a. ulnaris, a. radialis

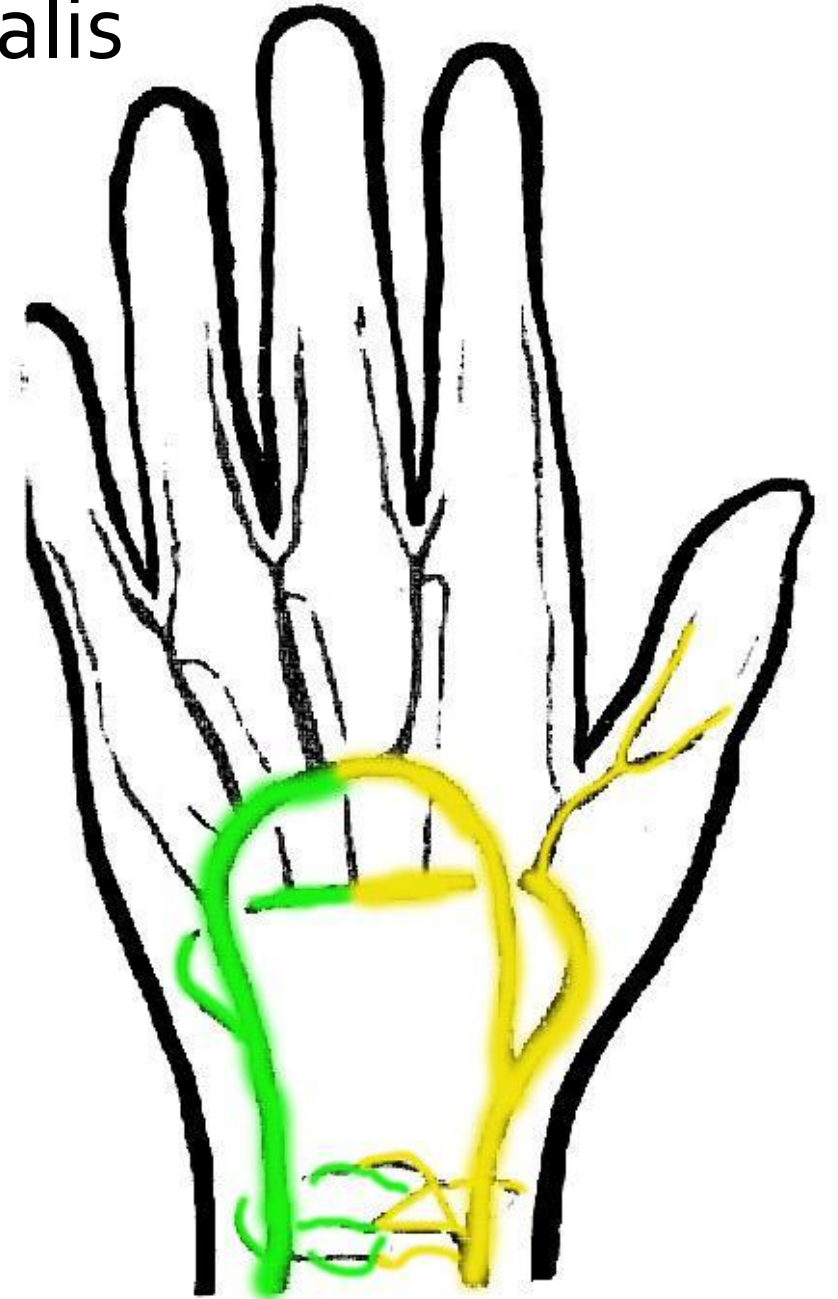

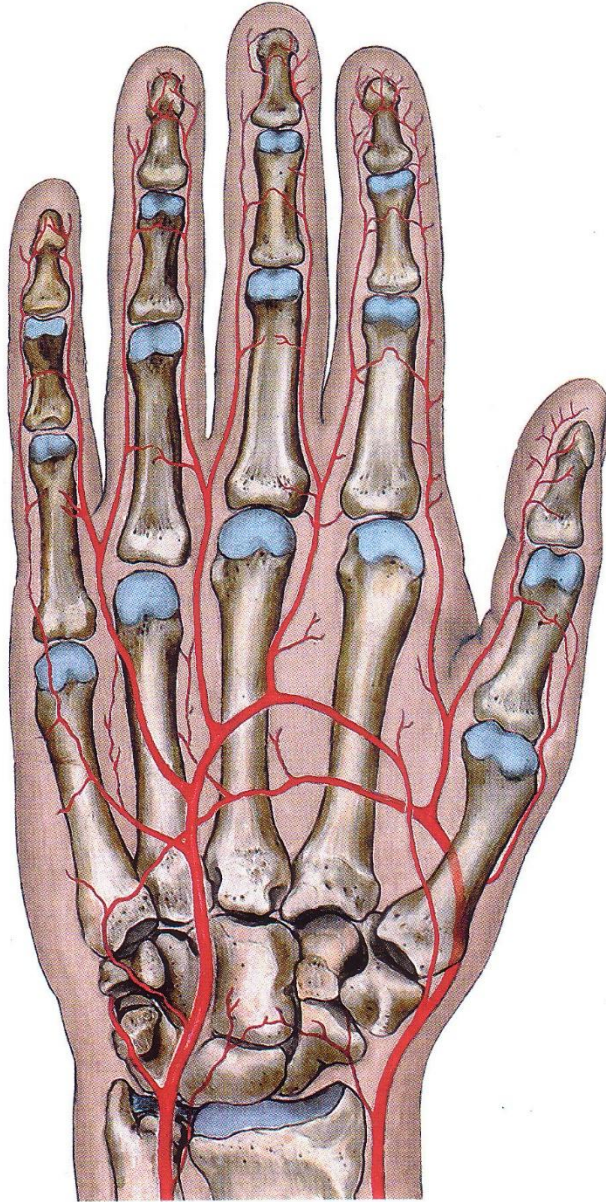

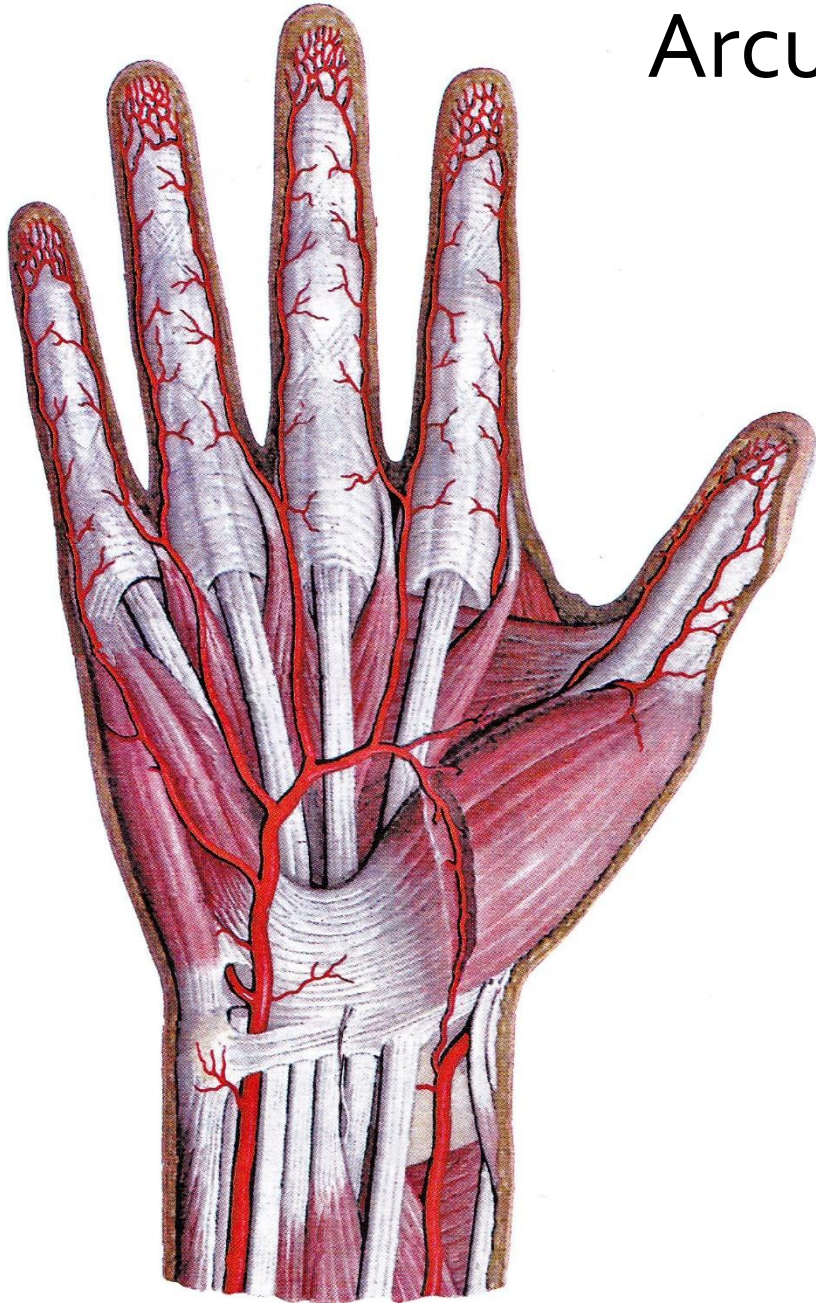

