

# Организация групповой работы на уроках математики в 1 классе

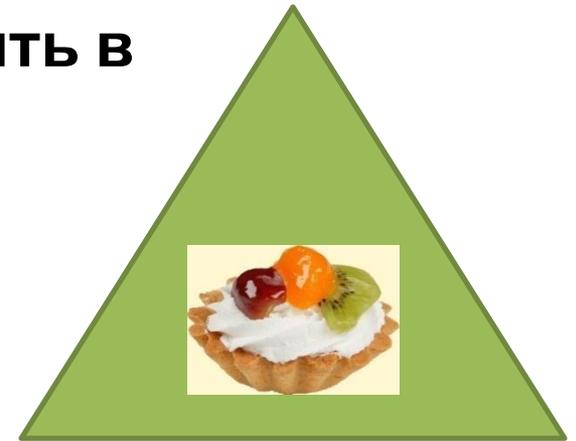

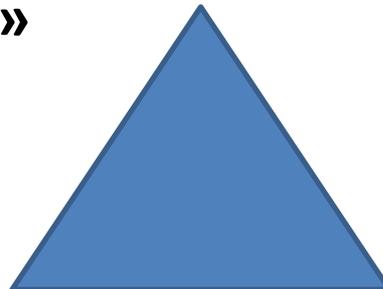

**Уважай своего товарища.  
Умей каждого выслушать.  
Не согласен – предлагай!**

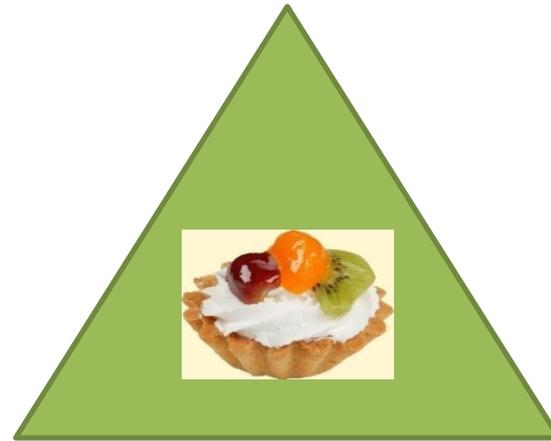

