# Shopping

- I really love/hate shopping. It is interesting/boring.
- My favourite food shop is .... It is close to my house. It has a good choice of local products. It is cheap. I often buy milk, fruit, vegetables, meat and some greens.
- Many people prefer shopping malls (Raduga, Mega). They offer different kinds of entertainment: cinemas, playgrounds, cafes, coffee bars. They are often open 24 hours a day.

- Many shops now offer Internet shopping and home delivery.
- I often buy things online: books, clothes, gadgets. It is very convenient. My favourite online shops are....
- The most famous shop in Russia is GUM. The most famous shop in GB is Harrods. They are old. They have a lot of departments and a wide choice of expensive brands.