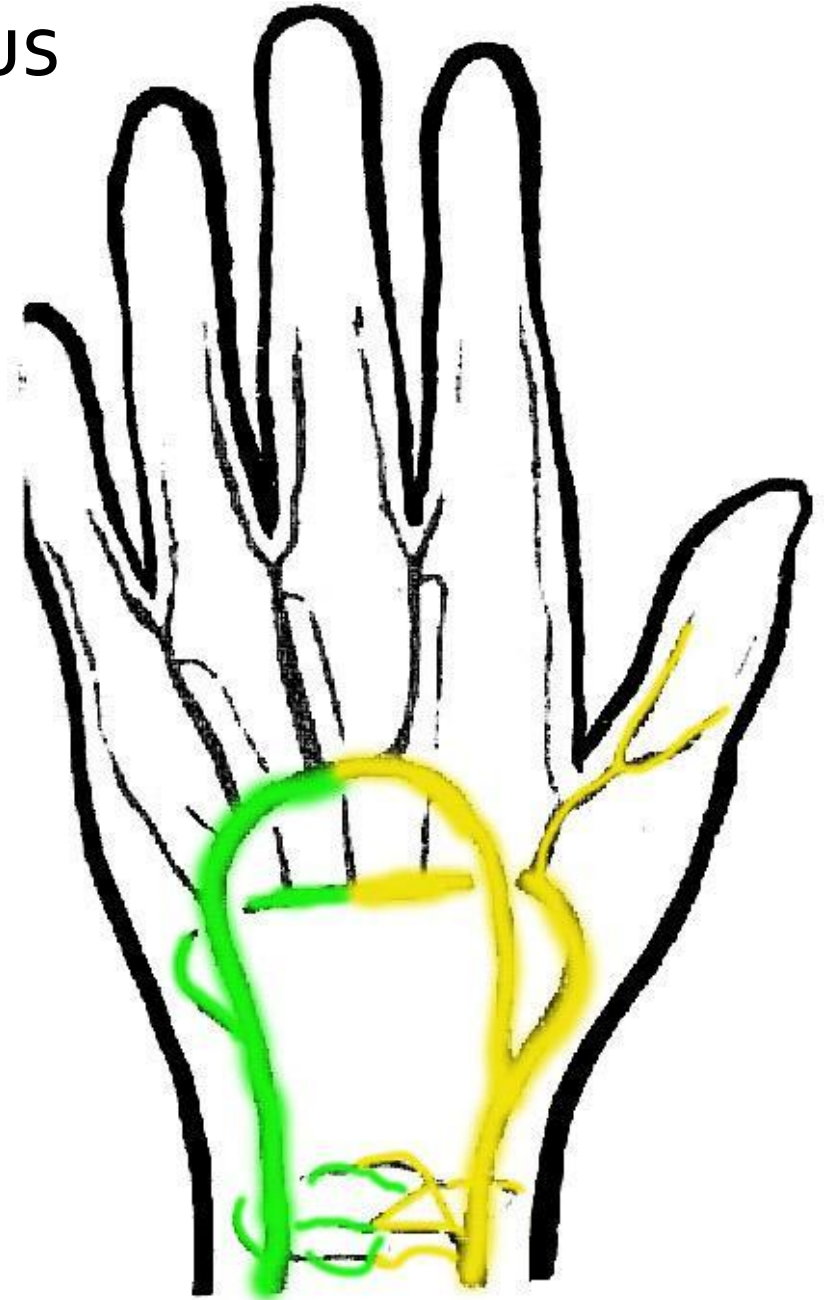

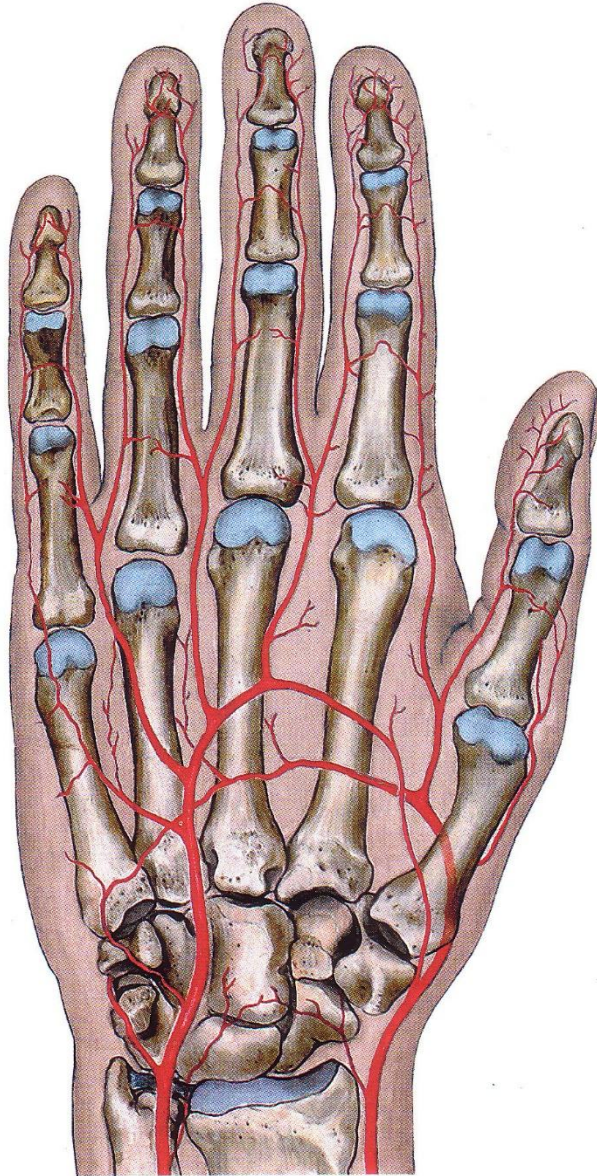

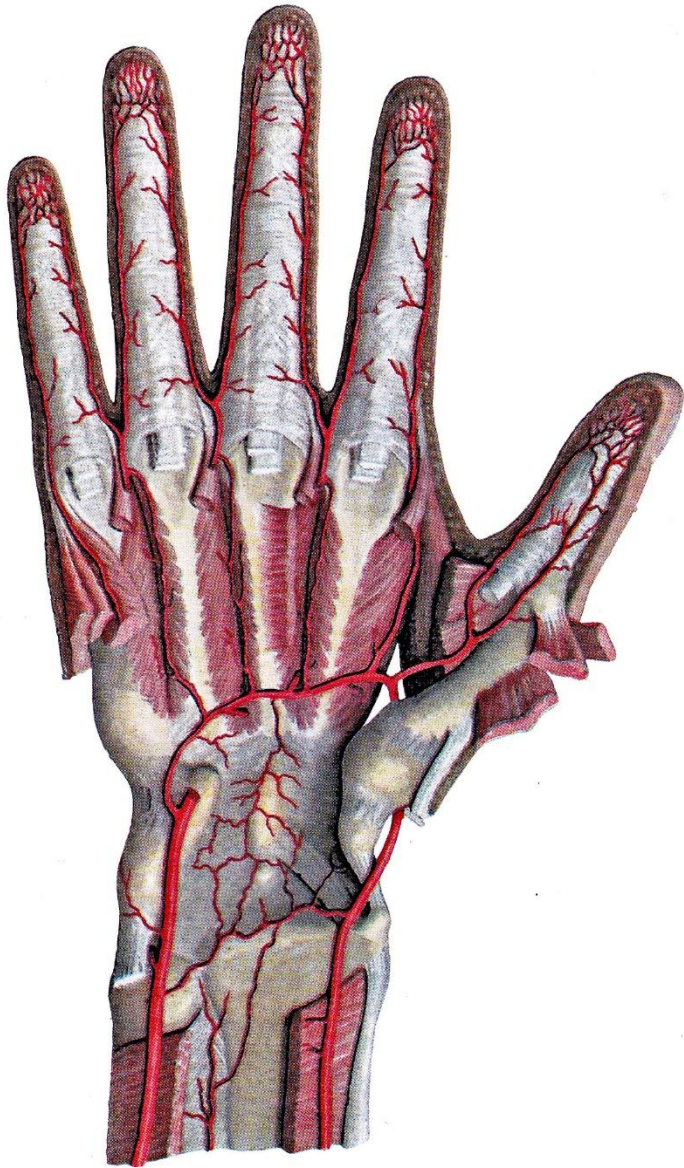

