

Интеграция голосовой биометрии в Яндекс Облако

Meirambek Omyrzak
SpeechKit team Backend/Infrastructure

Голосовая Идентификация

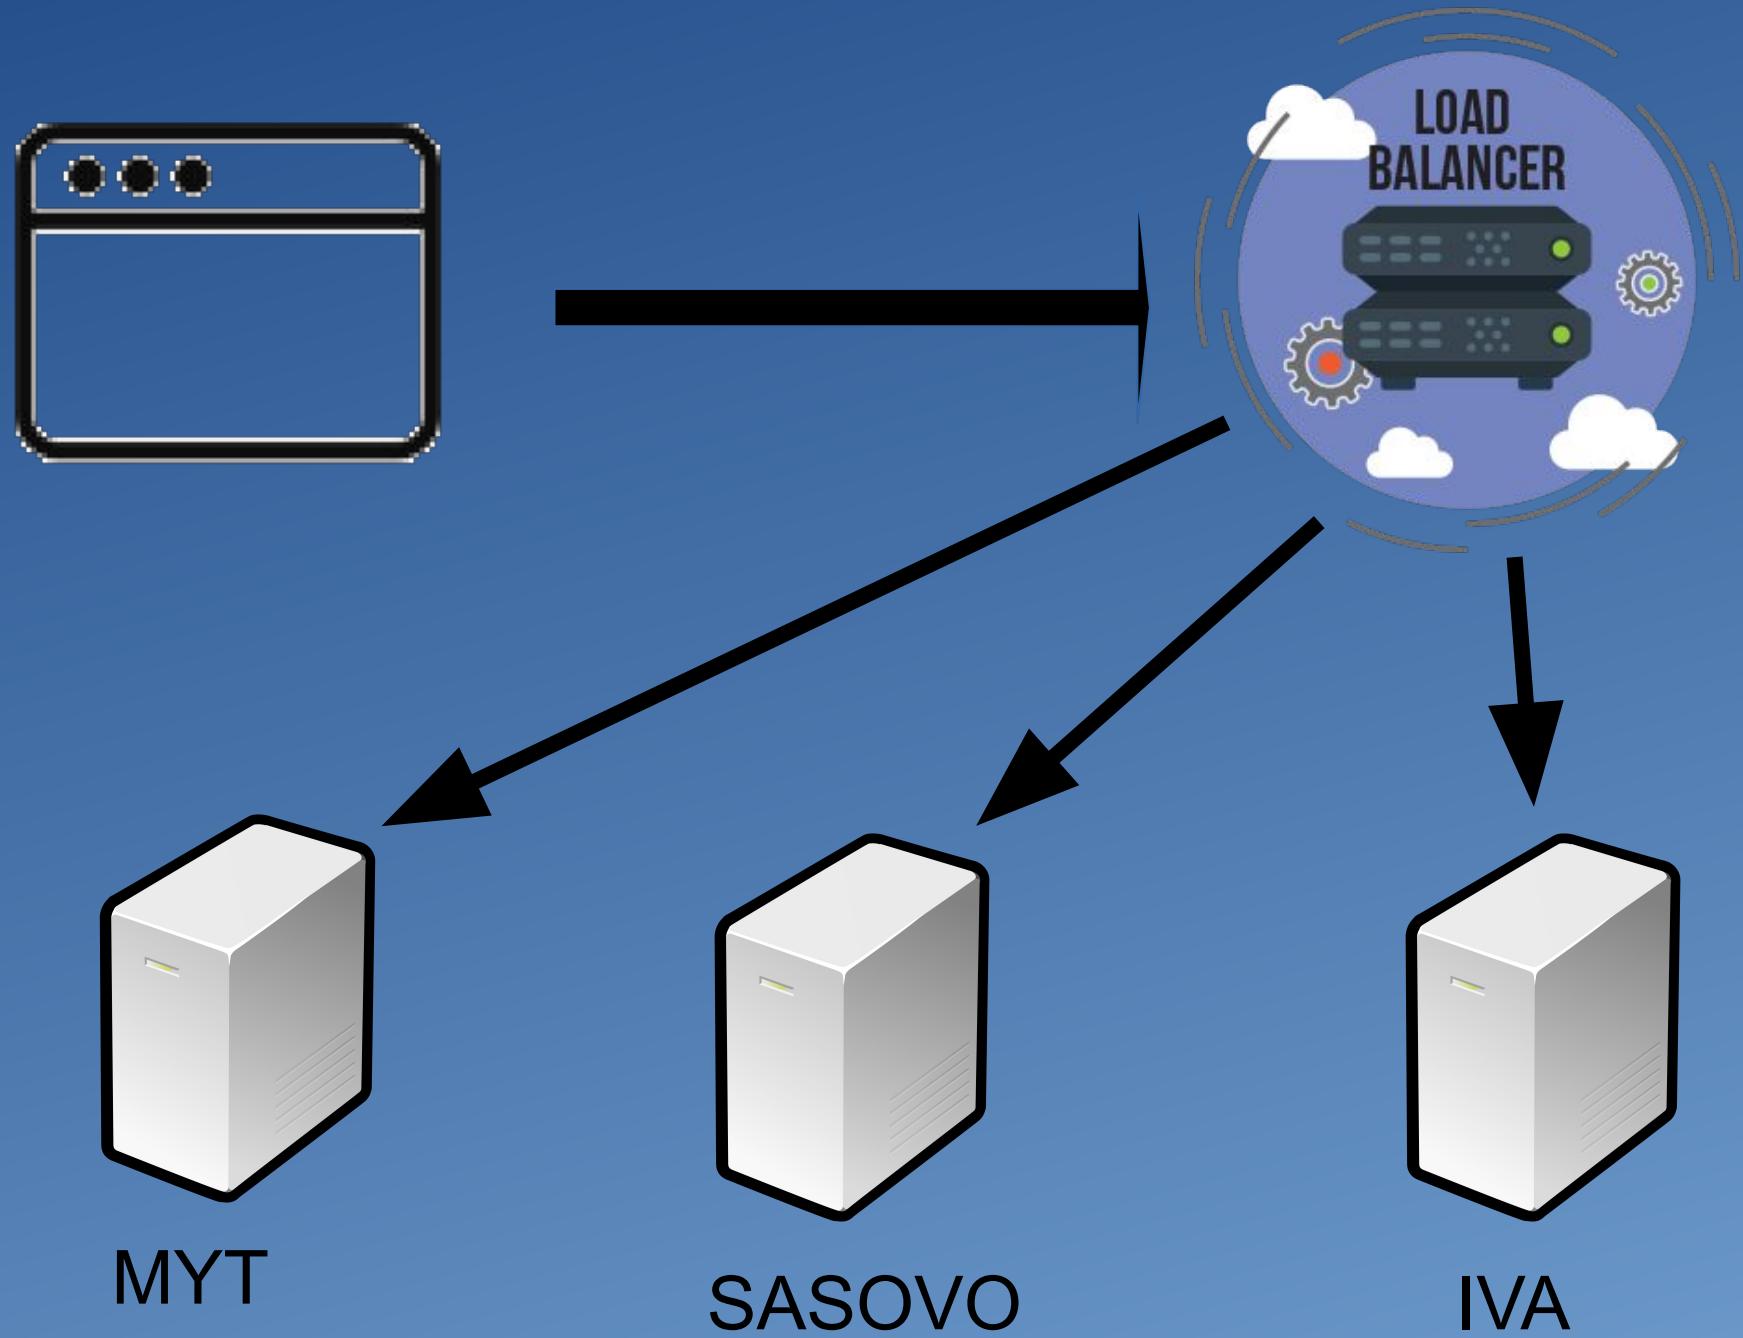

Цель проекта

Интегрировать предоставление голосовой
биометрии в Яндекс.Облако

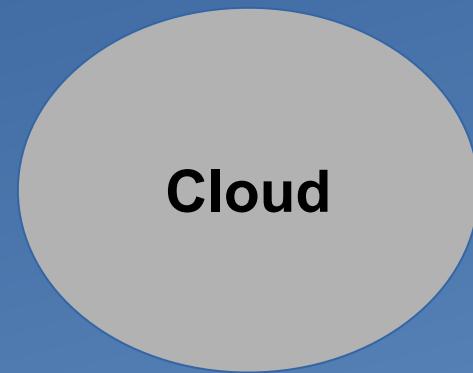

Зачем нужна интеграция?

