Victoria was the Queen of England,
from 1837 to 1901. During early

and their families.
These jobs were not easy and were
often dangerous.

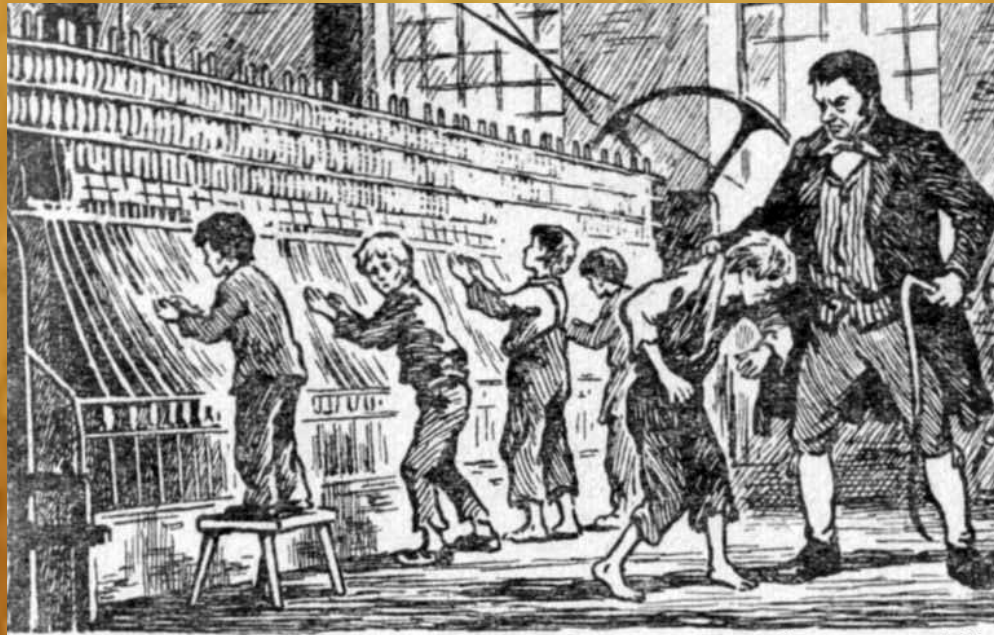

Many children worked as chimney sweeps because they were small and thin. They climbed up narrow chimneys to clean them. Street children or orphans usually did this job.

Other children worked in coal mines. They pushed trucks of coal or they opened and closed doors to let air through tunnels.

A lot of children also worked in cotton factories. When the cotton threads broke, children went into the machines to fix them. This was very dangerous.