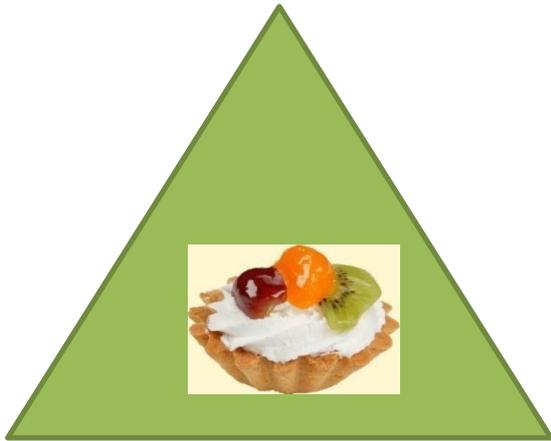

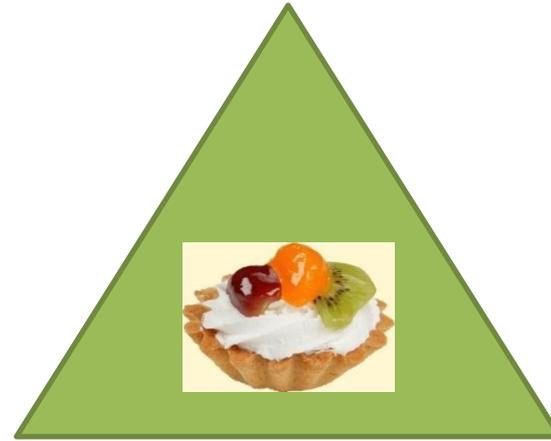

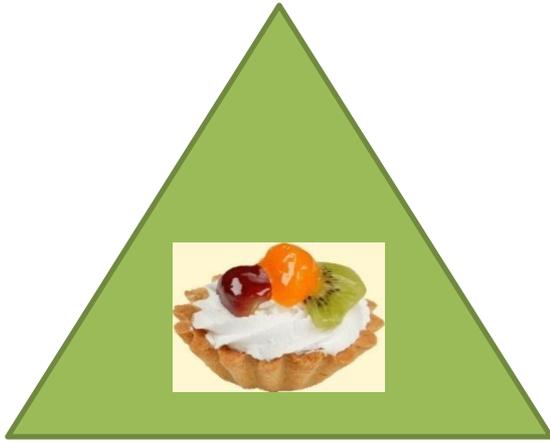

# Сравнение площадей

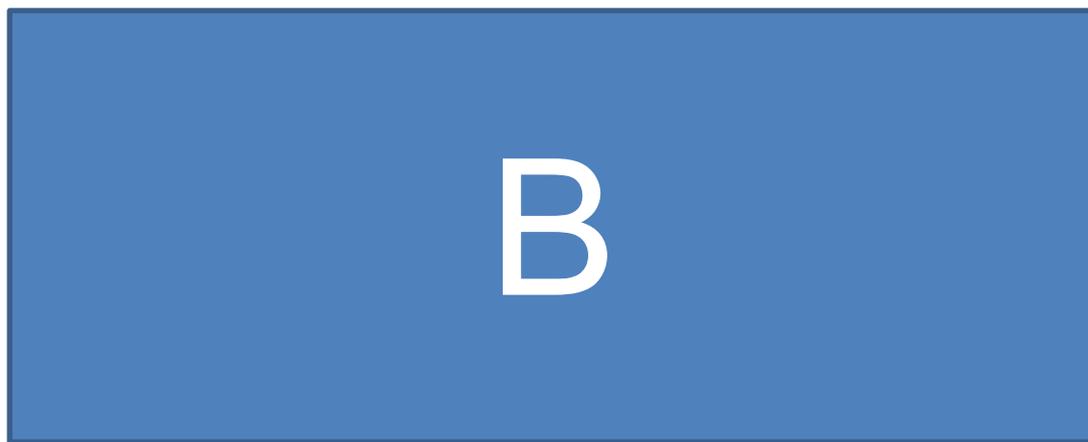

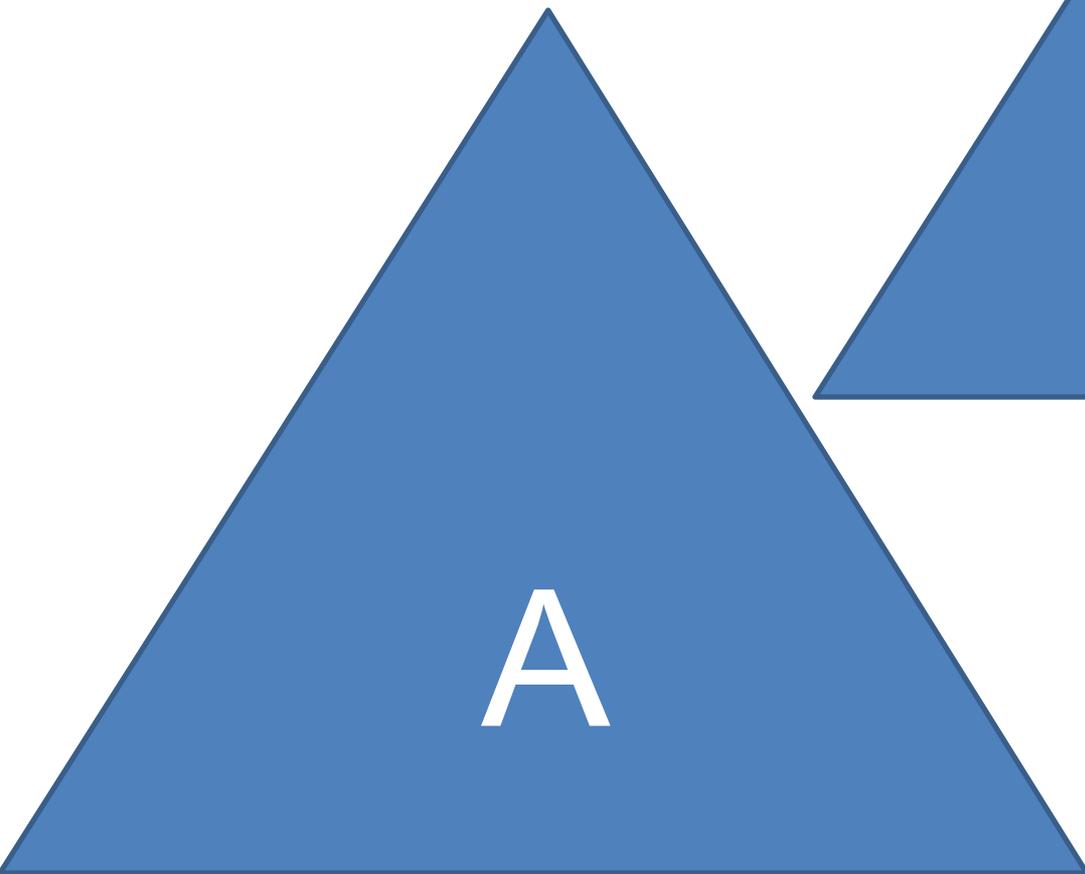

Кондитер испек пирожные с кремом в форме равностороннего треугольника.

