The fantastikids

wish you

Happy happy new year  
Another reason to rejoice is here  
52 weeks to make your heart sing  
And see what four  
new seasons will bring

Happy happy new year  
Let's not forget about the things that we're  
So lucky to have in our lives  
Our sons and daughters, husbands and wives

Happy happy new year  
Toss out bad memories by their ear  
Gather up new ones in a bouquet  
Ring out the old ring in a new day

Happy happy new year  
Let there be summer, let there not be fear  
The clouds will pass over our heads,  
And let the sun shine on us instead

Happy happy new year  
Our resolution now we will hear  
If we could all run toward the light  
So many wrongs could be put right

Happy happy new year  
Another opportunity is here  
To just believe in what we can be  
And see our dreams  
become reality
