Black or White

took my baby on a Saturday Bang
Boy is that girl with you
Yes we're one and the same
Now I believe in miracles and a miracle
Has happened tonight
But if your're thinkin' about my baby
It don't matter if you're black or white

They print my message in the Saturday
Sun
I had to tell them I ain't second to none
And I told about **equality** and it's true
Either you're wrong or you're right
But if you're thinkin' about my baby
It don't matter if you're black or white

I am tired of this devil
I am tired of this stuff
I am tired of this business sew when
The going gets rough
I ain't scared of your brother
I ain't scared of no sheets
I ain't scared of nobody
Girl when the goin' gets mean

Protection for gangs dubs and nations

Causing grief in human relations
It's a turf war on a global scale
I'd rather hear both sides of the tale
See it's not about races
Just places faces
Where your blood comes from
Is where your space is
I've seen the bright get duller
I'm not going to spend my life being a
color

Don't tell me you agree with me
When I saw you kicking dirt in my eye
But if you're thinkin' about my baby
It don't matter if you're black or white

You're thinkin' of being my baby
It don't matter if you're black or white

You're thinkin' of being my brother
It don't matter if you're black or white

It's black it's white
It's tough for them to get by
It's black it's white whoo

It's black it's white
It's tough for them to get by
It's black it's white whoo

Tape script of the first video

- The Universal Declaration of Human Rights outlines the basic rights that every person should enjoy regardless of condition, race, creed or sex. On the 60th Anniversary of this Declaration Pope Benedict the 16th said human rights are based in the end on God the Creator who has given each person intelligence and freedom. If this solid ethical foundation is ignored, human rights are weakened. The Pope also said that the Church has always underscored that basic human rights beyond their different formulations and the different weight, they may have in diverse cultures, are universal as they are part of the very nature of man. The natural law written by the Creator and the human conscience is their common denominator of all man and all nations. It is the universal guide that all can know and by virtue of which we can all understand one another. The Declaration was adopted by the UN General Assembly on December 10th, 1948 in Paris. According to the Guinness book of world records it has been translated into more than 340 languages.
