```
.contentBox {  
  box-sizing: content-box;  
  width: 300px;  
  height: 150px;

}
```

box-sizing: content-box (default):

Ширина этого div - 300 пикселей. Но полная ширина элемента будет: 300 пикселей + 20 пикселей (левая + правая границы) + 60 пикселей (левый и правый отступы) = 380 пикселей. По тому же принципу вычисляется высота.

box-sizing: border-box:

Здесь высота и ширина будут фиксированные 300 и 150 пикселей
