

“THE DAY I WAS BORN”

By Dragaev Max

Student of the 6th form
School # 93

I WAS BORN ON THE 24TH OF NOVEMBER IN 1995.

I was born in autumn of 1995. The weather was bad. It was very cold, windy and snowy. But on the twenty-fourth of November, the day when I was born, the weather was wonderful. It was sunny. Nature was happy that I was born. It seems to me that I'm very serious and industrious. That was why I decided to explore the day of my birthday in history. When I learned how many famous people were born on the 24 of November, I was offended a bit. I think that everyone wants that his day belongs only to him or to her. As for me, I shared my birthday with actors and other famous people.
