After rain comes fine weather

After rain comes fine weather

Whenever the weather is cold,
Or whenever the weather is hot,
We'll be together whatever the weather,
whether we like it or not.

Whenever the weather is hot,
Or whenever the weather is cold,
We'll be together whatever the weather,
Whether we're young or we're old.

Whenever the weather is good,
Or if ever the weather be bad,
We'll be together whatever the weather
Whether we're happy or sad.

Hi, Luke. How's the weather this morning in Cambridge? What's the temperature?

In the morning I think a first thing we are looking at 12 or 13 Celsius, maybe 14 Celsius.

What's it like outside? What weather will be in the daytime?

The big story today probably can be the gusty winds in this afternoon. Maybe just a small chance of an isolated shower up and round washing. Well, and some of those showers could contain some hail and thunder in them.

Wow, pretty cold. And what about the weather forecast for tomorrow?

And for tomorrow on Wednesday it's another rather blustery day is coming up with sunny spells. It won't be as windy as today. High temperatures 11 to 13 Celsius.

Thanks, Luke.

Thank you.

There's no bad weather
there are bad clothes
