# You can also split your content

## **White**

## In two or three columns

### **Yellow**

### **Blue**

# Extra vector illustrations

SlidesCarnival icons are editable shapes.

This means that you can:

- Resize them without losing quality.
- Change fill color and opacity.
- Change line color, width and style.

Isn't that nice? :)

Examples:

Now you can use any emoji as an icon!  
And of course it resizes without losing quality and you can change the color.