a. ulnaris, a. radialis

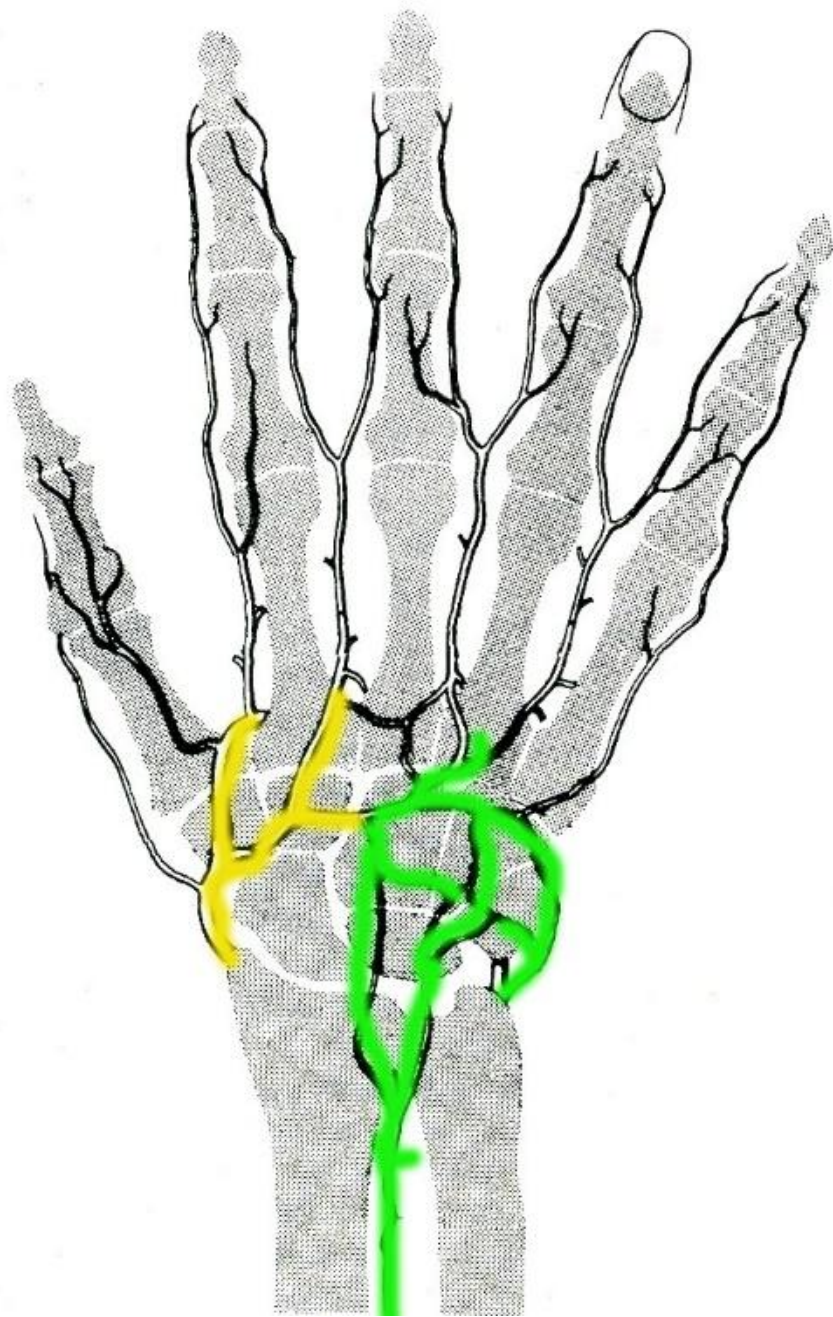

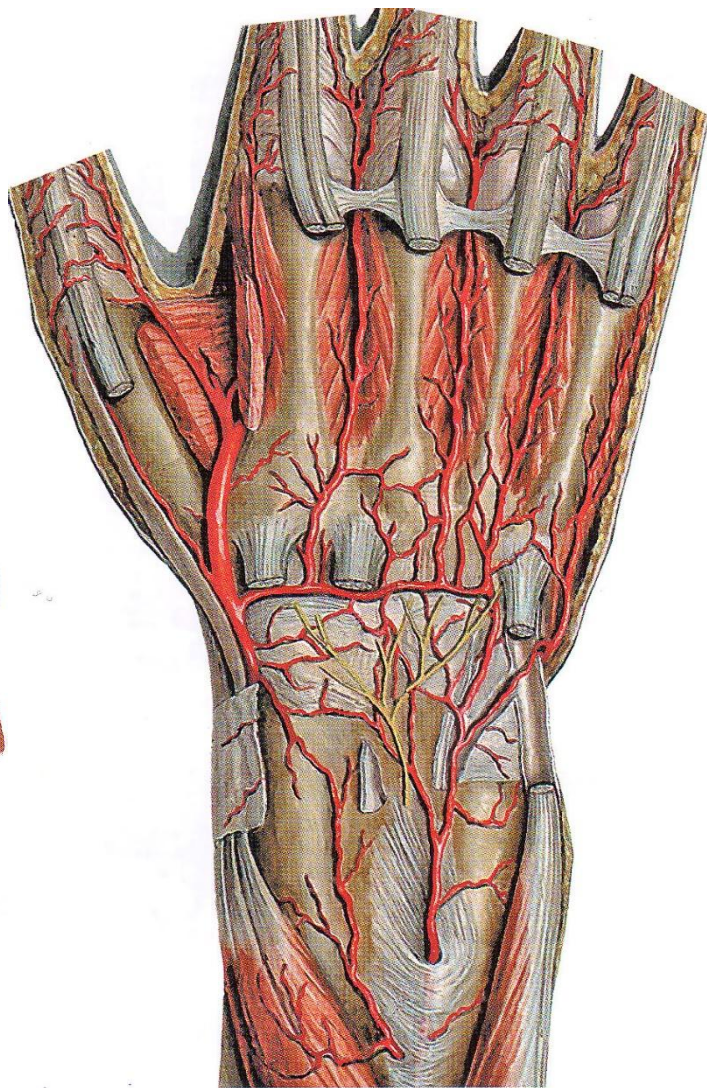

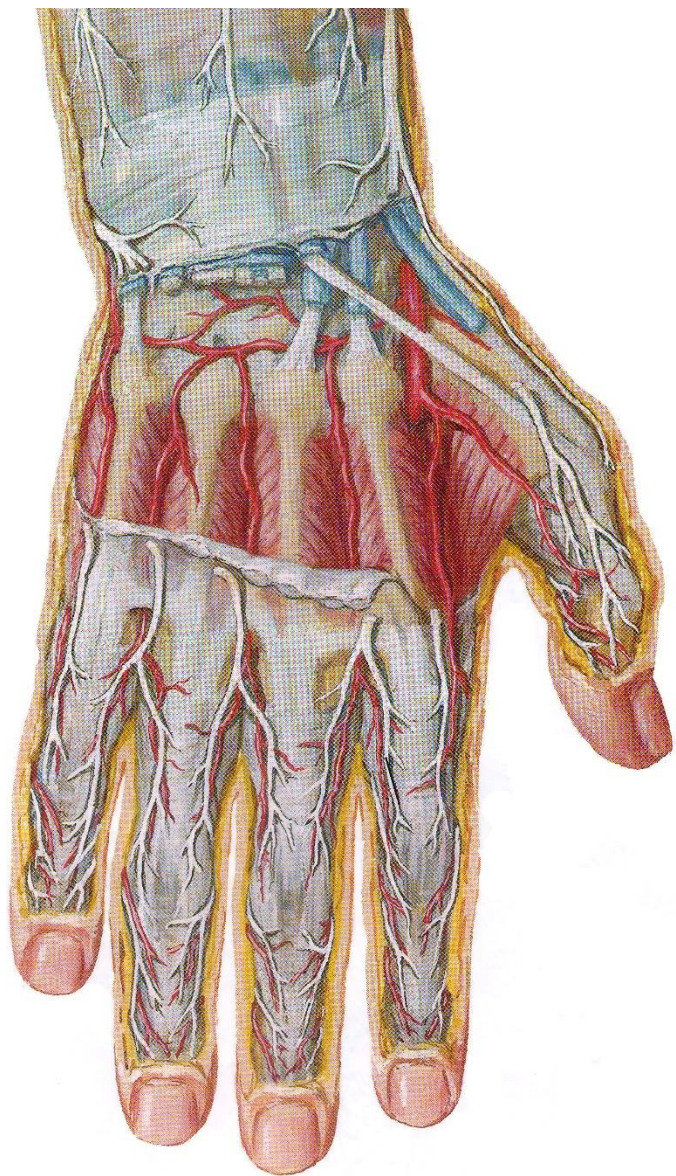

