Е
Я

Как проверить?

-
- The diagram illustrates the method of checking a root word by comparing it with a related word. It features a blue curved line representing a word. A green circle with the number '1' is positioned above the line, with a blue diagonal line pointing to it. A green circle with the number '2' is positioned to the left of the line, with a blue horizontal line pointing to it. A green circle with the number '3' is positioned below the line, with a blue horizontal line pointing to it.
