

Формирование коммуникативной компетенции обучающихся посредством использования Интернет–ресурсов на уроках английского языка.

*Сметанина Н.И.
ЧСШ №1*

Развитие образования в наши дни связано с повышением уровня его информационного потенциала. Одним из достижений, значительно повлиявших на образовательный процесс во всем мире, стало создание Интернет, что буквально означает “международная сеть” (англ. international net).

Интернет со всем
богатством своих
ресурсов реально
способствует
достижению
основной цели
изучения
иностранного языка
в школе, а именно:
формированию
коммуникативной
компетенции.

Виртуальная среда Интернет позволяет выйти за временные и пространственные рамки, предоставляя возможность аутентичного общения с реальными собеседниками на актуальные темы. Общаясь в истинной языковой среде, школьники учатся спонтанно и адекватно реагировать на различные значимые, реалистичные, интересующие и достижимые задачи, что стимулирует создание оригинальных высказываний, а не шаблонную манипуляцию языковыми формулами.

Грамотно интегрируя информационные ресурсы сети Интернет в учебный процесс, можно:

- формировать и совершенствовать речевые умения, используя современные аутентичные материалы;
- пополнять словарный запас лексикой современного английского языка;
- знакомиться с особенностями речевого поведения, культурой и традициями различных народов в условиях общения;
- формировать устойчивую мотивацию иноязычной речевой деятельности учащихся на основе систематического использования «живых» материалов и обсуждения актуальных проблем.

The screenshot shows the Russian version of the Learn English Kids website. The layout includes a top navigation bar with links like 'Songs', 'Kids Talk', 'Practice Listening', 'Word Of Week', and 'Your Turn'. A central search bar is labeled 'Поиск'. Below this, there's a 'Вход в систему' (Login) section with fields for 'Имя' (Name) and 'Пароль' (Password). The main content area is divided into several sections: 'Добро пожаловать' (Welcome) with a paragraph of text and a cartoon illustration of children; 'Popular now' featuring a grid of popular content like 'Games', 'Songs', and 'Videos'; and a 'Тема' (Topic) section with a list of categories such as 'Animals', 'Clothes', 'Computers', 'Dinosaurs', 'Environment', 'Family', 'Food', 'Football', 'Hobbies', 'Homes', 'Human body', 'Insects', 'Machines', 'Occupations', 'Plants', and 'Transport'.

Cambridge English Readers Level Test

Welcome to the placement test for the Cambridge English Readers.
This test will help you to find your reading level.

Starter/Beginner

Level 1 – Beginner/Elementary

Level 2 – Elementary/Lower Intermediate

Level 3 – Lower Intermediate

Level 4 – Intermediate

Level 5 – Upper-Intermediate

Level 6 – Advanced

How to use the placement tests:

1. Look at the table on the left and guess your level.
2. Click on the level to start the test.
3. Follow the instructions.

Click the Help button for more information.

Each time you take a test for levels three to six, it will be different – so you can take the tests as many times as you want. When you finish reading one of the Cambridge English Readers, why not do the same test again to see if you are learning the words that are in the books?

Компьютер лоялен к разнообразию ученических ответов: он не сопровождает работу учащихся хвалебными или порицательными комментариями, что развивает их самостоятельность и создает благоприятную социально-психологическую атмосферу на уроке, придавая им уверенность в себе, что является немаловажным фактором для развития их индивидуальности.

About

The iEARN Collaboration Centre enables youth to learn with, rather than simply about, the world. Find project partners quickly. Read 200+ project descriptions and browse student-produced media.

SPOTLIGHT

My School, Your School

Students are made aware of the similarities and differences in school life around the world for them to be able to evaluate their own educational system in a critical way and for them to see how they can help to improve it from their role as students. Students produce comparative paragraphs about the different schools which will be exhibited along with photos on a web page designed for the purpose by the project facilitators. PROJECTS

PROJECTS

iEARN projects are designed and facilitated by educators and students worldwide, and result in a range of collaborative final "products." Below are four examples -- use the search block to the left to view all of the currently active iEARN projects!

Connecting Math to Our Lives

In this project students are invited to a) explore how math is used in their families and communities; and b) use math skills to investigate community or social concerns and then take action to promote greater equity in the world around them.

Friends Book: Let's go... Together!

Participants draw and exchange the pictures of themselves and their life, discuss their drawings, and create one French Book, which will help each participant to find new friends and overcome life barriers.

Electronic School Magazine

Schools around the world are encouraged to share new or existing school magazine and publications in a global forum.