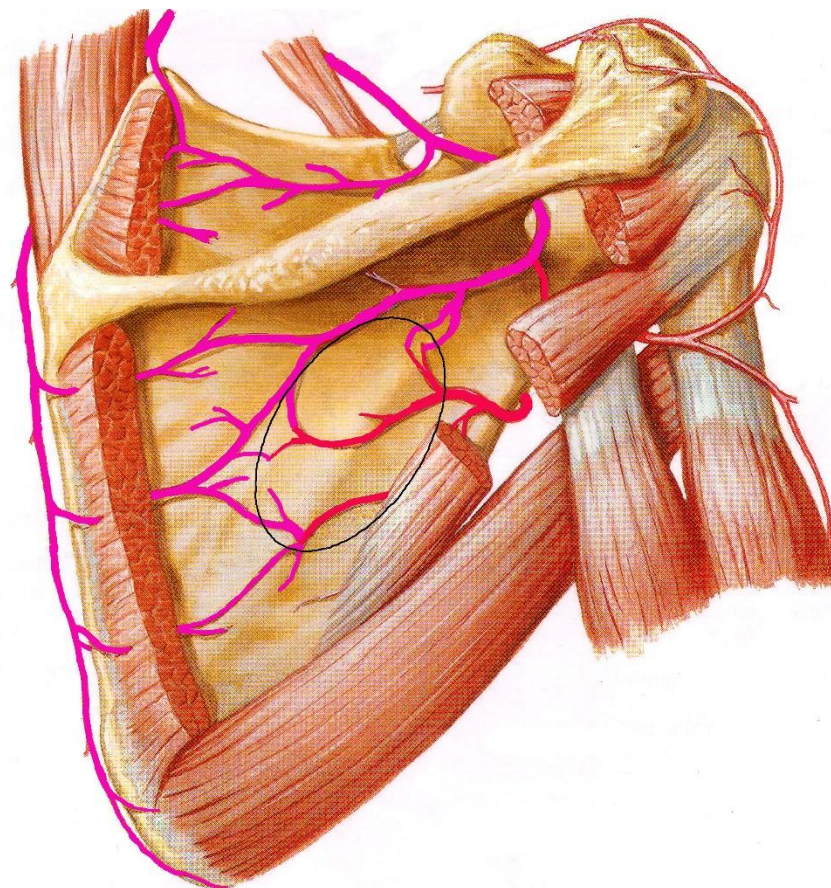

Arcus palmaris superficialis

Arcus palmaris profundus

Месторасположение анастомоза

Ветви магистральных артерий,