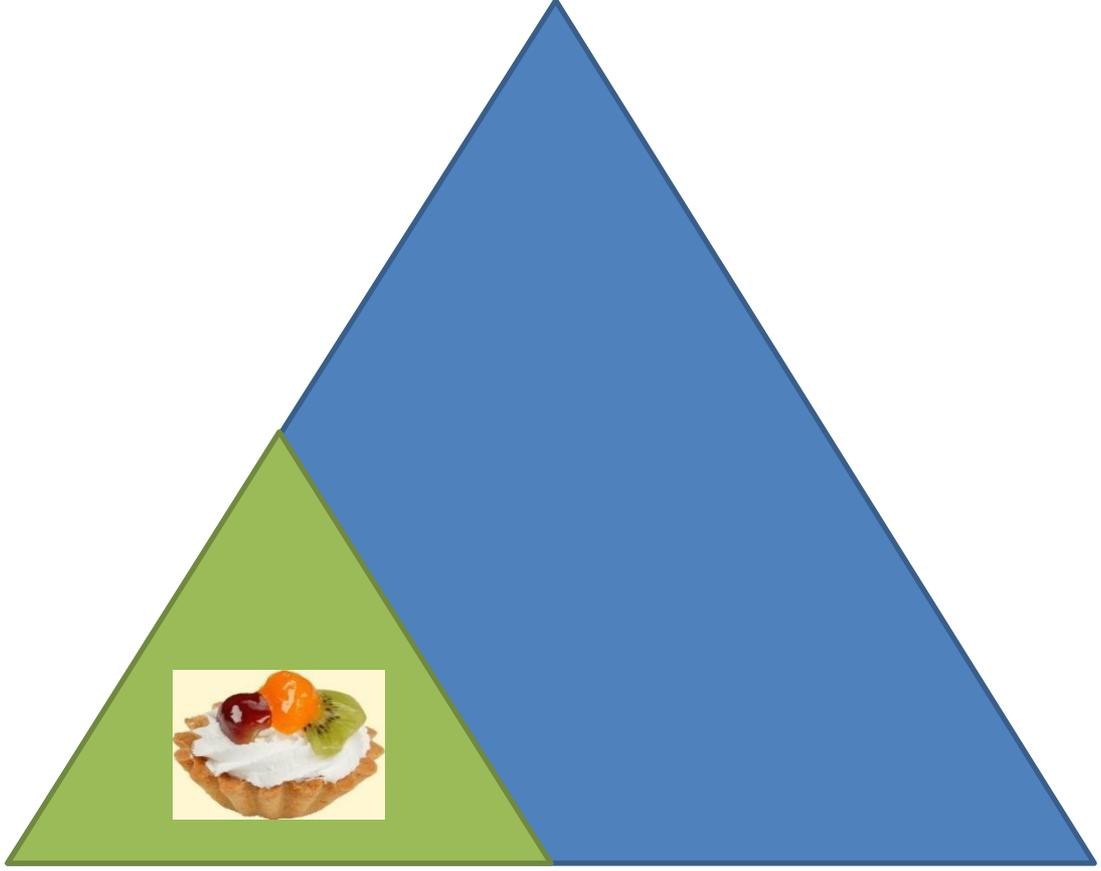

Эти пирожные нужно уложить в коробки разной формы.

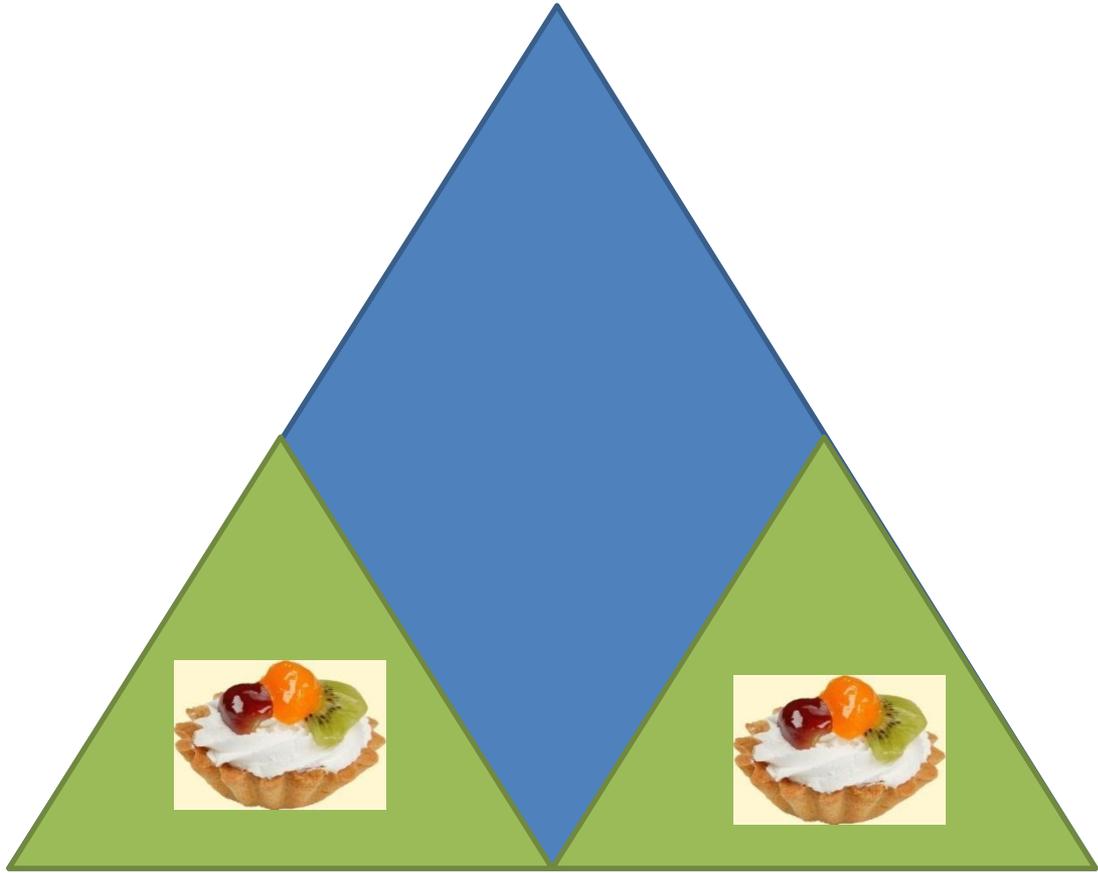

Вопрос: «В каких из данных коробок хватит места для пирожных, чтобы они все вошли и не помяли друг друга»

