

# Our previous lecture and practice:

The place of the world economy in international business

WHY?

Why to learn the world economics?

[International business environment]

Not only international...

What does it mean - "environment" here?

Everything, connected with economy, and that affects the business, the company from the outside :

When and who in the company follow the world economy issues?

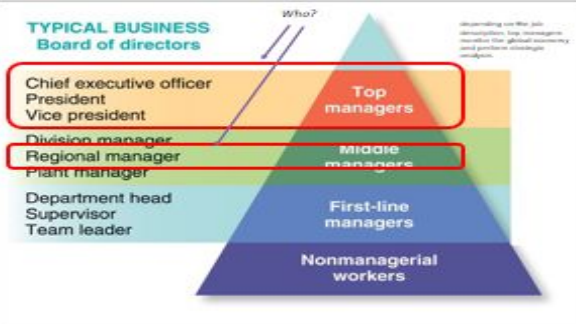

When?

daily during news monitoring to update the information used to solve tactical and strategic tasks or at special meetings of the company's Board (once a week, once a month, depending on the specifics of the company) when discussing strategic management issues

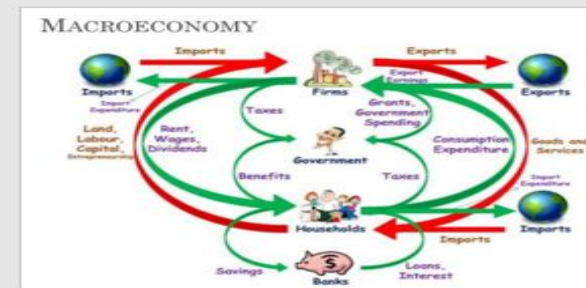

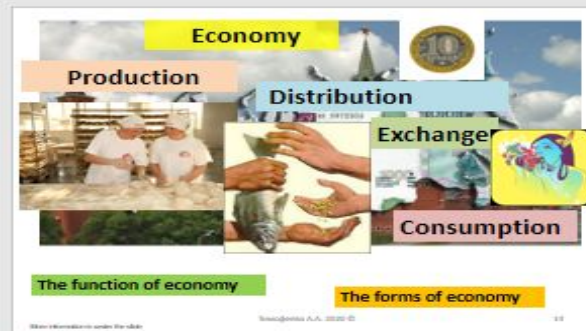

Who?

# The place of the world economy in international business (company, divisions, processes)

## Who, when, how, where? (use the world economy factors)

1

### 1. What is business? (definition + elements)

2

On desk

Business (definition + elements)

- idea → products
- management
- demand → consumers
- supply → producers
- aim - strategy

Set of act. and proc. incl. development an idea into products under conditions of competition and risks in order to get profits

risks

money

profits

conditions of competition

3

### 2. What is international business? (definition + elements)

Who? Or subjects

What are they doing? Or activities

How are they doing? Or conditions

4

International business

Business including subjects/residents interaction from dif. countries

subjects: private, gov. companies/organizations (physical entities) → legal entities → Ind. enterprise

5

### 3. International business environment

What does it mean - "environment" here?

How could we classify factors of this environment?

Criteria?

6

Int. Business env-t

intec. microec. macroec.

ecog. (toes)

political direction (wars, sanctions, etc.)

geog. (logistics)

technology industrial

social dir. + dem.

cultural

moral religion

7

Who follows international business environment?

TYPICAL BUSINESS Board of directors

Chief executive officer President Vice president

Division manager Regional manager Plant manager

Department head Supervisor Team leader

Top managers

Middle managers

First-line managers

Nonmanagerial workers

Активация Windows

8

### 4. Functions of President, CEO, Vice-president, regional manager

Are these the only positions which are connected with the world economy?

9

President

CEO

Vice-president

"face" long-term strategy

"main person?" → decisions

final decisions low implement

financial flows

10

The Strategic Management Process

Top managers

- Set objectives
- Scan environment
- Plan and make decisions

Middle managers

- Report to top management
- Choose first-line managers
- Develop and implement activities
- Allocate resources

First-line managers

- Report to middle managers
- Supervise employees
- Coordinate activities
- Are involved in day-to-day operations

11

### 5. Other departments/ positions/processes/activities in a company connected with the world economy (international business environment)

12

### 5.1 .....processes/activities

A **value chain** is a **set of activities** that a firm operating in a specific industry performs in order to deliver a valuable product (i.e., good and/or service) for the market.

The concept comes through business management and was first described by Michael Porter in his 1985 best-seller, Competitive Advantage: Creating and Sustaining Superior Performance.

13

### 5.1 Lets find value chain elements connected with the world economy (monitoring, analyzing, planning)

14

### Value Chain Analysis

Support Activities

- Firm Infrastructure: Management, finance, legal, planning
- Human Resource Management: Professional development, employee relations, performance appraisal, recruiting, competitive wages, training programs
- Technology Development: Integrated supply chain systems, customer sales information
- Procurement: Sourcing, purchasing, coordination with suppliers, Purchase negotiation and contracts

Primary Activities

- Inbound Logistics: Receiving, storing, and distributing inputs
- Operations: Manufacturing and the value chain
- Outbound Logistics: Distribution and delivery
- Marketing and Sales: Promotion, sales, and service
- Service: Delivery, installation, repair, and maintenance

Today's lecture:

# How?

And what for?

# World economy main preliminary indicators

# 1. Population Connected indicators (and tools)

How many countries?

**195 states, 72 dependent areas**

1 billion in 1820

2 billion in 1930

3 billion in 1960

4 billion in 1974

5 billion in 1987

6 billion in 1999

7 billion in 2012

**Top ten most populous countries (in millions):**

#	Country	Population (2020)
1	<u>China</u>	1,439,323,776
2	<u>India</u>	1,380,004,385
3	<u>United States</u>	331,002,651
4	<u>Indonesia</u>	273,523,615
5	<u>Pakistan</u>	220,892,340
6	<u>Brazil</u>	212,559,417
7	<u>Nigeria</u>	206,139,589
8	<u>Bangladesh</u>	164,689,383
9	<u>Russia</u>	145,934,462
10	<u>Mexico</u>	128,932,753
11	<u>Japan</u>	126,476,461

**7,095,217,980 (July 2013)**

**7,174,611,584 (July 2014)**

**7,256,490,011 (July 2015)**

**7,323,600,000 (July 2016)**

**7,405,107,650 (July 2017 est.)**

**7,808,412,650 (July 2020 est.)**

**Number of states, dependent areas  
Population 2020  
Top-3 most populated countries with  
numbers, top-11 – only names**

## Growth rate

## Age structure

### Age structure 2016 :

**0-14 years:** 25%

**15-24 years:** 16.8%

**25-54 years:** 40.6%

**55-64 years:** 8.4%

**65 years and over:** 8.3%

### Age structure 2020 :

**0-14 years:** 25.33%

**15-24 years:** 15.42%

**25-54 years:** 40.67%

**55-64 years:** 9.09%

**65 years and over:** 9.49%

### Labor force:

**3,49 billion (2019)**

**3,36 billion (2014)**

**3.308 billion (2013)**

**3.297 billion (2012)**
