

# Man-made disasters and natural disasters: any connection between them

How we did the research work.

# We choose a research topic

- ▶ We have formulated 3 topics:
- ▶ Why are natural disasters so rare in Lipetsk?
- ▶ How people's consciousness changes after a natural disaster
- ▶ Man-made disasters and natural disasters: any connection between them
- ▶ We chose the third one

# We form the goal and objectives of the work

- ▶ We have formulated the goal and objectives of the work:
- ▶ To find out the connection between man-made and natural disasters. To determine the reason for their connection.
- ▶ To define main concepts of the research types of natural and man-made disasters/
- ▶ To name the most notorious and dangerous modern man-made disasters in Russia/
- ▶ To consider causes and consequences of these cataclysms.
- ▶ To determine the relationship between anthropogenic and natural disasters, name the main idea of connection.
- ▶ Make a conclusion of research work.
- ▶ To issue an information brochure to use in English clubs.

# We are working on the content of the study

- We distributed the tasks and then combined the information we received.

# We are completing the research

- ▶ We have completed all the tasks and made a conclusion. We really enjoyed the research process. We have gained valuable experience.

Thanks for your attention
