalities, Mersin University, Provincial Directorate of Environment, Recycling Factory.

The sending organisation of **Galina Dovbii** was **SFERA Movement** from **Nizhny Novgorod (Russian Federation).**

IN MERSIN

Reduce
Reuse
Recycle.

The Three R's of the Environment

Reduce - Minimize the amount of waste you produce is the best way to help the environment.

How can we Reduce?

- Turn off lights that you are not using
- Turn off the tap while you brush your teeth
- Use public transportation
- Buy products that don't have a lot of packaging
- Instead of buying something, see if you can borrow

The Three R's of the Environment

Reuse - Instead of throwing things away, try to find ways to use them again

How can we Reuse?

- Take your lunch to school using reusable plastic containers
- Donate old clothes, toys, furniture, and other things
- Use all writing paper on both side
- Use silverware and dishes instead of disposable plastic utensils and plates
- Bring bags from home when you go to the store

The Three R's of the Environment

Recycle - Many of the things we use every day, like paper bags, soda cans, and milk cartons, are made out of materials that can be recycled:

What to Recycle?

- Plastic
- Aluminium
- Glass
- Paper

Aluminium

How long does it take for Aluminium to decompose?

Aluminium cans stay 500 years or more in the environment

Aluminium

There is no limit to the amount of times
aluminum cans be recycled

Aluminium

We use over 80,000,000,000 aluminum cans every year

80,000,000 X

Plastic

How much energy does it take to recycle plastic instead of burning?

Recycling plastic saves twice as much energy as burning it in an incinerator.

-50%

Plastic

Plastic bags that are thrown into the ocean kill over a million sea creatures a year.

Plastic

Plastic bags and garbage that are thrown into the ocean have devastating effect on sea animals.

Paper

How many trees have to be cut down in order to produce the daily newspaper?

200.000 trees have to be cut down to produce the daily newspapers

2000 X

Paper

If we recycled all newspapers, we could save over 250 million trees each and every year

2 500 000 X

Paper

Recycled paper produces approximately 70% less air pollution

Glass

How long does it take for glass to decompose?

A modern glass bottle could take over 4000 years to actually decompose

Glass

Glass is 100% recyclable and can be used again and again.

In the factory, glass is separated into colors because glass retains its color even after recycling.

What can you do?

Reduce, Reuse

Recycle: separate aluminum, plastic, paper and glass
