

MY FAVOURITE GROUP

THE BEGINNING

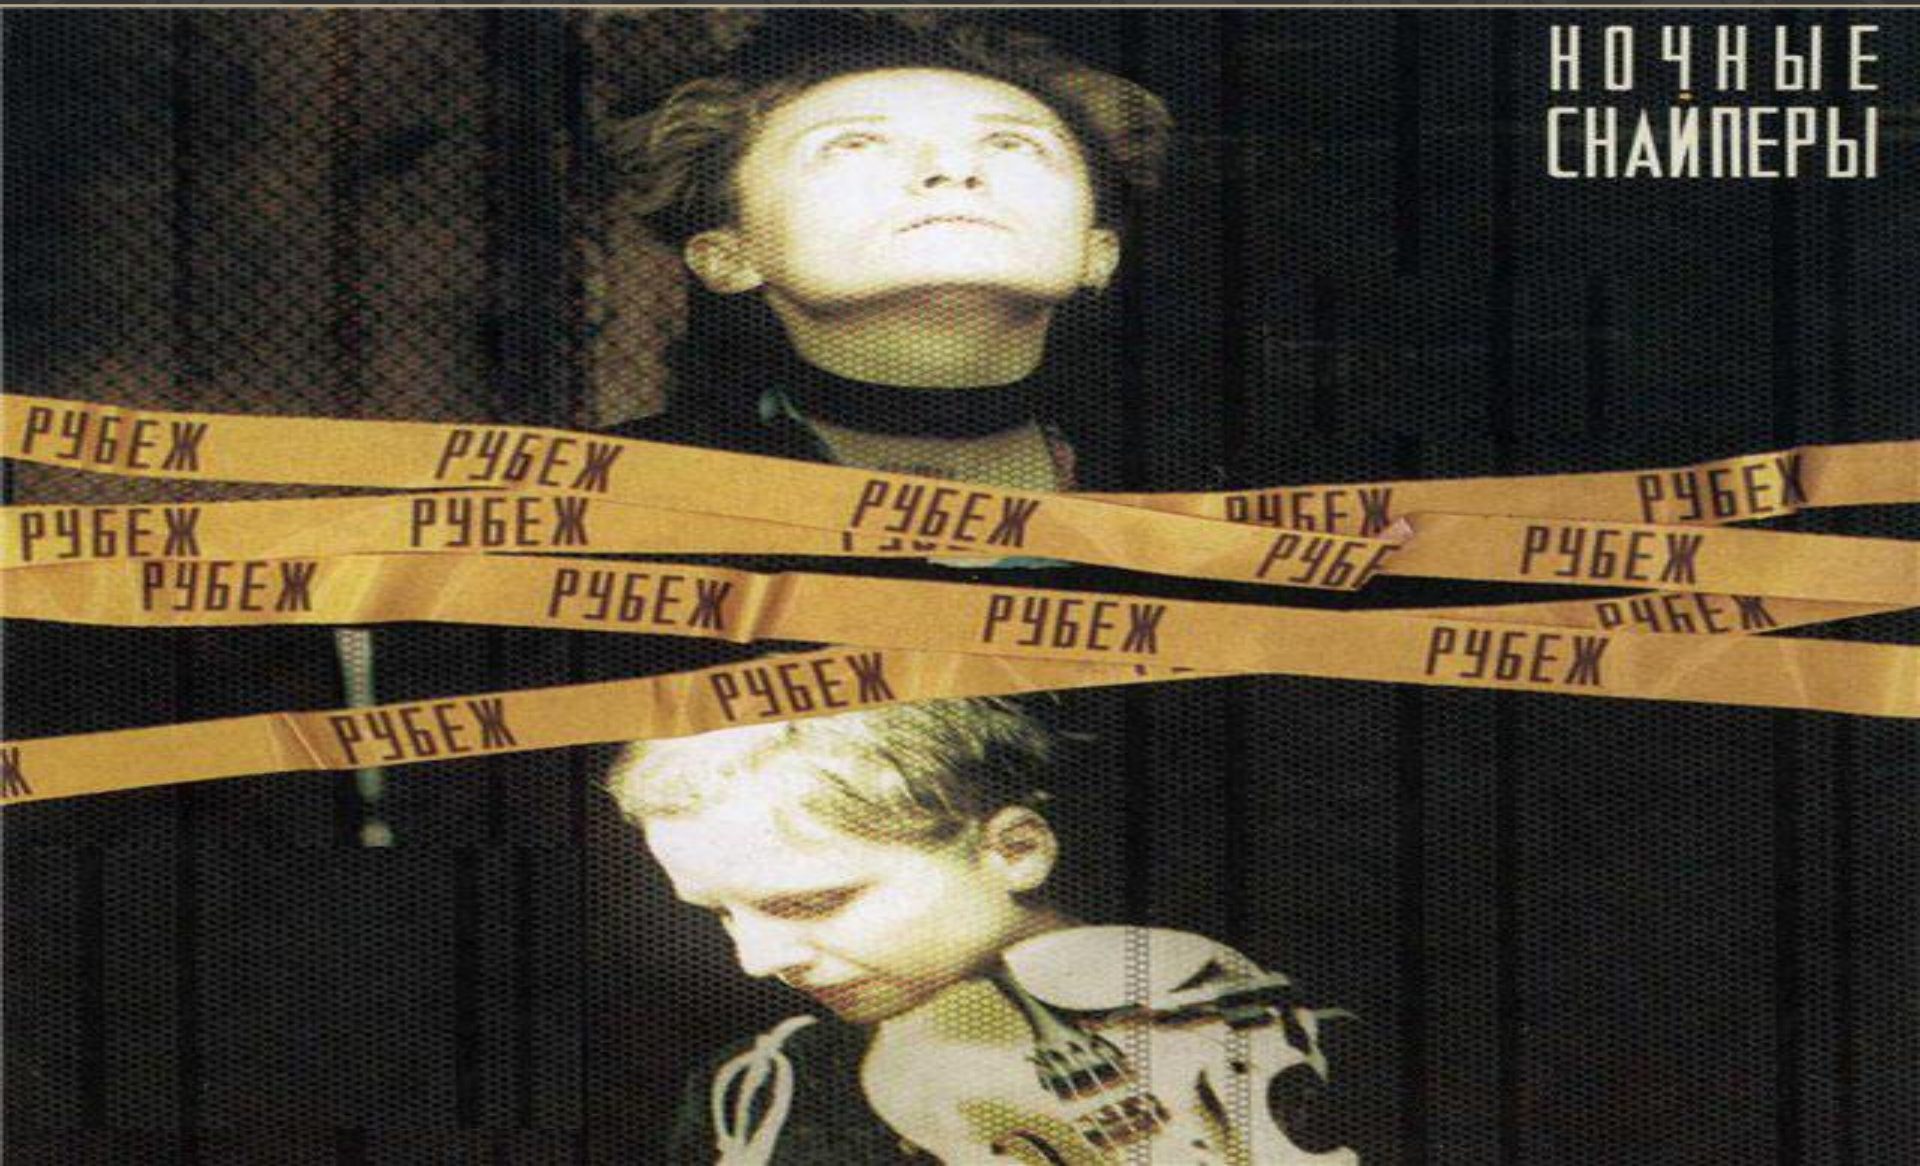

"Night Snipers" is a Russian rock group. It was founded in 1993 as an acoustic female duo of Diana Arbenina and Svetlana Surganova . The ladies played guitar and violin respectively, sharing the vocal and songwriting duties evenly.

Since its inception the band has participated in a variety of Russian musical festivals — from the underground to the major events (Nashestvie, Maxidrom), as well as touring extensively domestically and abroad.

Best known singles of the band are "31st Spring", "Boundary", "Capital", "Asphalt", and "Actress".

IN 2002 SVETLANA SURGANOVA LEFT THE BAND TO CREATE HER OWN GROUP "SURGANOVA AND ORCHESTRA", AND DIANA REMAINED THE HEADLINER OF NIGHT SNIPERS.

The ninth album of the band «Only Lovers will Survive» was released on February 5, 2016. According to the leader of group Diana Arbenina , it will be some modern history with this plate because it's very unlike everything that was done by «Snipers».