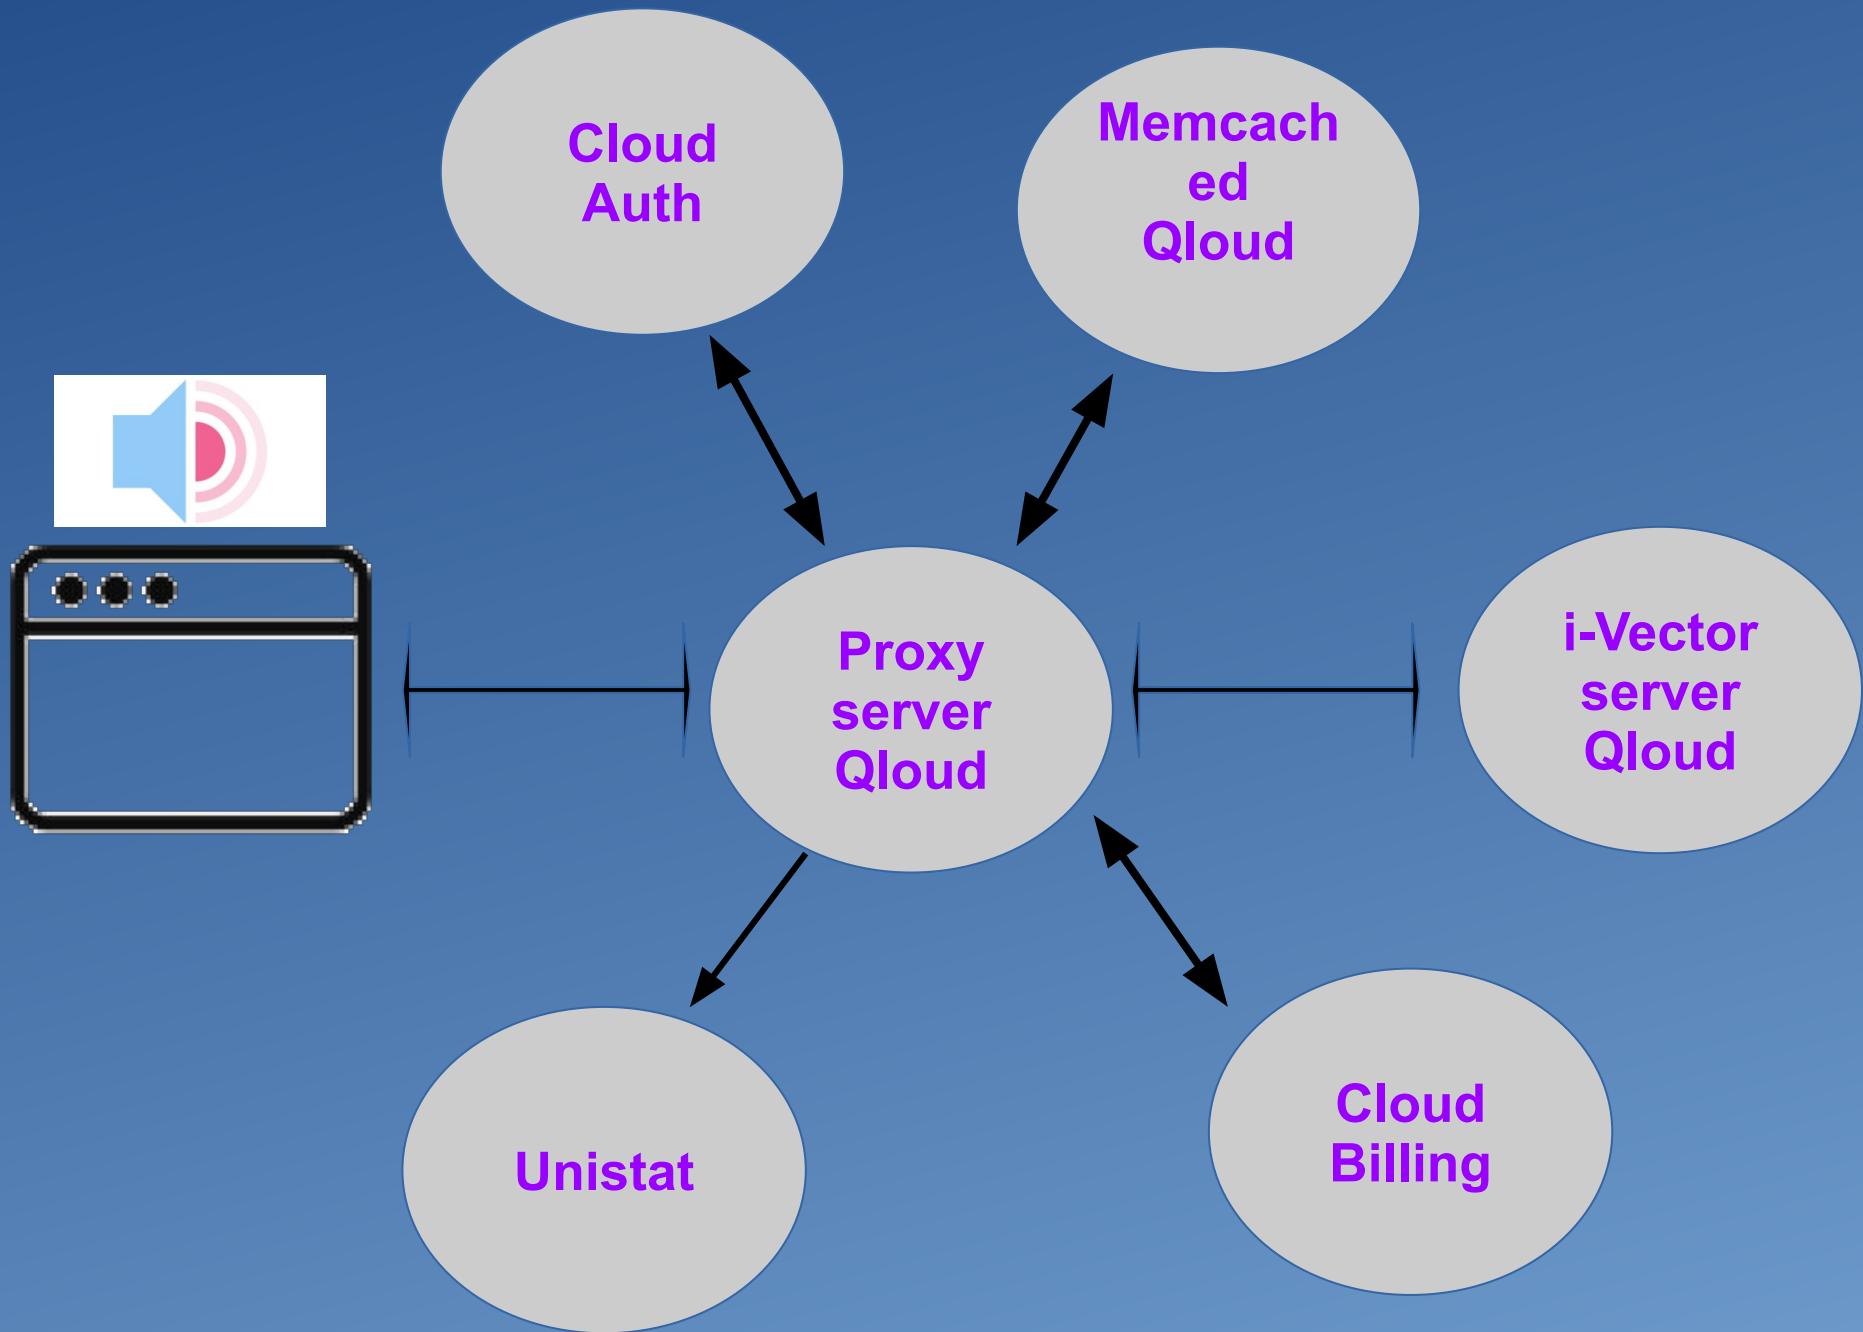

Внешних клиентов обслуживает облако

