

ONLINE EDUCATION V/S TRADITIONAL EDUCATION

Which is suitable for you?

Introduction

The growth in education has become significant for employees who want a hike in their current positions. Also, for those who want to make a transition into a new career. So how to get prepared for it? The obvious answer is by getting more degrees! Many of them choose to obtain degrees online while others are returning to the campus for their further education. So which option is better?

Which is Better?

Online Education

- Online education is a technique of learning, getting training and conducting research that involves electronic media and techniques.
- With **BetterU**, you get a wide range of courses and a flexible schedule to complete your course without affecting your daily routine!

Traditional Education

- The traditional education consists of attending classes in person on a campus.
- Younger students who are attending college for the first time could get the benefit from the traditional learning environment.

Online Education VS Traditional Education

Perks of Online Education over Traditional Education

Online Education

- You can study while sitting at home.
- Less Expensive.
- No Specific timings.
- Missed Classes can be gained on time.
- Detailed Explanations.

Traditional Education

- Knowledge is gained at a particular centre.
- Bit Costlier.
- Done on a specific time.
- Missed classes are difficult to gain.
- Less Explanations

Traditional Education

- Face to face communication with personal contact.
- Doubts and questions can be asked easily.
- It can be completed in less duration

Online Education

- No face to face communication with personal contact.
- Bit difficult to know the doubts and the questions arise.
- It takes more duration than traditional one.

Conclusion

- Both the education systems has got advantages as well as disadvantages. You can choose the best for you according to your convenience and suitability!
