Justin Bieber - Baby ft. Ludacris

The headstock features the 'Takamine' logo in gold script. The text 'The Text :' is overlaid in white, and 'Music in our life' is overlaid in a light orange color.

The Text :  
Music in our life

People cannot live without music. They can listen to music everywhere even in the forest, when they walk and hear birds singing.

Music can be classical and modern. Classical music is performed by symphonic orchestras in the great halls. There are a lot of famous composers whose music is played nowadays. Classical music is serious and requires good understanding that's why it may seem to be boring for some

Most people prefer modern music. Modern music is performed by TV and radio. Modern music has different kinds: pop, rock, disco, rap, techno and others. Most young people like dance and pop. Older people are fond of jazz, rock and pop. There are a lot of singers or music bands who perform this or that kind of music. Now there are a lot of discs and records of different performers.

The last achievement in music production is a clip. Musical clips are short films accompanied by the melody. It may be a short story what the song is about or simply a great number of different pictures. People like to watch clips because it's not only listening to music but also watching interesting things. I'm fond of music and like to listen to it for it helps me to have good relaxation.

# My favorite singer (musical group)

My favorite group is "Linkin Park". They sing in different styles, such as: alternative, new metal, heavy metal and rock. I like this group because of good texts and unusual musical decisions. This group was formed in 1996. They released 9 albums. I like all their songs without distinction. My favorite song is "Leave out of the rest". There are six men in this group: Chester Bennington, Mike Shinoda, Rob Burdon, David Farrell, Bred Delson and Joe Hahn. The most prominent person of the group is Chester Bennington. He is very talented. He writes poems and composes music.