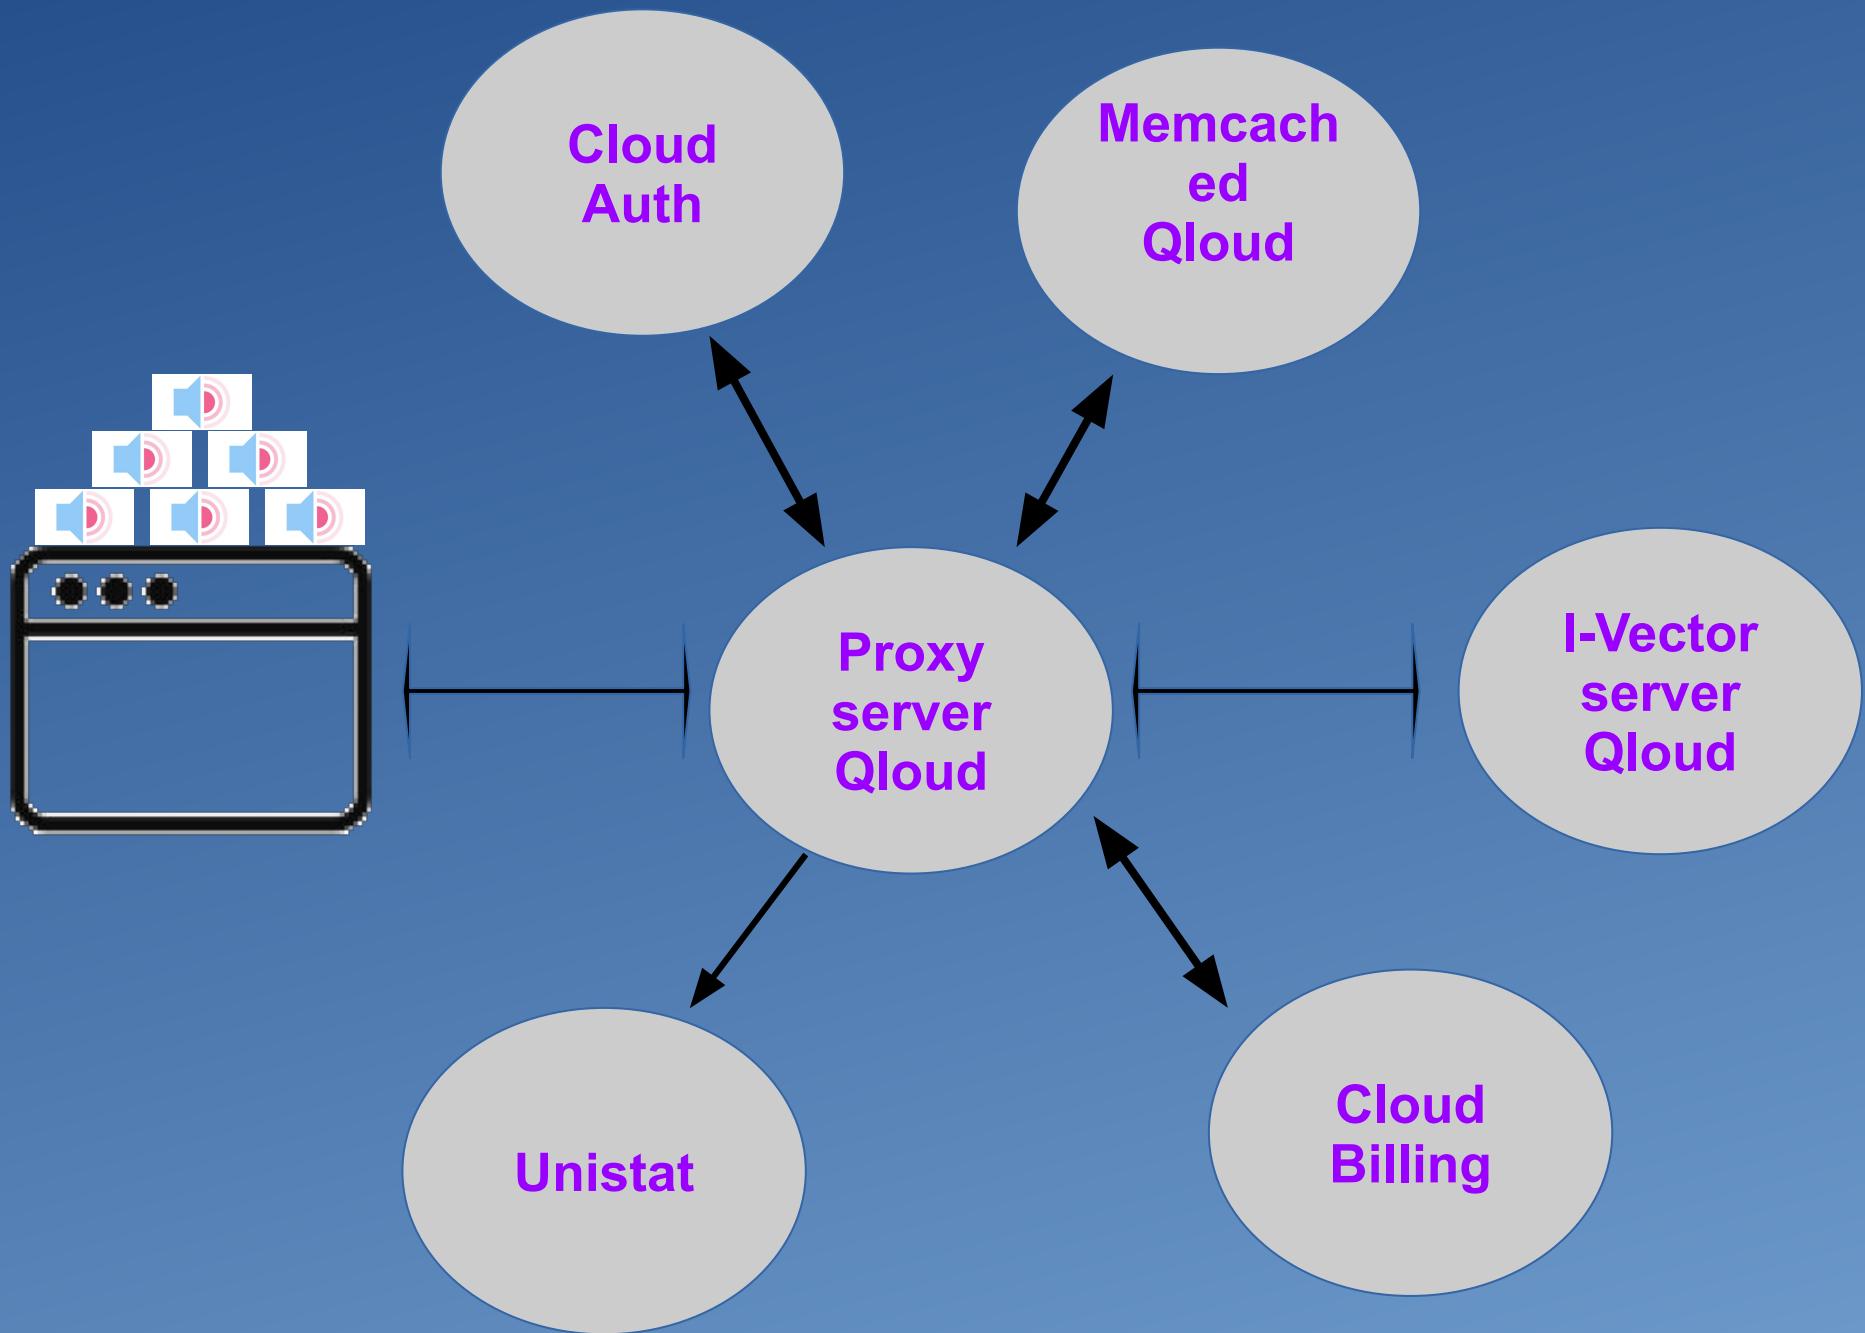

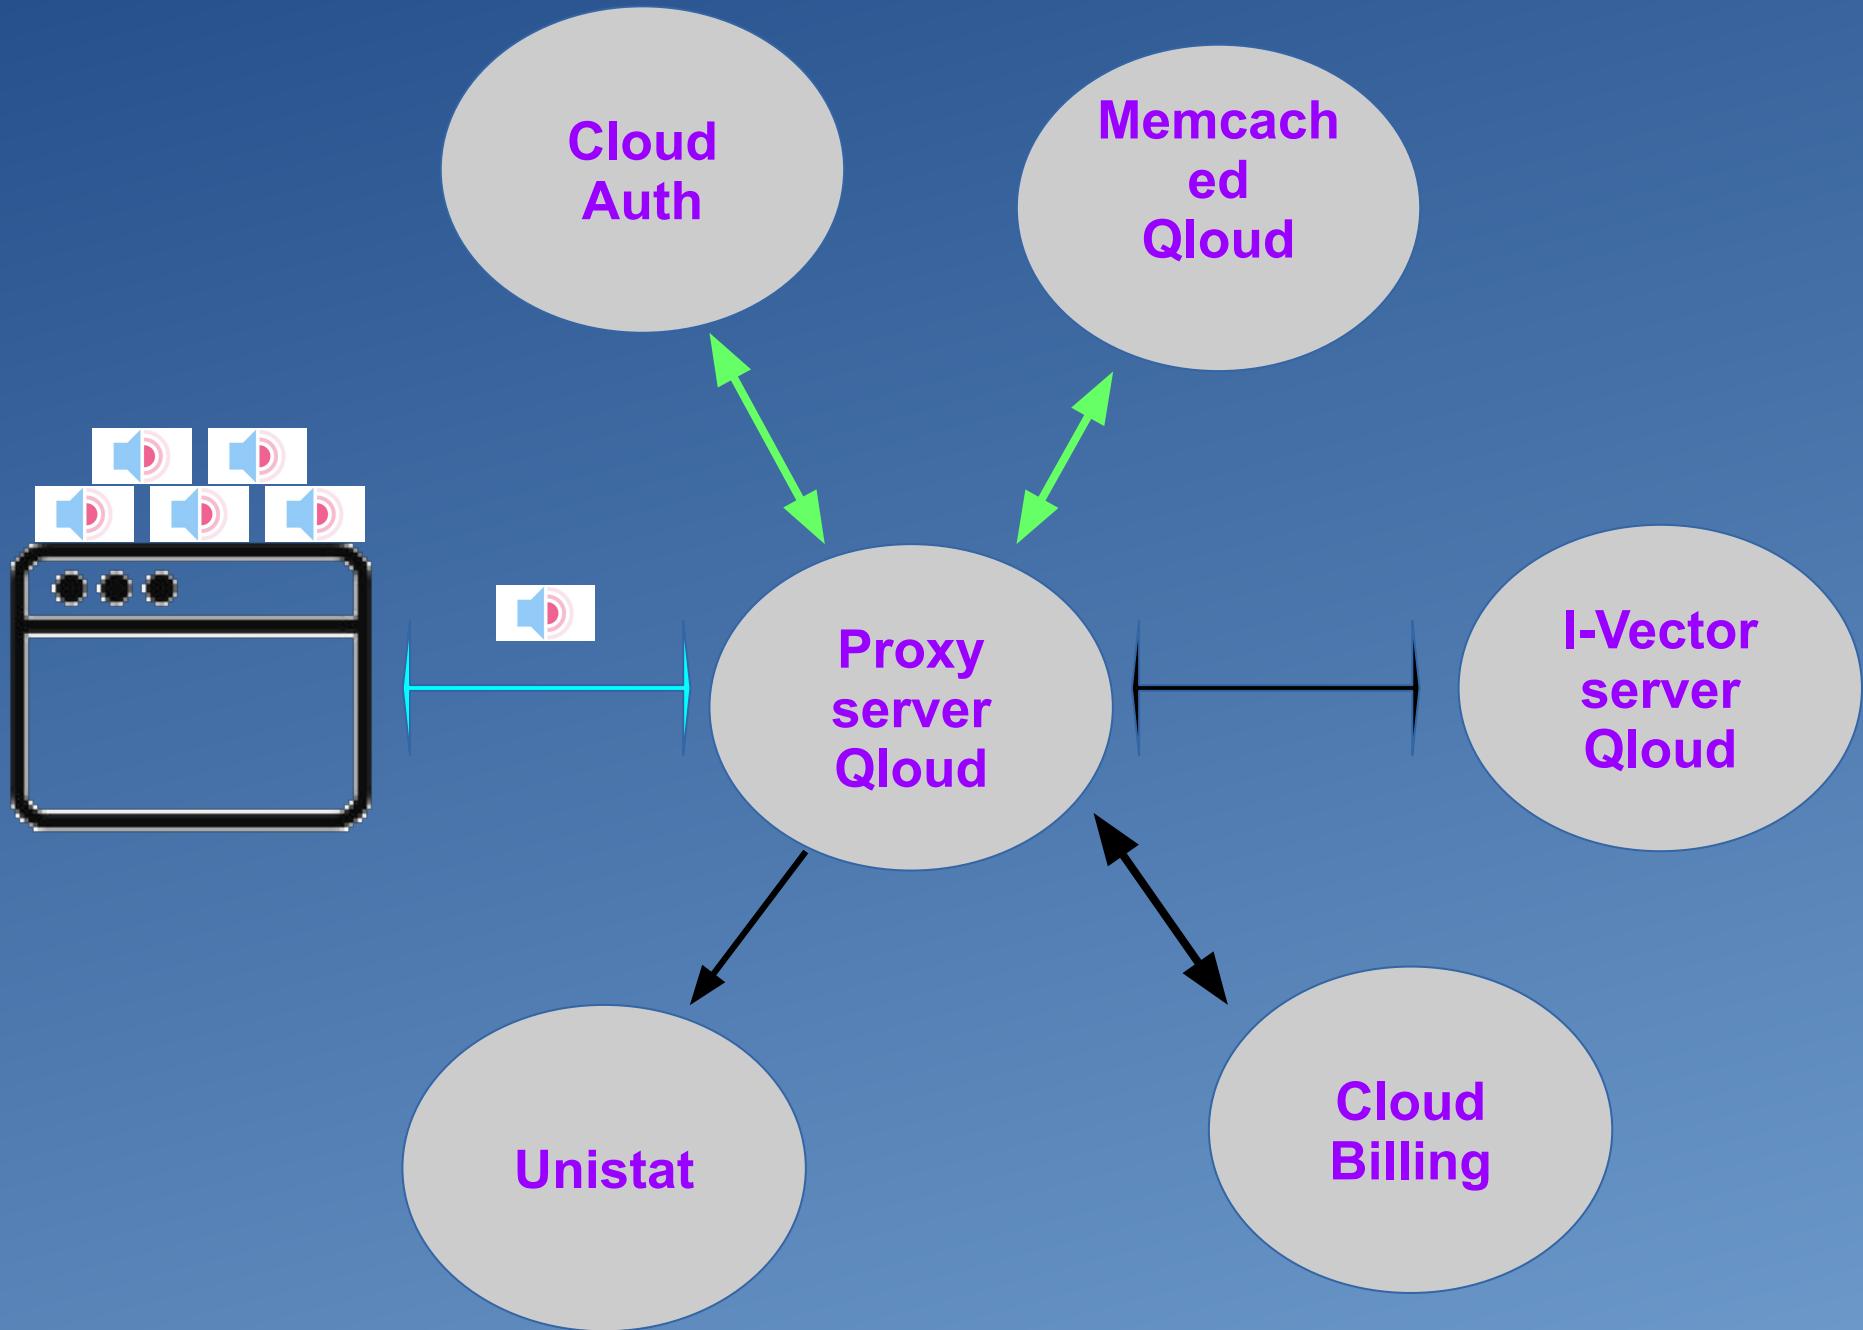

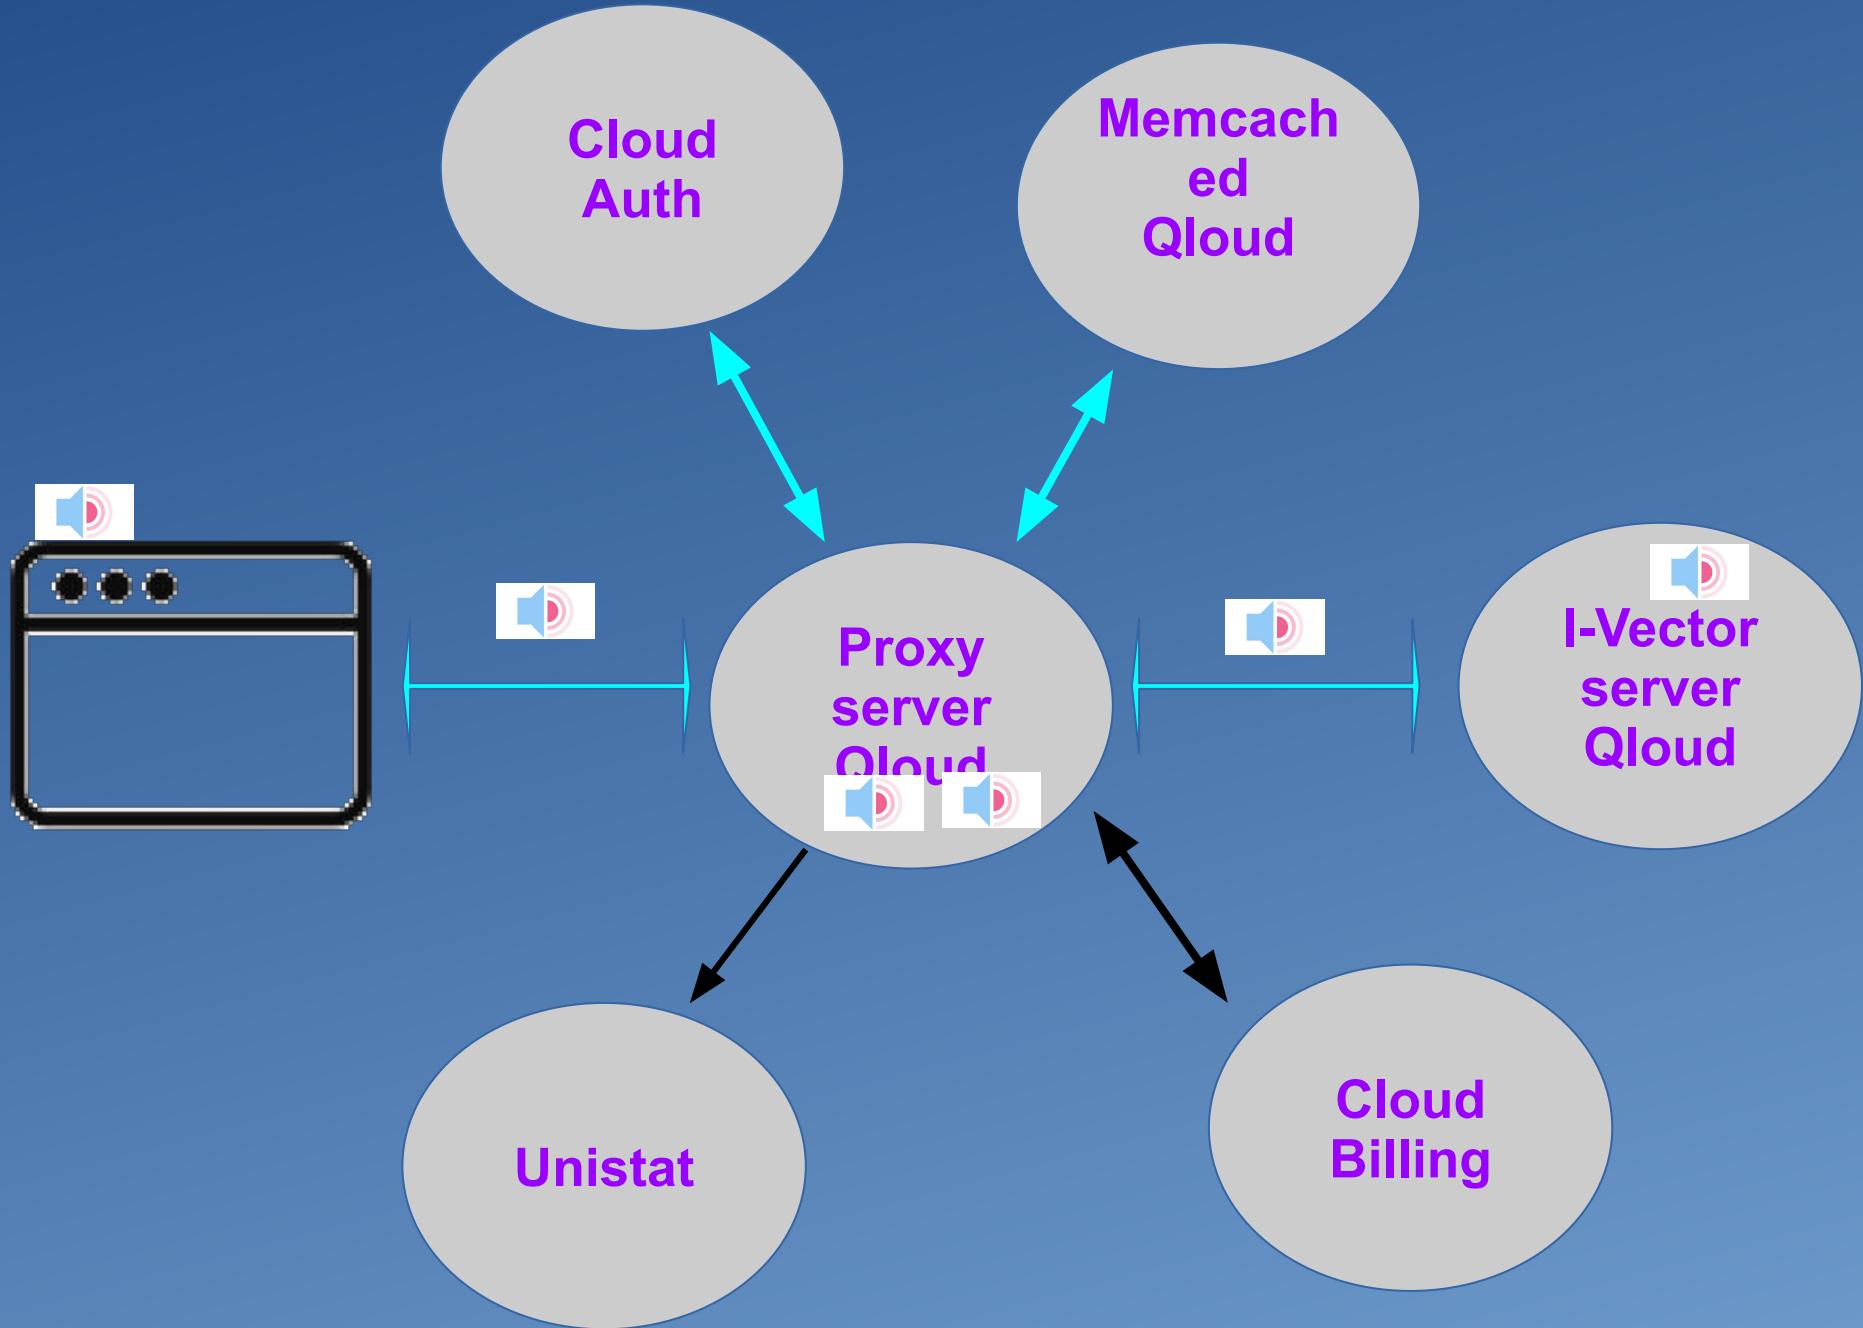