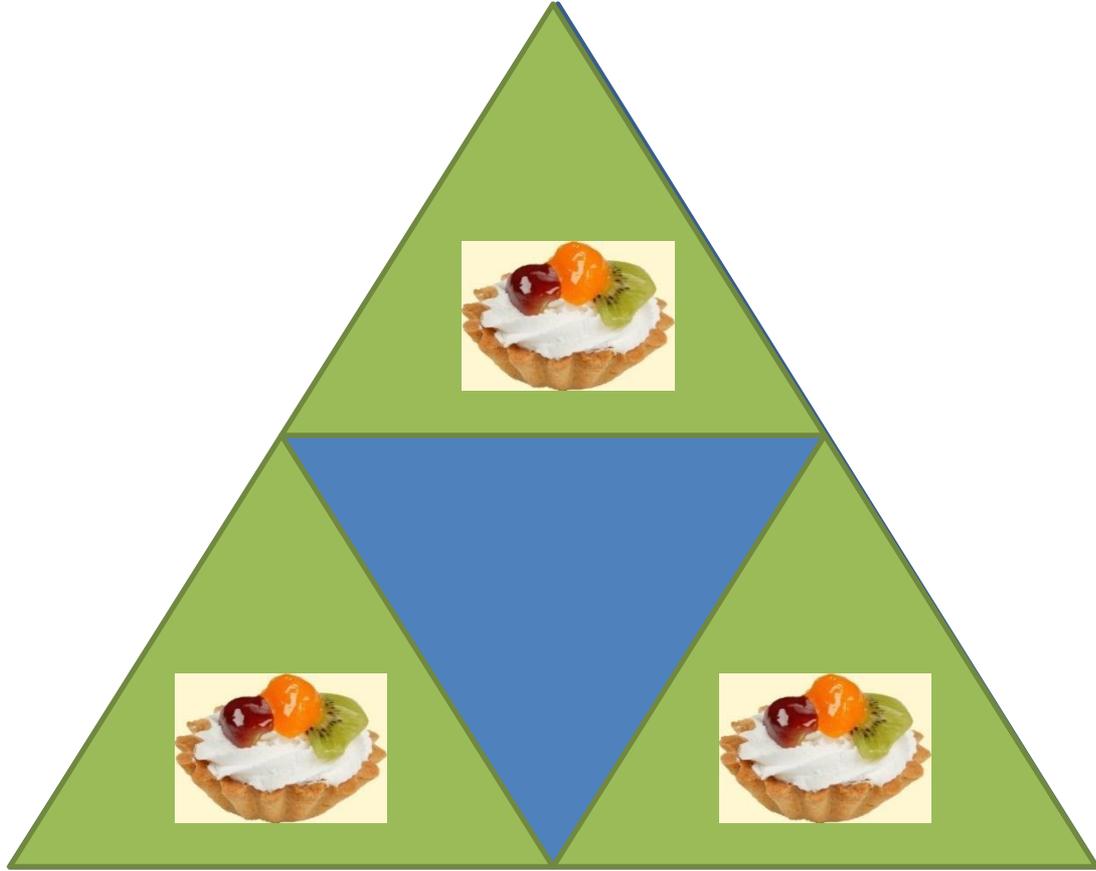

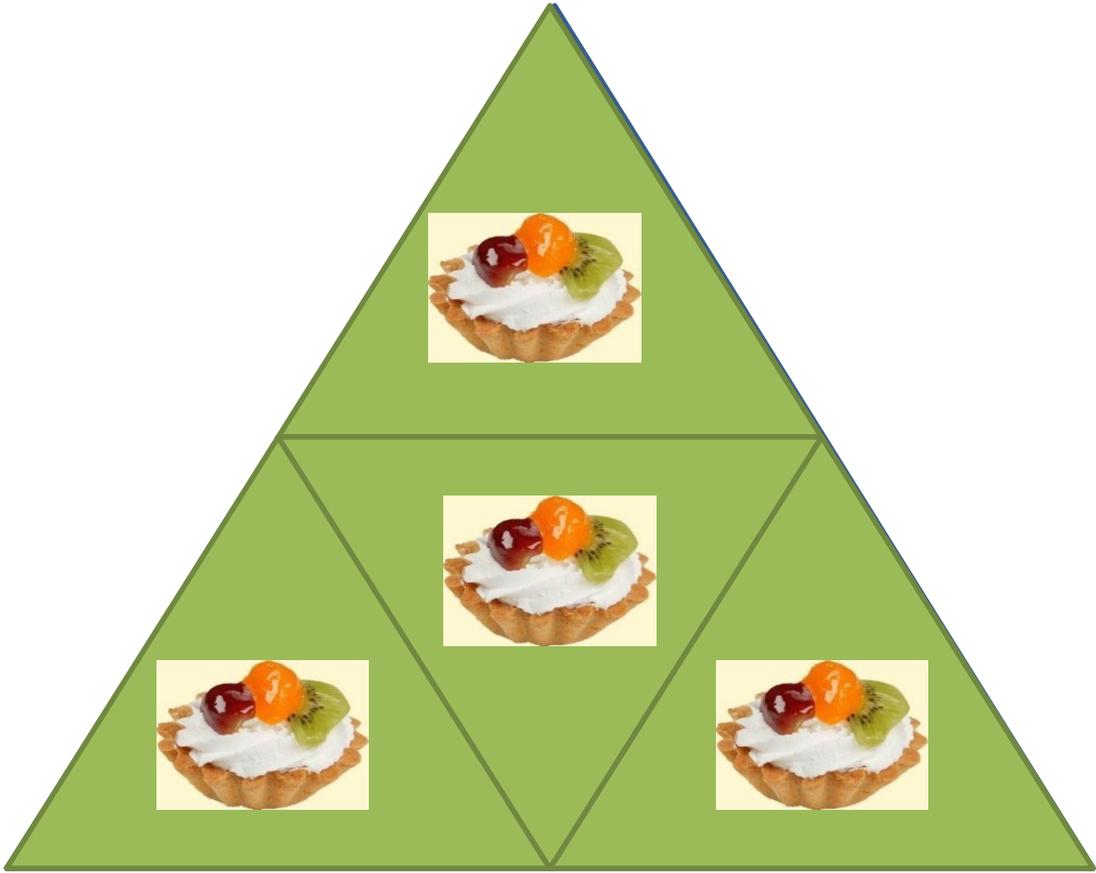

