

This is your  
presentation title

# Instructions for use

## EDIT IN GOOGLE SLIDES

Click on the button under the presentation preview that says **"Use as Google Slides Theme"**.

You will get a copy of this document on your Google Drive and will be able to edit, add or delete slides.

**You have to be signed in to your Google account.**

## EDIT IN POWERPOINT®

Click on the button under the presentation preview that says **"Download as PowerPoint template"**.

You will get a .pptx file that you can edit in PowerPoint.

Remember to download and install the fonts used in this presentation (you'll find the links to the font files needed in the [Presentation design slide](#))

More info on how to use this template at [www.slidescarnival.com/help-use-presentation-template](http://www.slidescarnival.com/help-use-presentation-template)

This template is free to use under [Creative Commons Attribution license](#). You can keep the Credits slide or mention SlidesCarnival and other resources used in a slide footer.

Hello!

I am Jayden Smith

I am here because I love to give presentations.

You can find me at @username

# 1. Transition headline

Let's start with the first set of slides

*“Quotations are commonly  
printed as a means of inspiration  
and to invoke philosophical  
thoughts from the reader”*

# This is a slide title

- × Here you have a list of items
- × And some text
- × But remember not to overload your slides with content

Your audience will listen to you or read the content, but won't do both.

# Big concept

Bring the attention of your audience over a key concept using icons or illustrations

# You can also split your content

## **White**

Is the color of milk and fresh snow, the color produced by the combination of all the colors of the visible spectrum.

## **Black**

Is the color of coal, ebony, and of outer space. It is the darkest color, the result of the absence of or complete absorption of light.

# In two or three columns

## Yellow

Is the color of gold, butter and ripe lemons. In the spectrum of visible light, yellow is found between green and orange.

## Blue

Is the colour of the clear sky and the deep sea. It is located between violet and green on the optical spectrum.

## Red

Is the color of blood, and because of this it has historically been associated with sacrifice, danger and courage.

# A picture is worth a thousand words

A complex idea can be conveyed with just a single still image, namely making it possible to absorb large amounts of data quickly.

Want big impact?  
Use big image.

# Use charts to explain your ideas

# And tables to compare data

	A	B	C
Yellow	10	20	7
Blue	30	15	10
Orange	5	24	16

## Maps

89,526,124

Whoa! That's a big number, aren't you proud?

89,526,124\$

That's a lot of money

185,244 users

And a lot of users

100%

Total success!

# Our process is easy

# Let's review some concepts

## Yellow

Is the color of gold, butter and ripe lemons. In the spectrum of visible light, yellow is found between green and orange.

## Blue

Is the colour of the clear sky and the deep sea. It is located between violet and green on the optical spectrum.

## Red

Is the color of blood, and because of this it has historically been associated with sacrifice, danger and courage.

## Yellow

Is the color of gold, butter and ripe lemons. In the spectrum of visible light, yellow is found between green and orange.

## Blue

Is the colour of the clear sky and the deep sea. It is located between violet and green on the optical spectrum.

## Red

Is the color of blood, and because of this it has historically been associated with sacrifice, danger and courage.

You can insert graphs from [Google Sheets](#)

# Android project

Show and explain your web, app or software projects using these gadget templates.

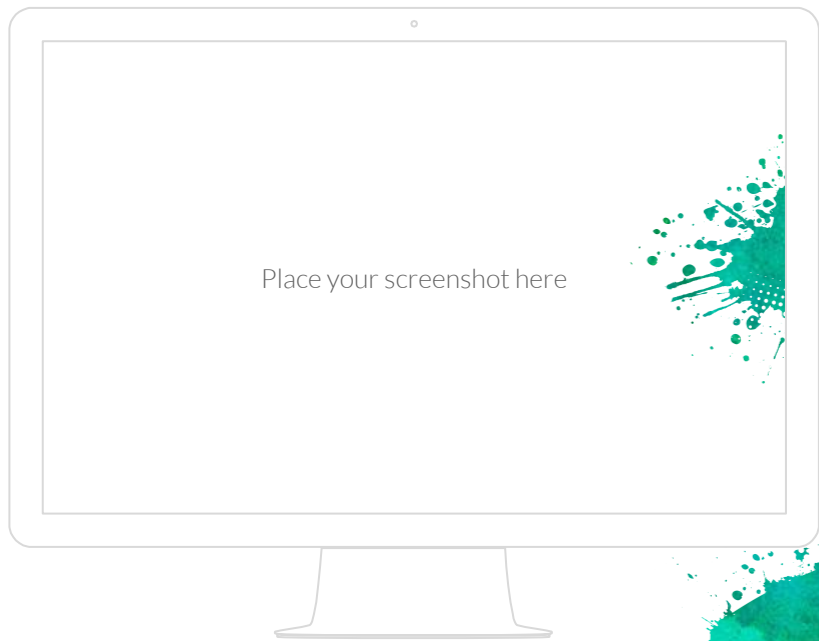

# iPhone project

# Credits

Special thanks to all the people who made and released these awesome resources for free:

- × Presentation template by [SlidesCarnival](#)
- × Photographs by [Unsplash](#)
- × Watercolor textures by [GraphicBurguer](#)

# Presentation design

This presentation uses the following typographies and colors:

- × Titles: Lato Thin
- × Body copy: Lato Light

You can download the fonts on this page:

<http://www.latofonts.com/lato-free-fonts/>

*You don't need to keep this slide in your presentation. It's only here to serve you as a design guide if you need to create new slides or download the fonts to edit the presentation in PowerPoint®*

SlidesCarnival icons are editable shapes.

This means that you can:

- Resize them without losing quality.
- Change fill color and opacity.

Isn't that nice? :)

Examples:

Now you can use any emoji as an icon!  
And of course it resizes without losing quality and you can change the color.

How? Follow Google instructions

<https://twitter.com/googledocs/status/730087240156643328>

and many more...