Authorization Data

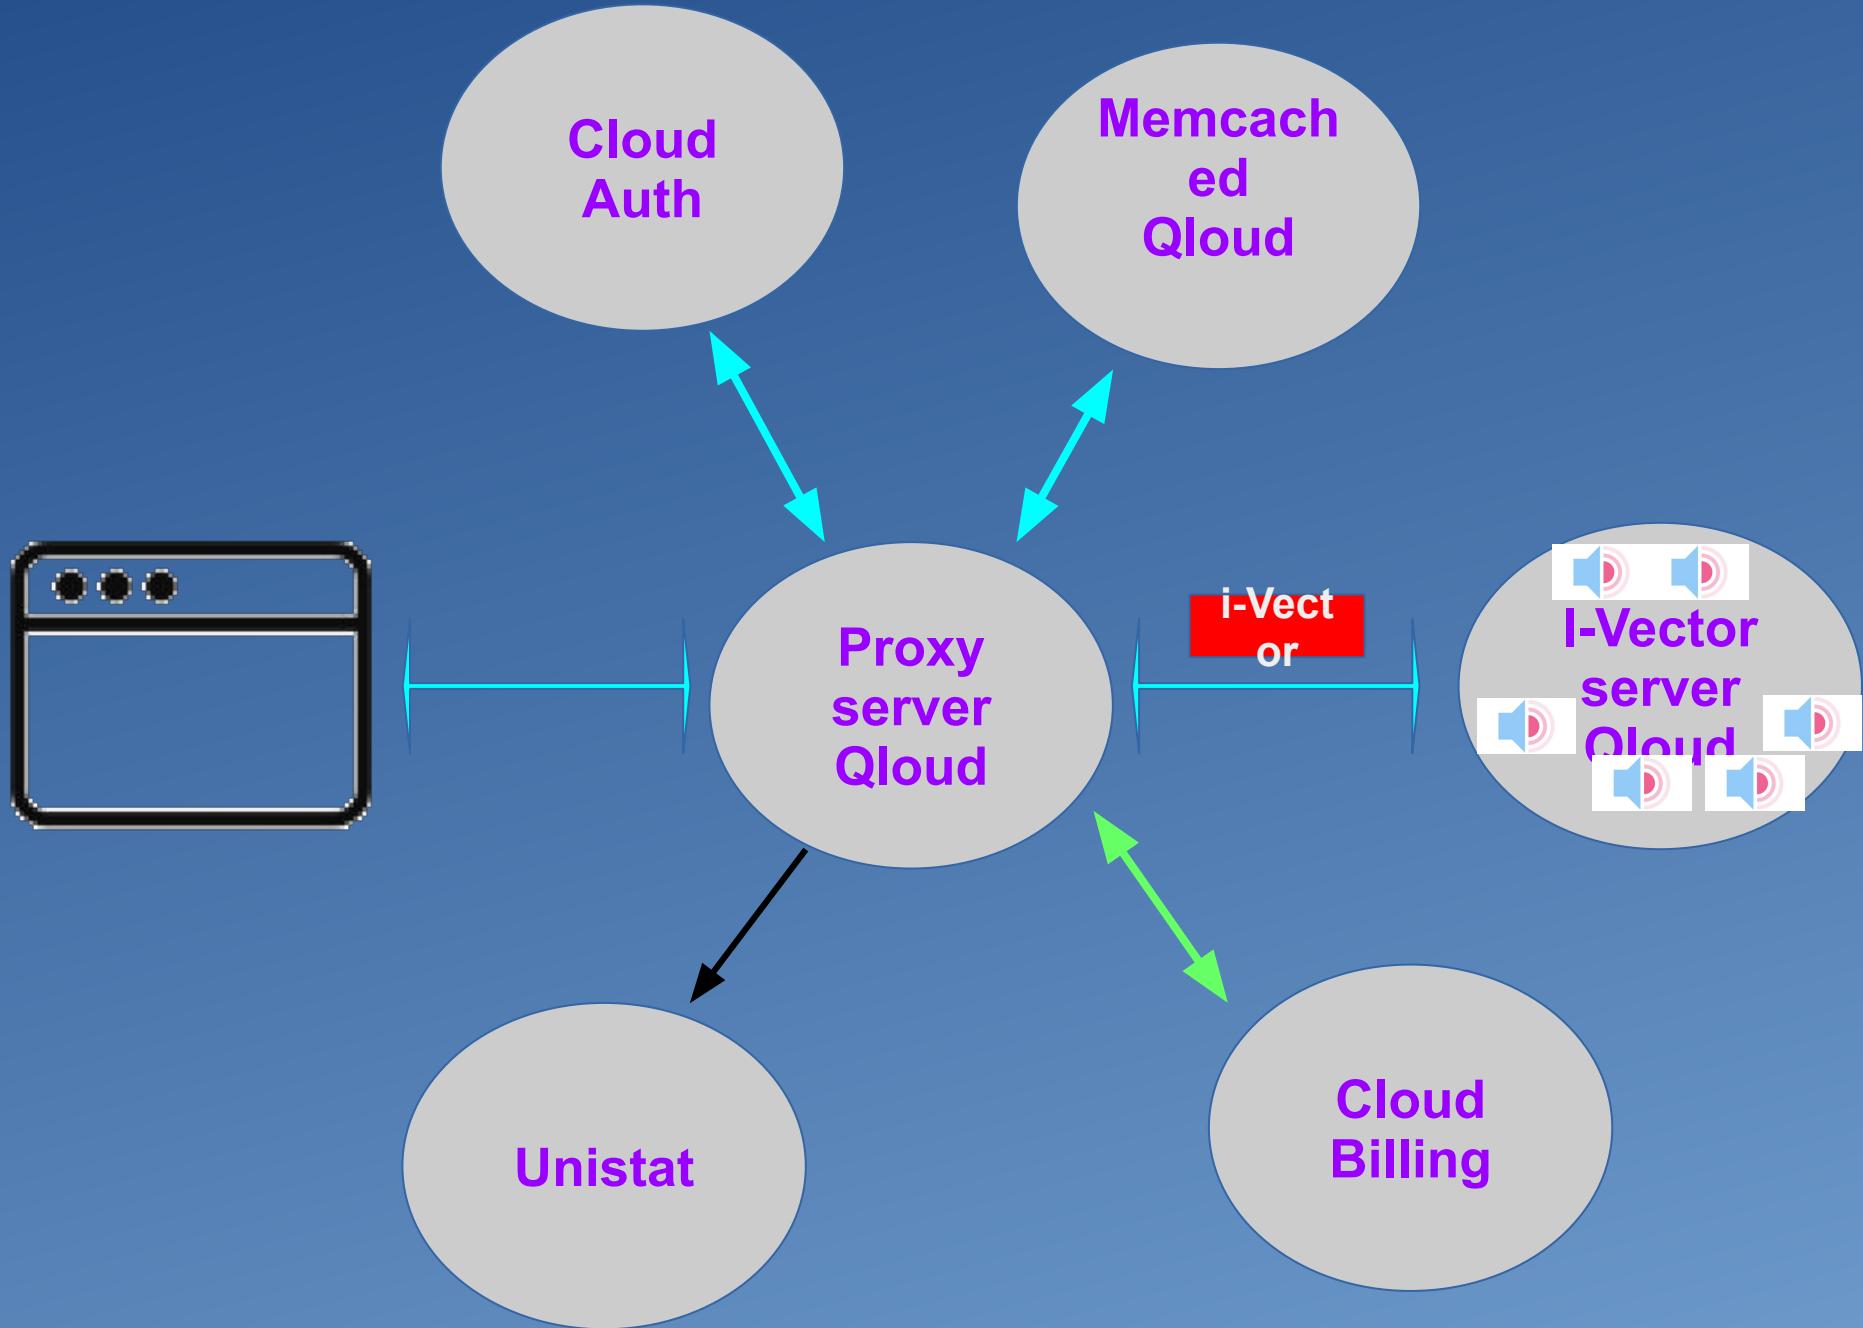

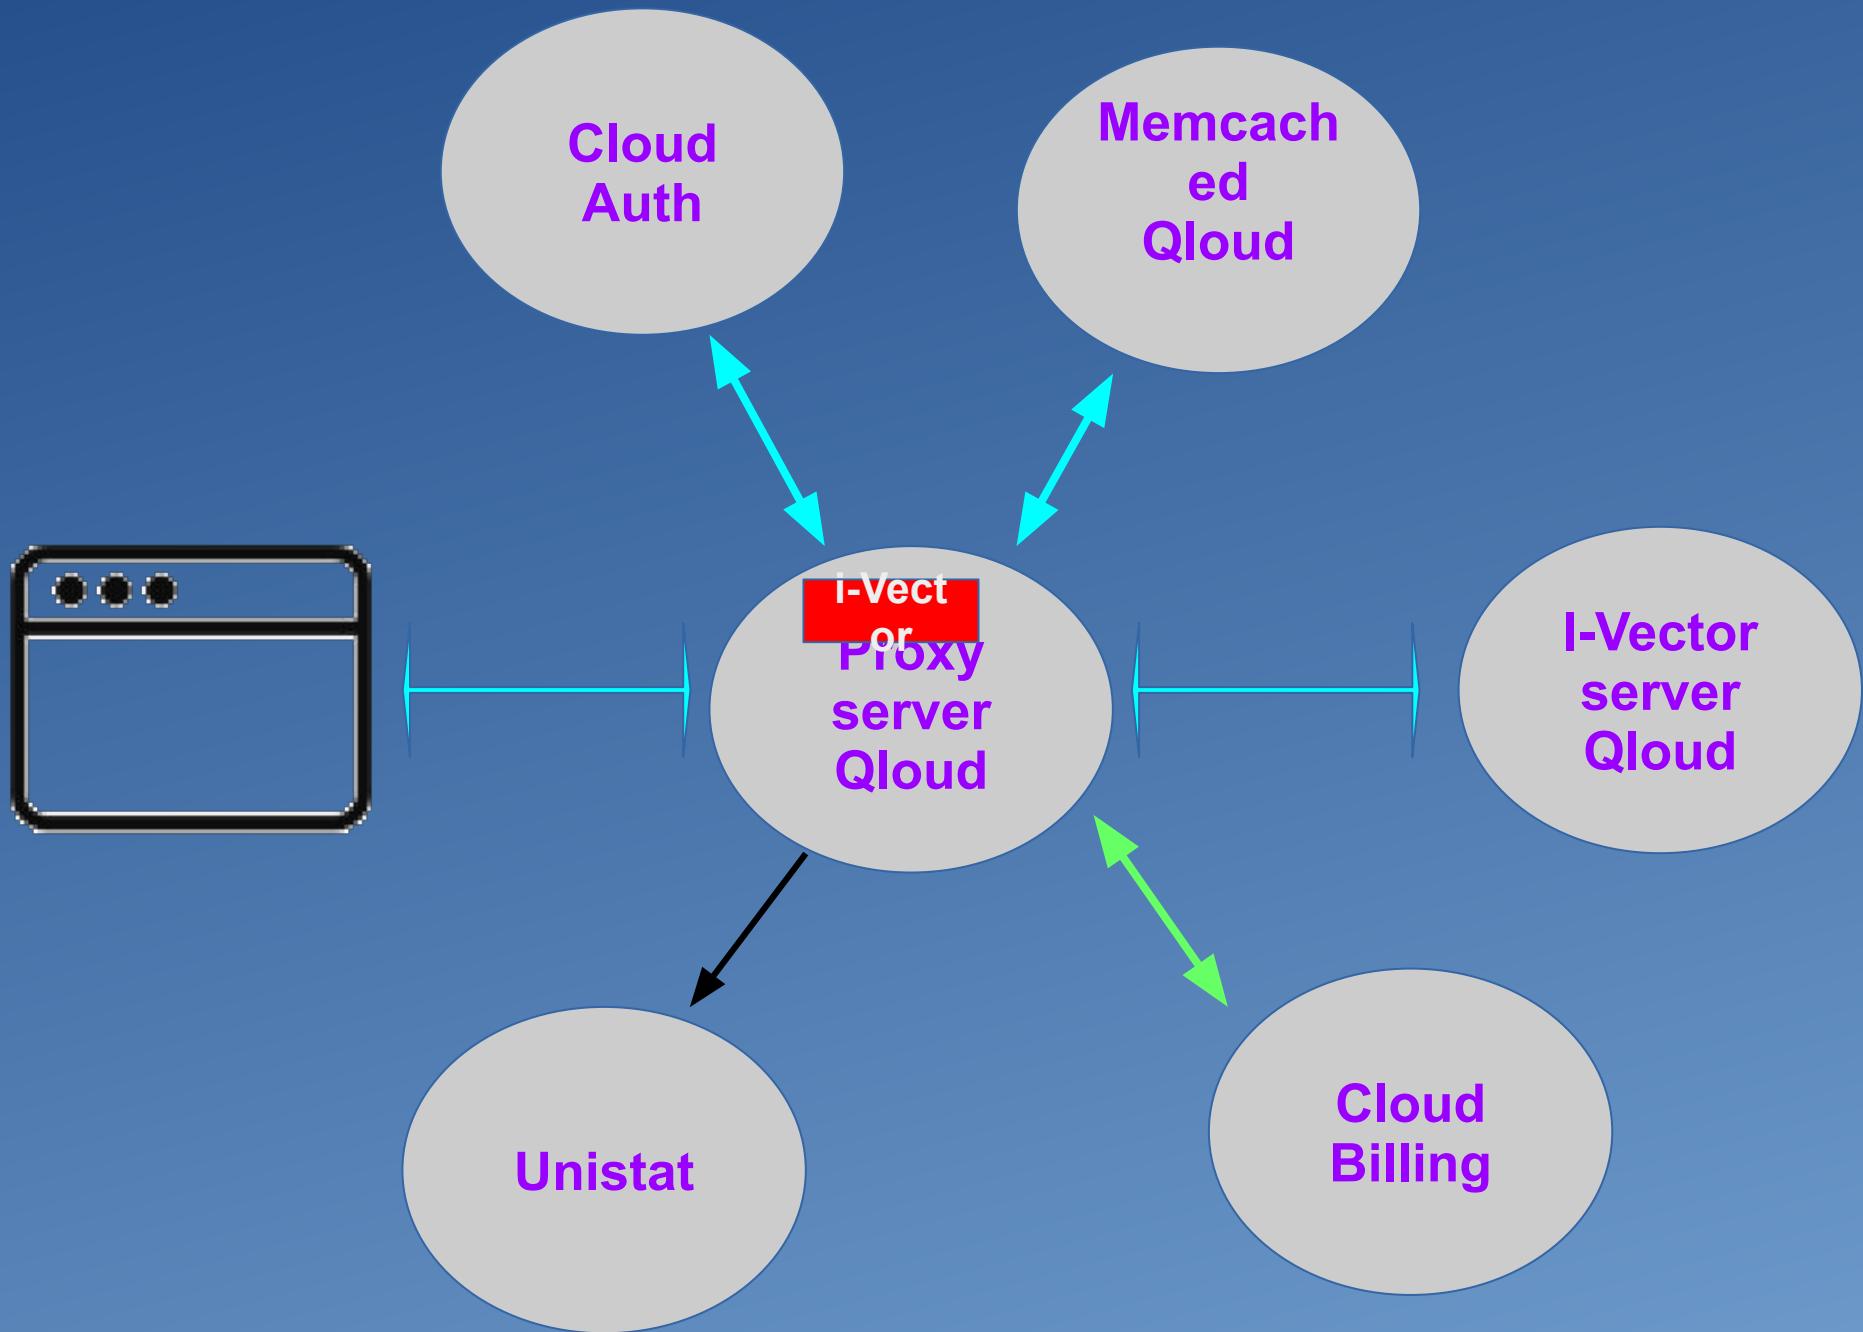