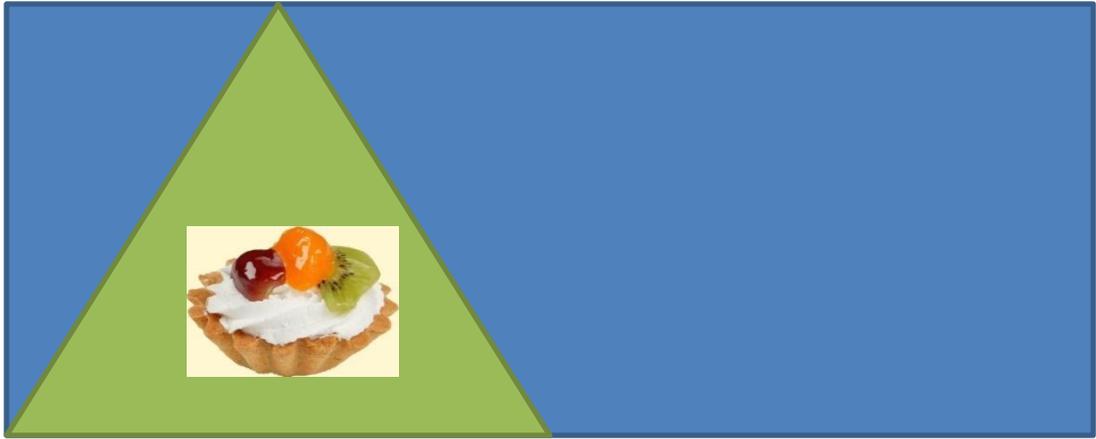

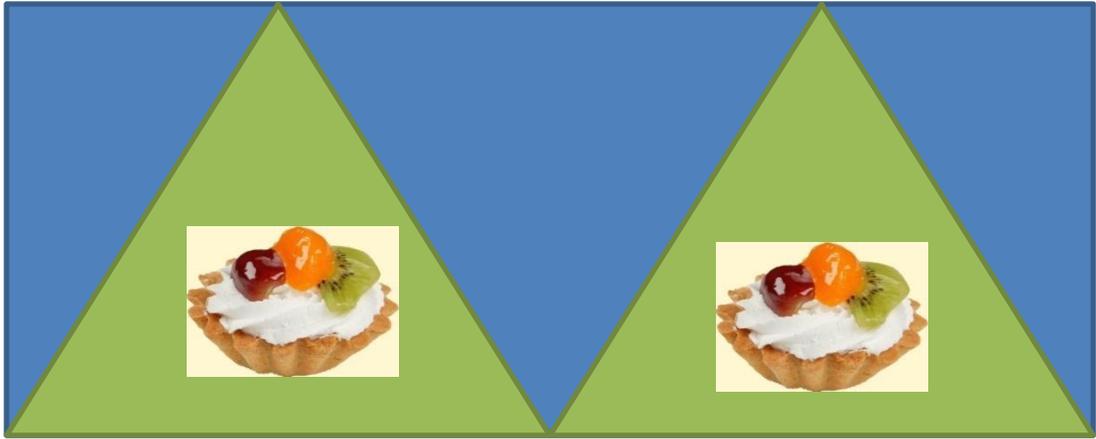

