A group of approximately 15 students and one adult female teacher are posing for a photo in a classroom. The background is a red chalkboard decorated with white heart outlines. The students are dressed in a variety of costumes and outfits, including a girl in a red patterned dress with heart-shaped glasses, a boy in a black shirt with a pink beanie, a girl in a pink unicorn wig, a boy in a blue and white star-shaped hat, and a girl in a yellow shirt with a long black beard. Some students are giving thumbs up or peace signs. The teacher, wearing a red and black patterned sweater, stands on the right side of the group. The overall atmosphere is festive and creative.

**MY
School**

I am Yana Povna. I study at school in the 8th form. My school is OK but sometimes I find it is a bit boring and tiring because of lots of homework.

So I would like to make some changes. If I were a principal of the school I would cancel homework - I think it is wasting time! Then, I would make the breaks between lessons longer. Next, I would also improve the menu in school canteen - most of food is absolutely disgusting. I think students need more salads, fruit, and vegetables.

The next step is holidays. Summer holidays are long enough but I would make autumn, winter and spring holidays longer to let pupils to spend more time out or to travel. My favourite school subject is English so in my ideal school I would like to have the subject every day. It is a good idea to have more practice and different researches or projects.

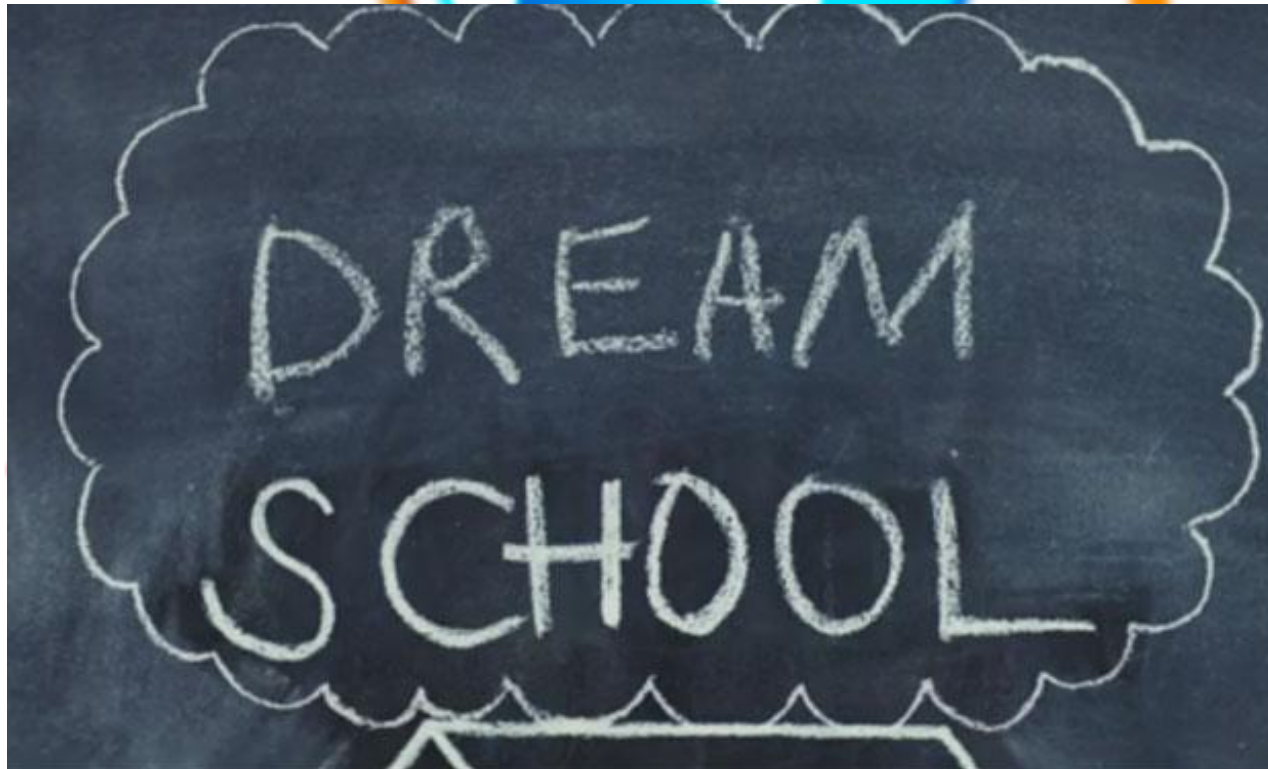

Sports, Music, Arts and Crafts should be main subjects and the teachers have to be friendly, happy and experienced. So they have to be well paid!

In the school of my dream I would also include more excursions and school trips in the schedule. I think it is very important to travel with classmates and to share impressions.

This is the idea of the school of my dream!!!

Thank you for attention!
