

EARTH DAY

# About its celebration

On this day in all corners of the planet are environmental activities, educational events for children and adolescents in order to draw attention to global issues on Earth.

Also on this day in different countries the Bell sounds of the world, calling people to pay attention to the beauty of the planet and the need for its protection.

# Quotes

"The earth is the only thing we have in common." Wendell Berry

"Look deeper into nature and you will understand everything better."

Albert Einstein

# The flag and symbol of the Earth

In the world there is the Flag of the Earth. However, it is not considered the official symbol. This flag is a photo of our planet taken from space. In this capacity now used the planet on a dark blue background, which was made by the astronauts of Apollo 17 on their way to the moon.

Earth day is a special time in order  
to attract the attention of all  
people to an awareness of planet  
Earth as a common home and to  
feel our Stamou community.

Thank you for your attention!
