Every year the Capitol organizes the terrible show "Hungry Games" in which the young man and the girl from each district of the country are obliged to take part. According to the rules of show the winner becomes only that who survived in competition. Other participants are died. In district 12 ruthless lot falls on 12-year-old the Prim. But her sister Katniss Everdeen comes instead of her . Pete Mellark in love with Katniss becomes her workmate. On the course of "Games" organizers change the rules. Now couple of participants from one district can win. Who knows how it will come to an end.

Katniss with mother and the sister Prim lives in the new house. Pete's house is near. There comes the time of Quarter Hunger Games. Winners of last years are obliged to compete in. Pete and Katniss come back to a slaughter. This time, conditions of game become tougher. What did organizers think up? Having collected small group, tributes think over the plan of rescue. And the successful shot of Katniss from bow in a force field puts an end in the history of Hungry games. Katniss regained consciousness in an unfamiliar place. child-hood friend Gale is near ... But Pete - No. He in the Capitol. And district 12 it is razed to the ground.

Katniss lives in a district 13 inhabitants of which left submission to the Capitol long ago. The president of a district Koyn suggested Katniss to become a revolt symbol — a mockingjay. Pete was released, brought in district 13, but what happen with him? He hates his girlfriend. With group of friends she gets into the capital, trying to reach the presidential palace. In the center there is hated Snow. Katniss lifts bow, aims ... The arrow flies over the president's head. But what forced her to miss?
