 CUSHION Also known as "pillow-cut" diamonds, these are squares or rectangles with rounded corners. Shop Cushion-Cut Diamonds	 EMERALD These are rectangles with step cuts on the sides and a large, flat top. Shop Emerald-Cut Diamonds	 ASSCHER These diamonds are cut similarly to emerald-cut diamonds, except they are squares. Shop Asscher-Cut Diamonds
 HEART This romantic shape is the perfect symbol of love. Shop Heart-Cut Diamonds	 MARQUISE This cut is like an oval but with pointed ends. Turned on its side, it looks like a woman's slightly parted lips. Shop Marquise-Cut Diamonds	 OVAL These rounded diamonds are longer than they are wide. Shop Oval-Cut Diamonds
 PEAR Also known as a "teardrop," these have one pointed end and one rounded end. Shop Pear-Cut Diamonds	 PRINCESS Traditionally squares but sometimes rectangles, princess-cut diamonds always have four pointed corners. Shop Princess-Cut Diamonds	 RADIANT These are squares or slight rectangles with four trimmed corners. Shop Radiant-Cut Diamonds
 ROUND The most popular diamond shape, round-cut diamonds are cut to have 58 facets. Shop Round-Cut Diamonds	 BAGUETTE Cut with 14 facets, these rectangular diamonds are traditionally used to accent other diamonds. Shop Baguette-Cut Diamonds	 TRILLION These are triangular diamonds with three equal sides that can be curved or straight. Shop Trillion-Cut Diamonds