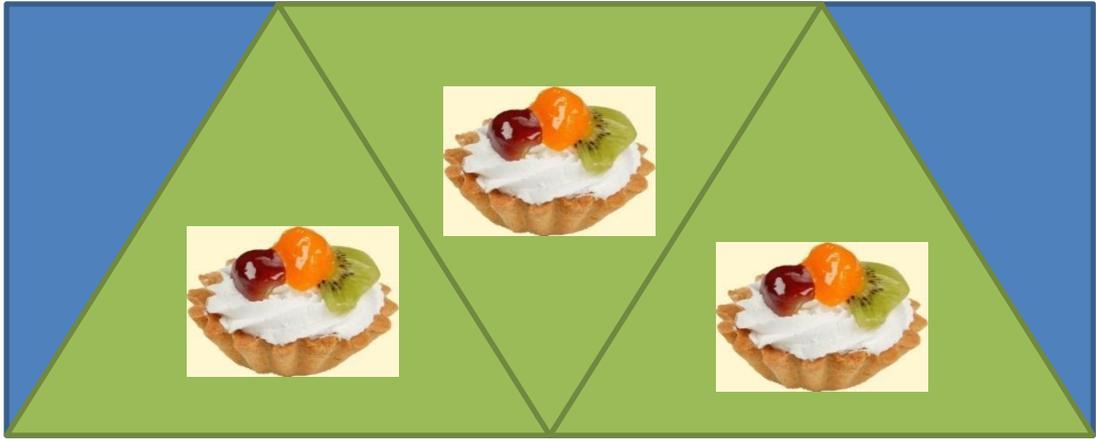

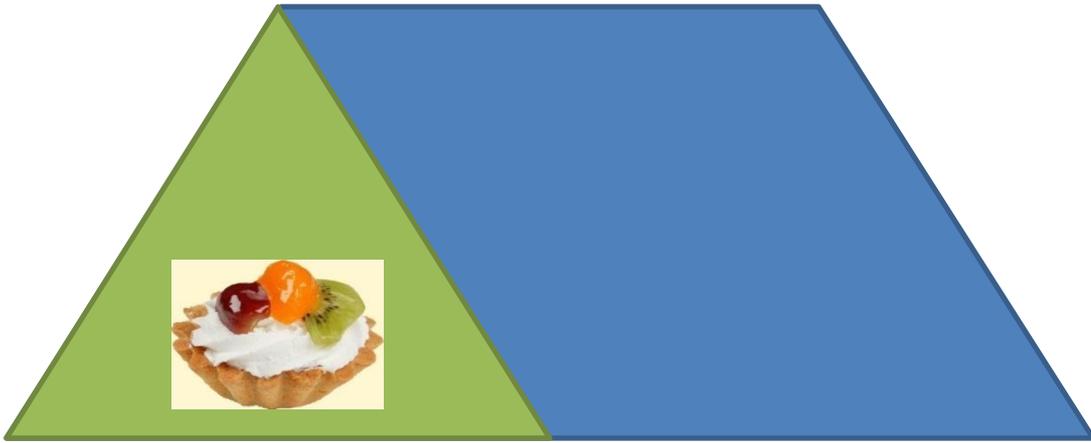