образующие анастомозы

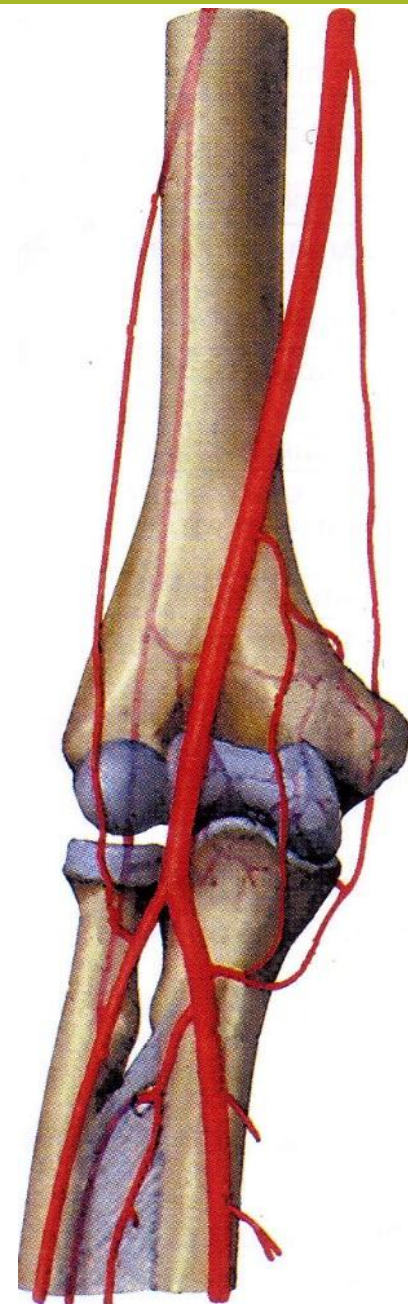

Приносящие
магистральны
е артерии

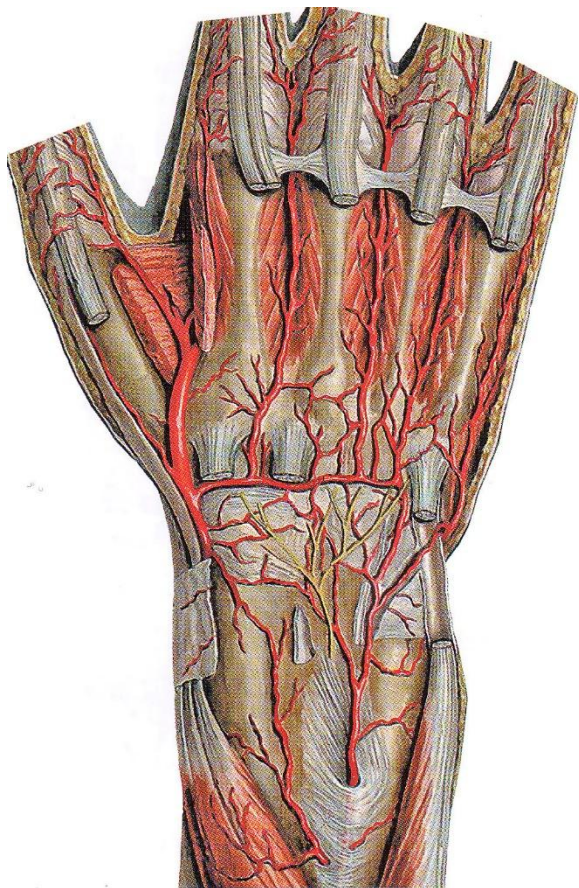

В толще мышц на задней поверхности лопатки и в
области акромиона

a. suprascapularis
a. dorsalis scapulae (ветви a. transversa colli)

