

Приключение принцессы Софии

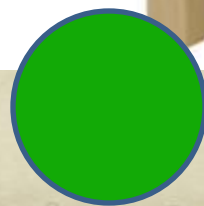

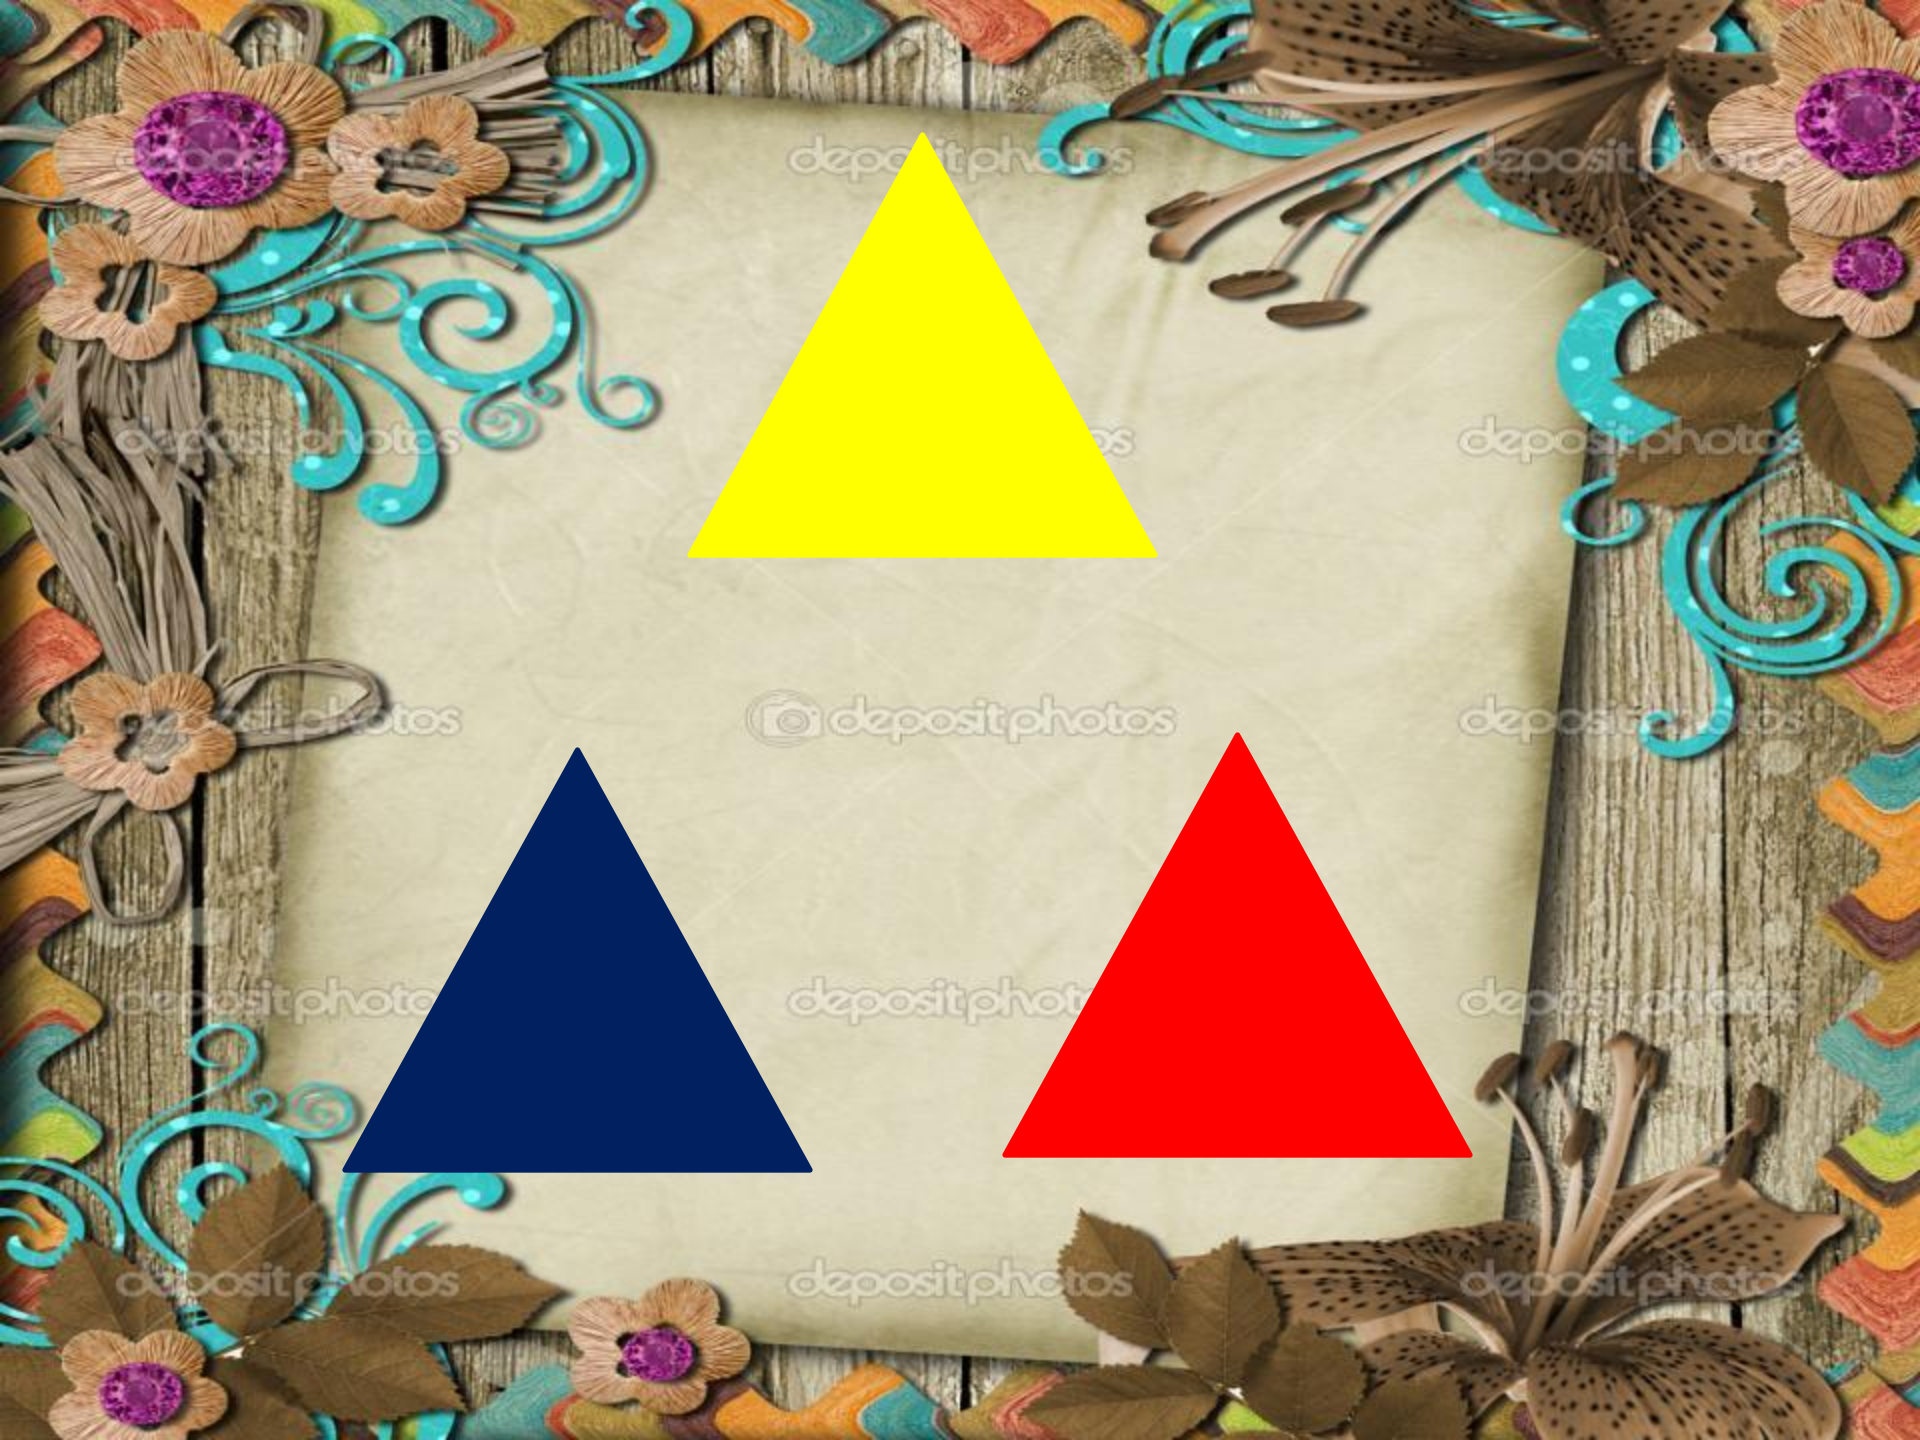

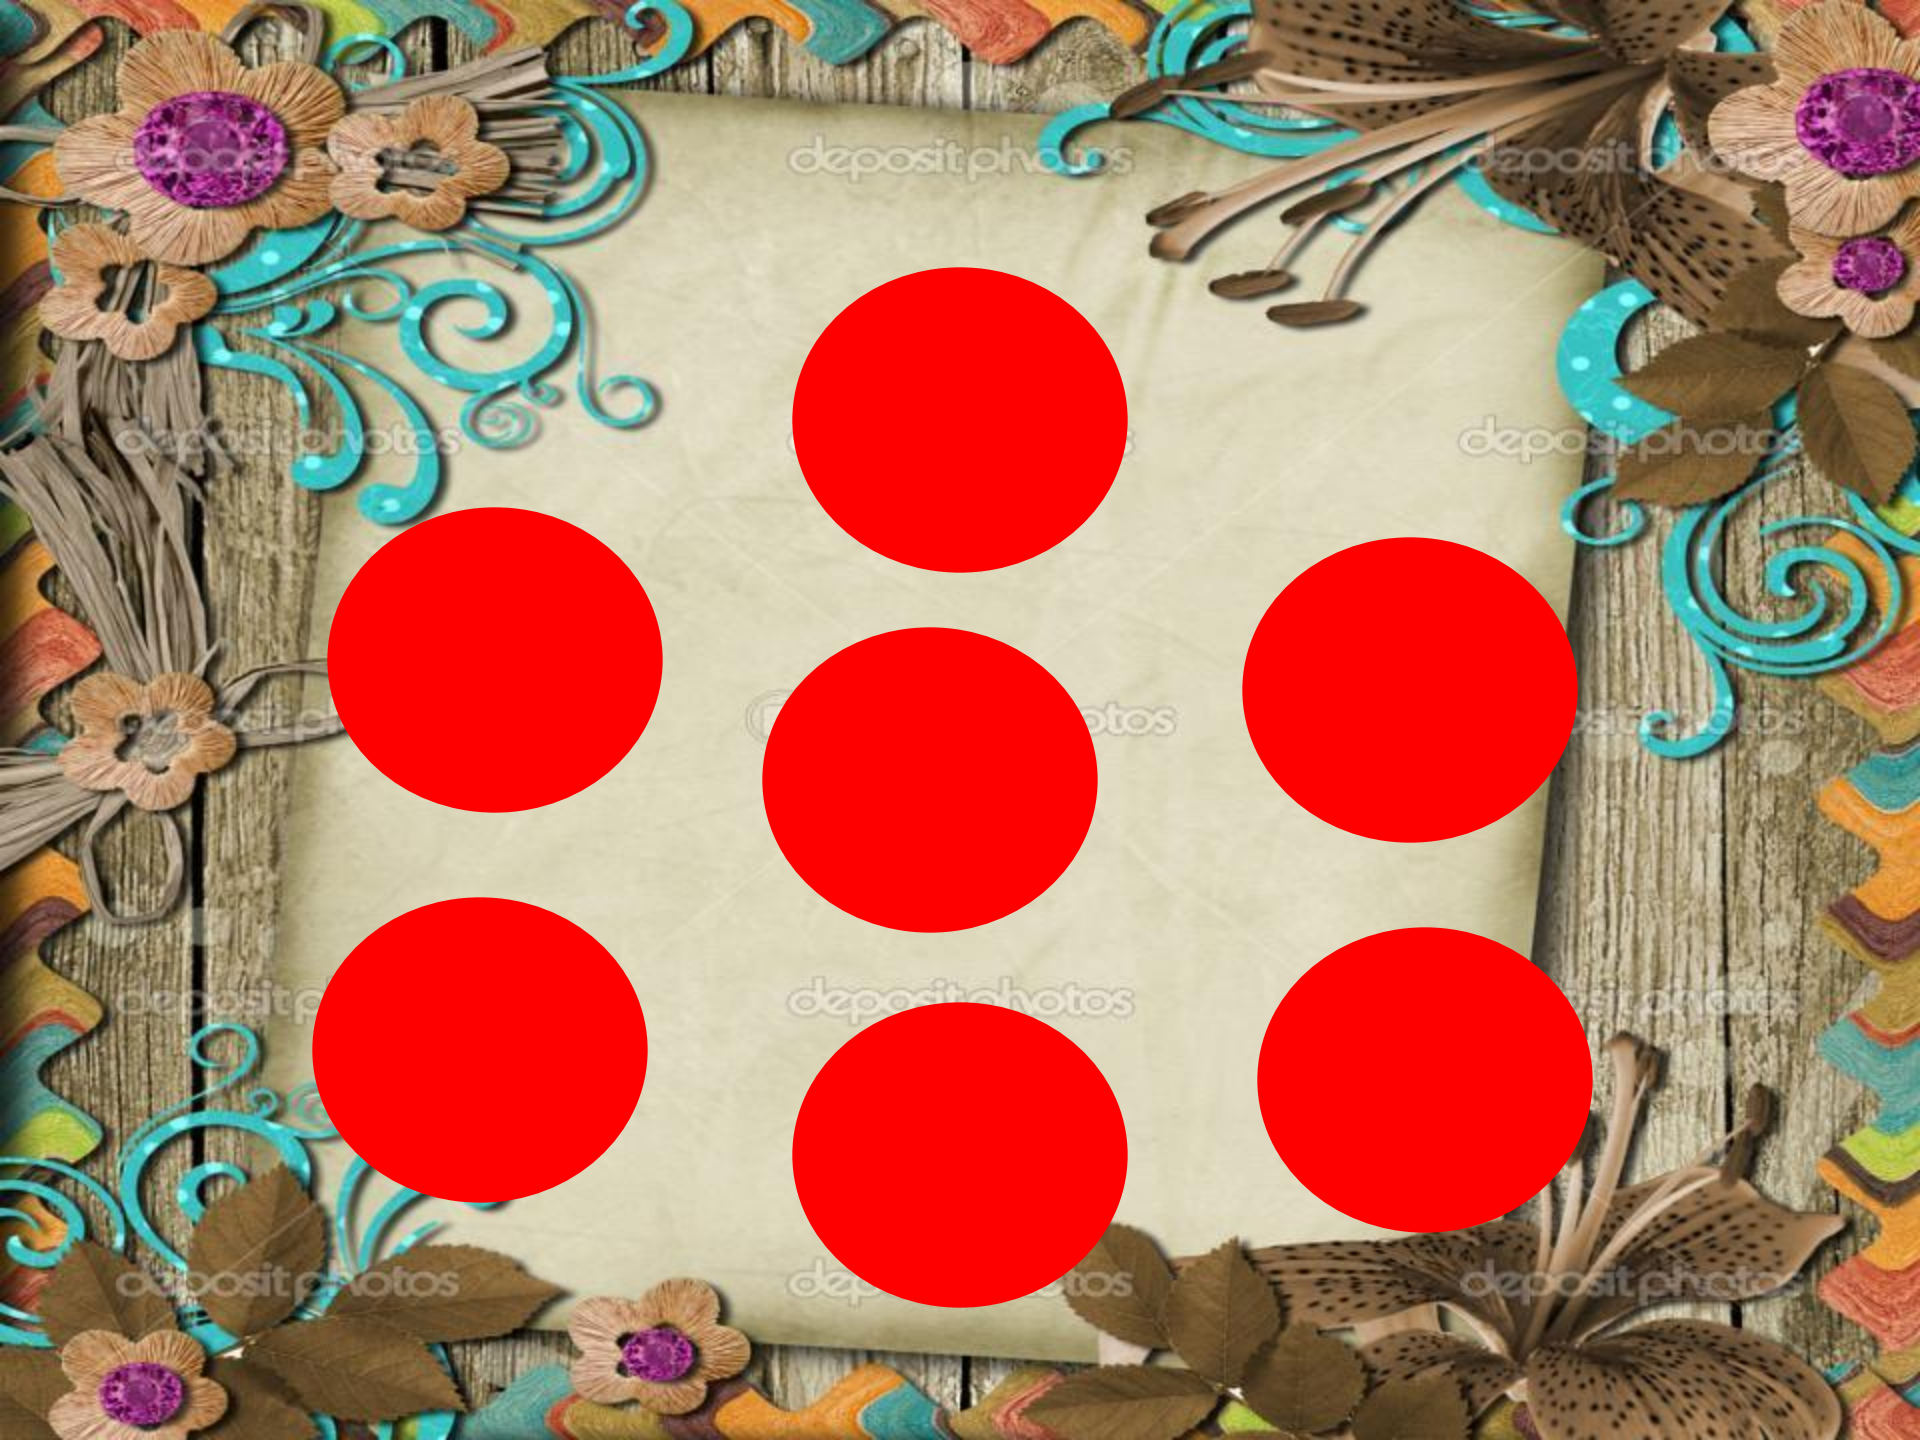

1

$$3 + 7 = 10$$

$2 + 5 = 7$

$$5 + 5 = 10$$

$1 + 9 = 10$

$$3 + 3 = 6$$

A vibrant classroom-themed illustration. A green chalkboard with a wooden frame is the central focus, displaying the equation $6 + 4 = 10$ in large white text. The board is adorned with a border of colorful autumn leaves (yellow, orange, and red) and small wooden clips. Above the board, a wooden ruler is visible. To the right, a paint palette with red, orange, and yellow paint dots and two paintbrushes are attached. Below the board, a stack of five books (red, yellow, green, blue, and white) is on the left, topped with a yellow leaf. Next to the books is a single green apple. In the center foreground, two more autumn leaves (one orange, one yellow) lie on the surface. To the right, a red alarm clock shows the time as approximately 1:50. In front of the clock is an open book with white pages. The entire scene is set against a plain white background.

$$6 + 4 = 10$$

$1 + 4 = 5$

$2 + 6 = 8$

$3 + 1 = 4$

$$5 + 3 = 8$$
