Andres' Animal Riddle

I am brown and gray. I have sharp spines on my body.

My spines make it difficult to kill or to eat me. What am I?

I am an echidna.

Bryan's Animal Riddle

This animal is orange, dark brown, and light brown. It has a ruffle around its neck. It bluffs its predators by making itself look bigger and scarier than it is. It opens its mouth and puffs up its frill. It is a reptile. What is it?

It is a frilled lizard.

Bryanna's Animal Riddle

I am black and yellow. I am a predator, which means I hunt other animals for food. I live on the wild grasslands of Africa. To defend myself I run fast.

(I am the fastest land mammal.)

What am I?

I am a cheetah.

Ezekiel's Animal Riddle

This animal is gold and has scaly skin. It can not get injured because it has tough spikes to defend itself.

What is it?

It is a tough guy lizard.

Honora's Animal Riddle

I am usually green and sometimes colorful. I have a long tail. I can be as small as your little finger, or as big as a small cat. I have bumpy skin and big bulgy eyes. When I get angry or scared, I change color, and puff, and hiss. What am I ?

I am a chameleon.

Jacob's Animal Riddle

I have black and white stripes. I run fast. I eat grass. I stay in groups to protect myself from predators. What am I?

I am a zebra.

Jacob's Animal Riddle

I am orange and have black stripes. I live in the forest. I use my claws to scare away predators. I run fast and eat meat what am I?

I am a tiger.

J'Khai's Animal Riddle

I am a mammal. I live in Africa. I can be found on the grasslands called savannas or in the rainforest high in the trees. I can be big or small. I have fur and a tail. I have fingers on my hands and toes. I make a noise when I see a predator. To defend myself, I run away and swing from tree to tree. What am I?

I am a monkey.

Jo'sya's Animal Riddle

I am an animal that lives in Africa. I can live in trees. I have a long tail and fur. I defend myself by climbing high up in trees. What am I?

I am a monkey.

Marah's Animal Riddle

I can be brown, gray, black ,or reddish.
I have a bushy tail. I like to collect
things and eat nuts. I make a lot of
chatter when I am annoyed. To protect
myself I run fast, scamper up a tree,
and jump from branch to branch.

What am I?

I am a squirrel.

Mimi's Animal Riddle

I am black and orangish yellow. I am fast. I am a predator. My prey are gazelles, impalas, and even rabbits and birds. My black spots help camouflage me so I blend in with the tall grass. This keeps me safe from lions.

What am I?

I am a cheetah.

Naishia's Animal Riddle

I am a mammal. My fur is white like snow. I blend in with the snow to hide from predators.

What am I?

I am a baby seal.

Orion's Animal Riddle

This animal is bright red, yellow, white, and black. It is a reptile. To defend itself it opens up its frills. It tries to look big, strong, and fierce. It hisses at predators to scare them away. What is it?

I am a frilled lizard.

Orion's Animal Riddle

This animal lives in the water. They eat jellyfish. They lay eggs. Most of these animals have bony shells to protect them from predators. Their shells can be green, black, or brown. These colors help to camouflage them.

What is it?

It is a turtle.

Orion's Animal Riddle

It has black and white feathers. It has orange feet. It swims in the water and it eats fish. To defend it's eggs, it digs a hole so the egg's stay safe. It keeps the egg's warm so the babies can hatch out of the egg's.

What is it?

I am a puffin.
