Реши задачи:

Пять ежей – с лукошками,
Три ежа – с гармошками.
Сколько среди сосен
Ежей гуляет?

$$5 + 3 = 8$$

По дорожке мышка шла,
Четыре яблока несла,
Два – зайцу отдала,
Остальные в кладовку убрала.

$$4 - 2 = 2$$

Идут гулять козлята,
Четыре дружных брата.
А рядом **три** сестрицы –
Три козочки идут.
И братья, и сестрицы
Отправились гулять.
Попробуй-ка, сумей-ка
Их всех пересчитать.

$$4 + 3 = 7$$

Форминутка

Вот поезд идёт наш,
Колёса стучат,
А в поезде нашем
Ребята сидят.

Чу-чу-чу, чу-чу-чу!
Бежит паровоз,
Ребят он повёз.

Работа в тетради:
№ 2 страница 25

Задача.

$$7 - 4 = 3 \text{ (ц.)}$$

Ответ: 3 цветка.