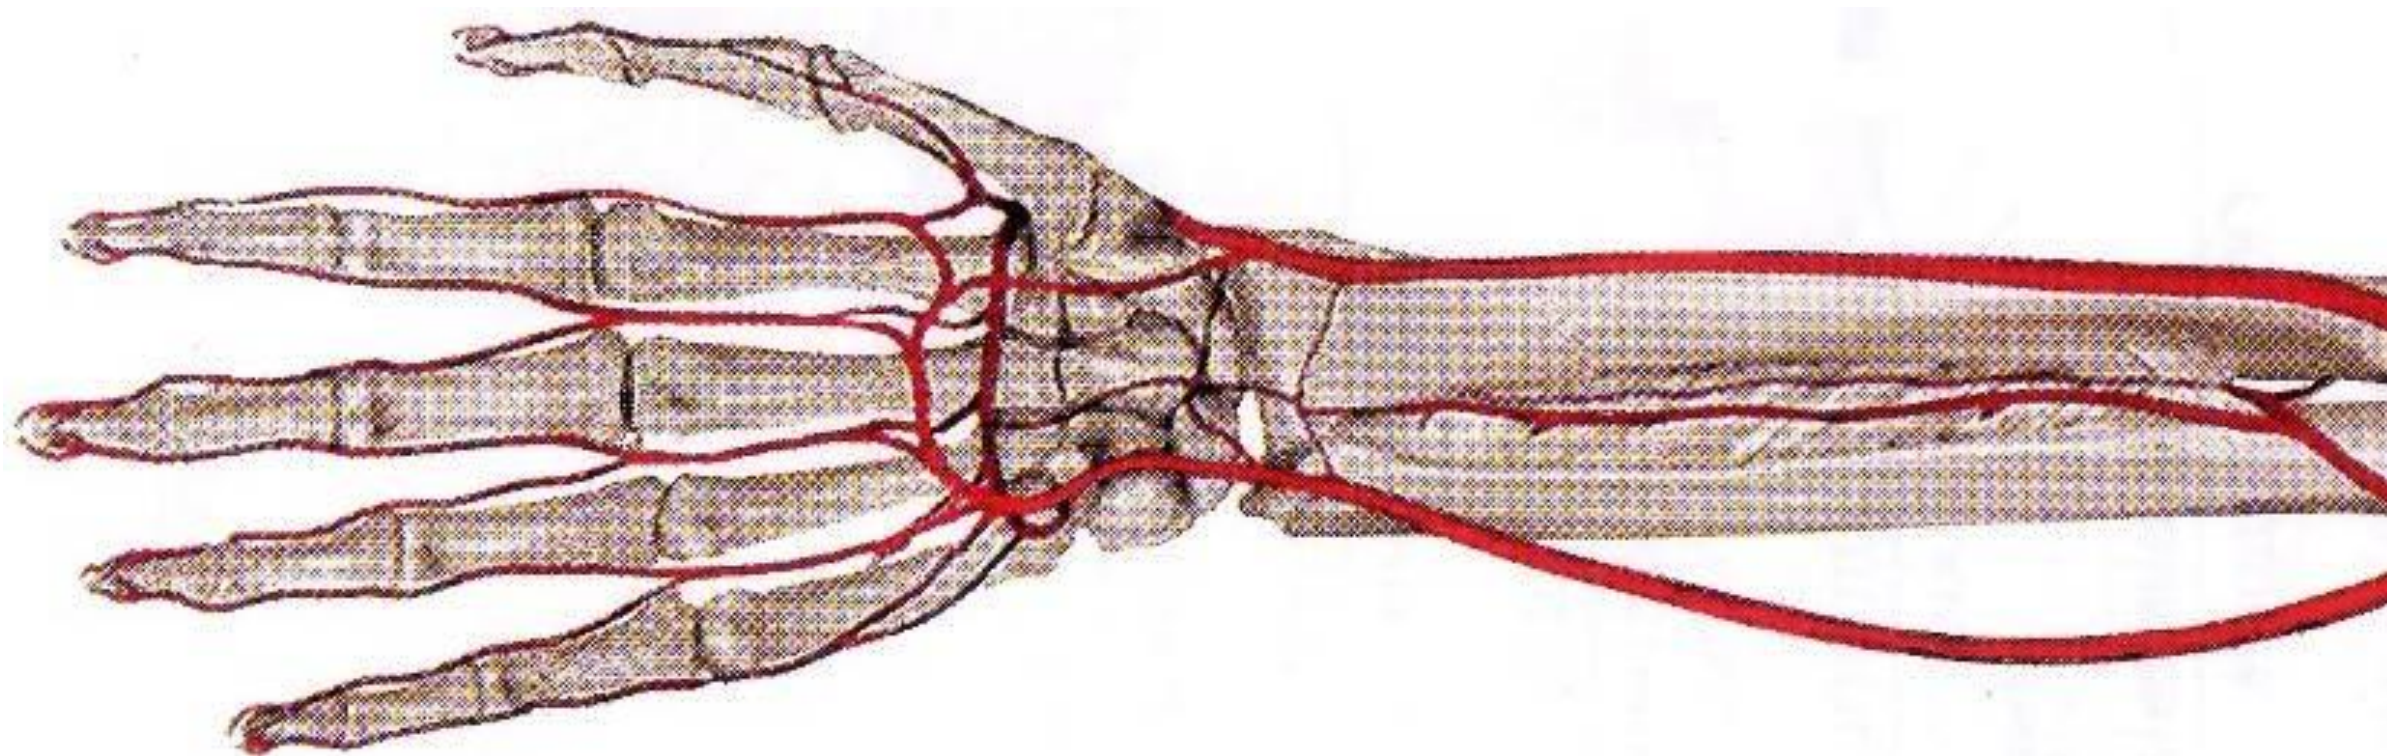

a. subclavia

Месторасположение анастомоза	Ветви магистральных артерий, образующие анастомозы	Приносящие магистральные артерии
В области локтевого сустава (латерально)	collateralis radialis (ветвь a. profunda brachii)	a. brachialis
	a. recurrens radialis	a. radialis
	a. collateralis media (ветвь a. profunda brachii)	a. brachialis
	a. interossea recurrens (ветвь a. interossea posterior от a. interossea communis)	a. ulnaris
В области локтевого сустава (медиально)	a. collateralis ulnaris superior (от a. brachialis)	a. brachialis
	r. posterior a. recurrens ulnaris	a. ulnaris
	a. collateralis ulnaris inferior (от a. brachialis)	a. brachialis
	r. anterior a. ulnaris	a. ulnaris

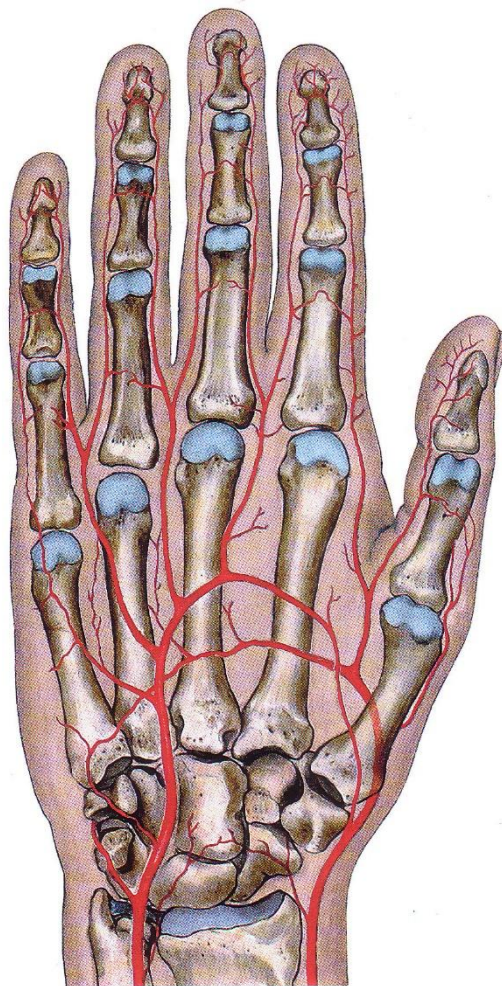

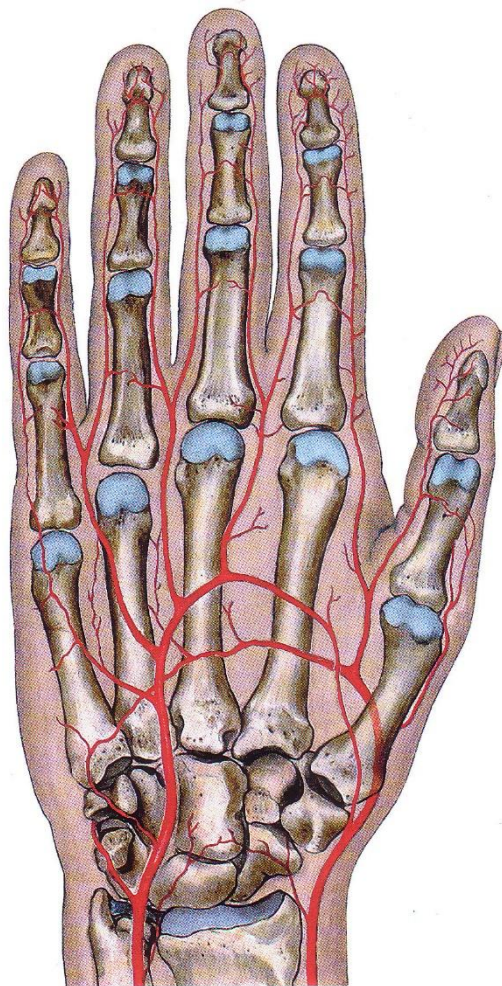

Месторасположение анастомоза	Ветви магистральных артерий, образующие анастомозы	Приносящие магистральные артерии
На тыле запястья	r. carpalis dorsalis	a. radialis
	aa. interossee anterior et posterior (ветви a. interossea communis)	a. ulnaris

Месторасположение анастомоза	Ветви магистральных артерий, образующие анастомозы	Приносящие магистральные артерии
На ладонной поверхности запястья	r. carpalis palmaris	a. radialis
	r. carpalis palmaris a. ulnaris, aa. nterossea anterior (ветвь a. interossea communis от a. ulnaris)	a. ulnaris

Месторасположение анастомоза	Ветви магистральных артерий, образующие анастомозы	Приносящие магистральные артерии
На ладонной поверхности кисти Arcus palmaris superficialis	r. palmaris superficialis a. radialis концевой отдел a. ulnaris	a. radialis a. ulnaris