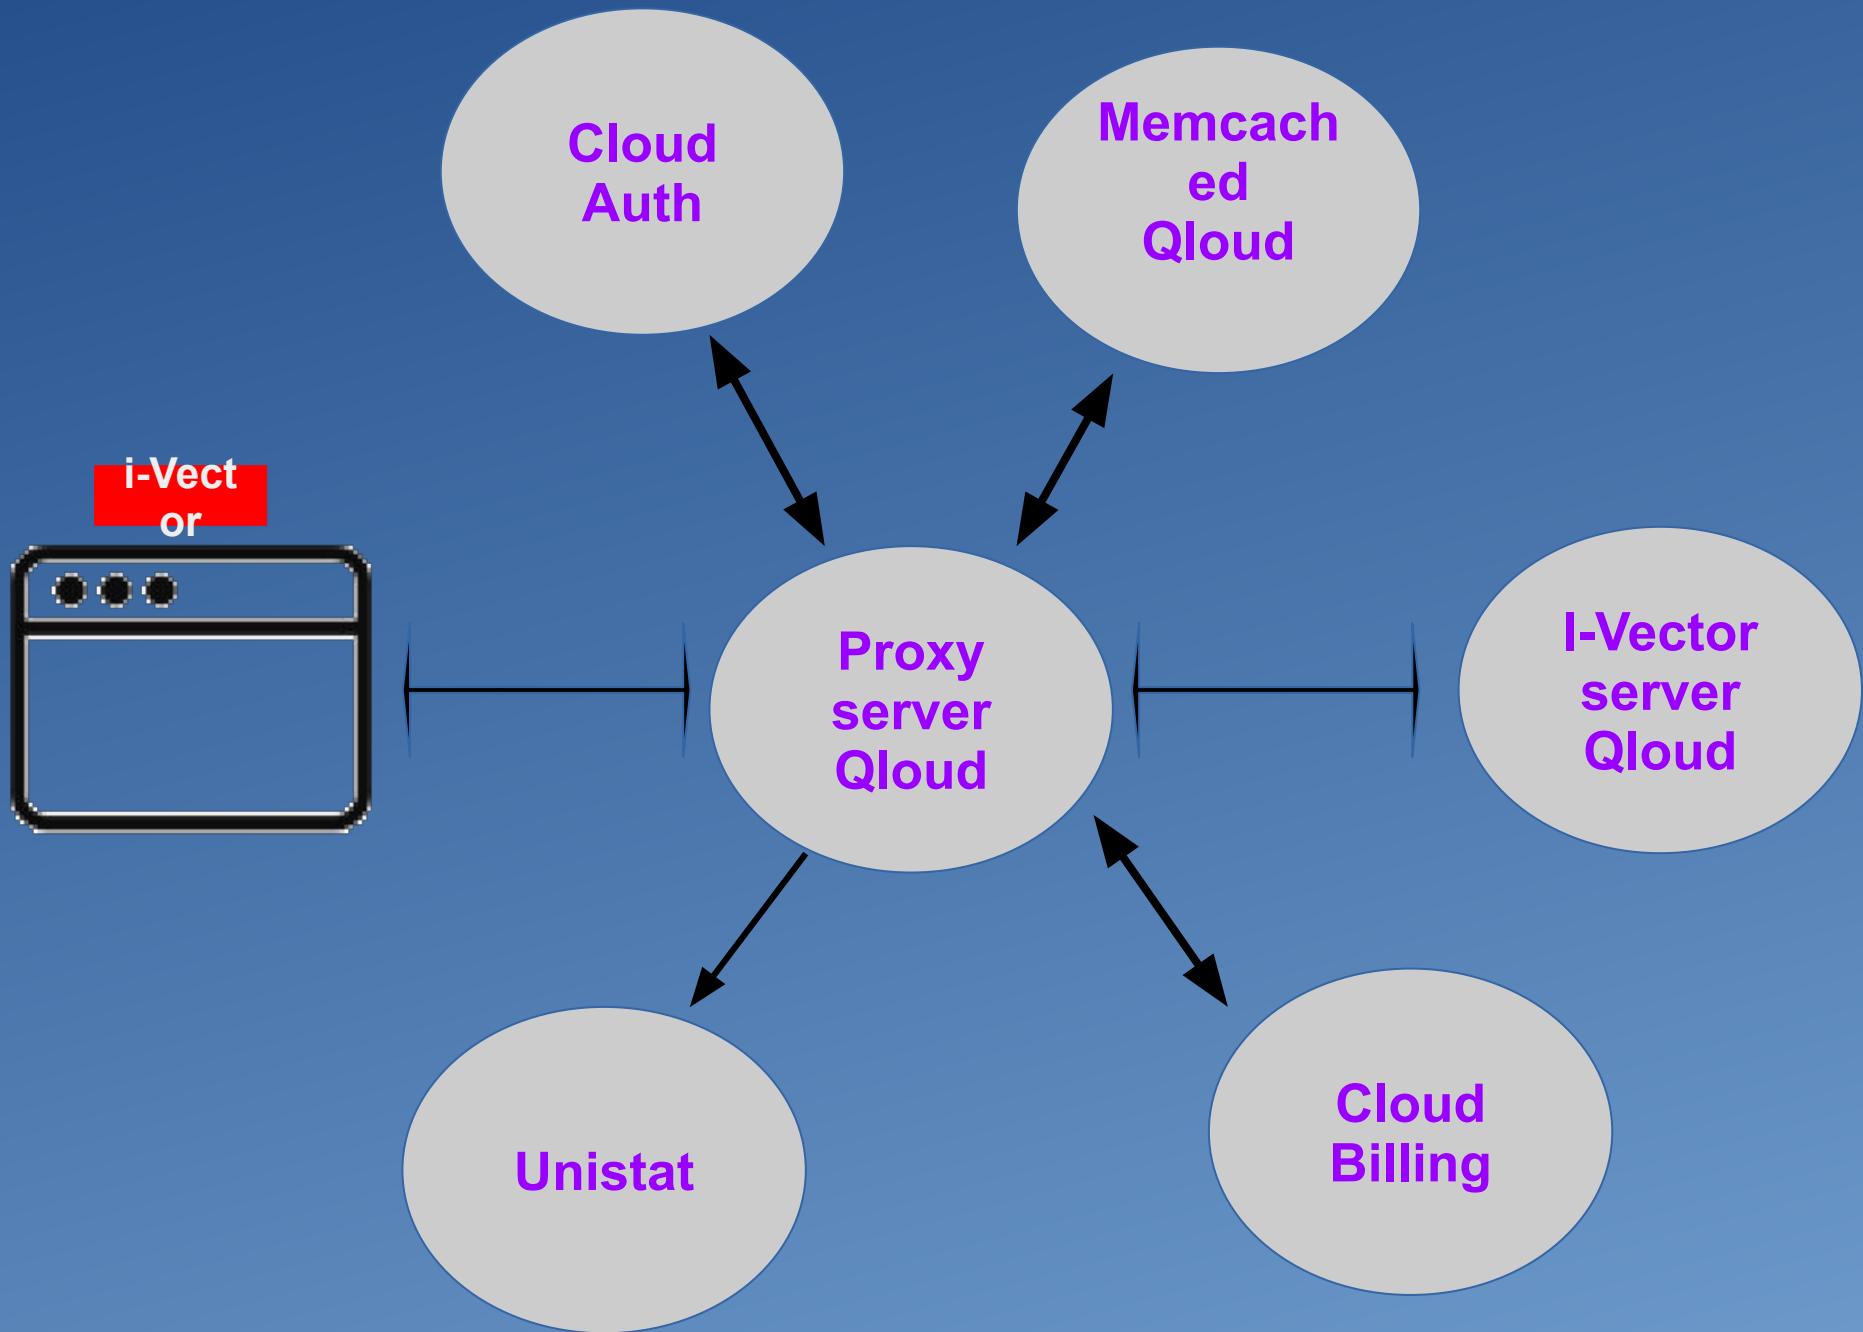

The image shows three white, three-dimensional cubes arranged horizontally. The first cube on the left has a small black 'Q' on its top face. The middle cube has a large black '&' symbol on its front face. The third cube on the right has a large black 'A' on its front face. The cubes are set against a plain white background.

Q & A
