**EUROPEAN  
MECHANICS  
SOCIETY**

The society is governed by the Council whose members are being elected according to rules set in Statutes.

P. Huerre    France (2007 - 2012)    President

Advisory Board

Prof. I. Goryacheva    appointed by organization    RNCTAM

The Council has overall responsibility for Euromech Colloquia and Euromech Conferences. The latter presently comprise

- the EUROMECH Solid Mechanics Conference (held every three years),
- the EUROMECH Fluid Mechanics Conference (held every two years),
- the EUROMECH Turbulence Conference (held every two years),
- the EUROMECH Nonlinear Oscillations Conference (held every three years) and
- the EUROMECH Mechanics of Materials Conference (held every year).

## IACM

International Association for Computational Mechanics

In 1981 IACM was formally established. The General and Executive Councils were confirmed and the Constitution approved. With the Constitution giving equal emphasis to the three geographical Regions of the Americas, Europe-Middle East-Africa and Asia-Australia, a rotation of such World Congresses between the regions on a two year cycle was established.

▪

Currently, there are 27 affiliated organizations, representing 35 different countries from worldwide.

## Nordic Association for Computational Mechanics (NoACM)

represents the interest for the following countries in the International Association for Computational Mechanics (IACM): The Nordic countries: Denmark, Finland, Iceland, Norway, Sweden, and the Baltic countries: Estonia, Latvia and Lithuania. The Nordic Seminar on Computational Mechanics (NSCM) is organised annually by the NoACM and the first event was held at Chalmers University in Gothenburg, Sweden in 1988.