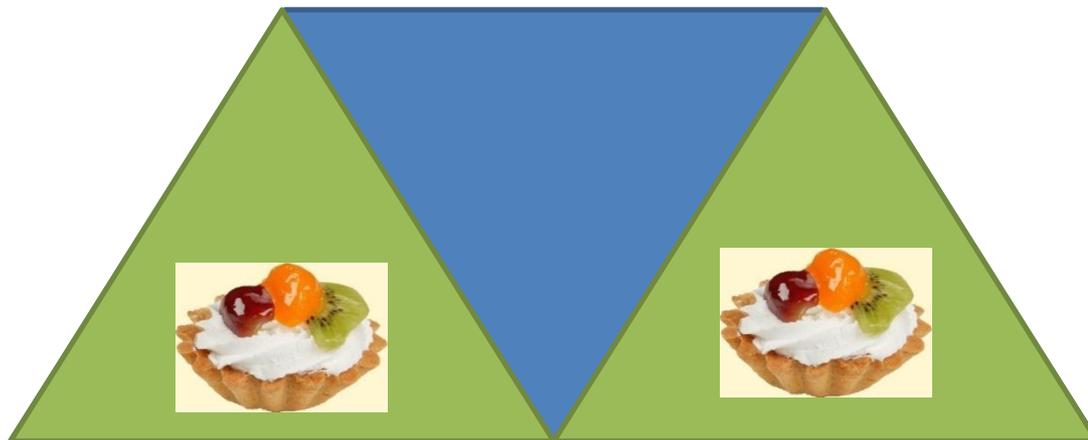

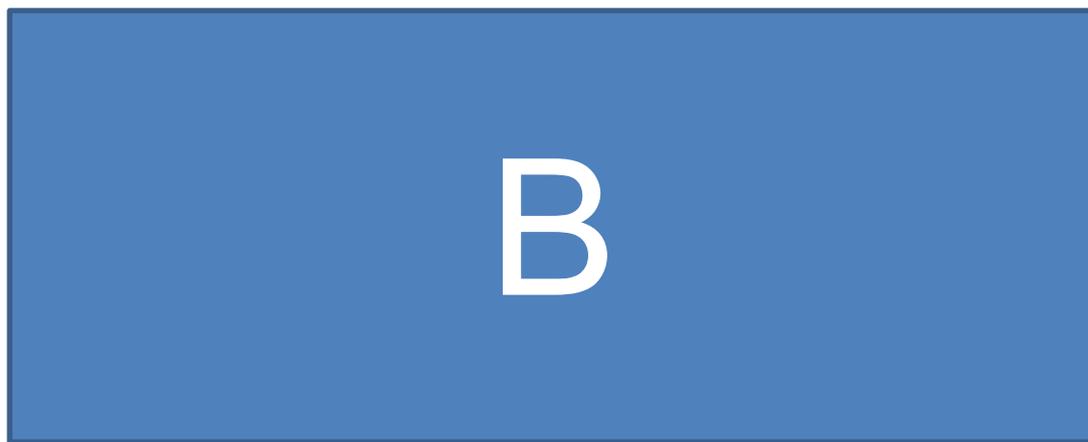

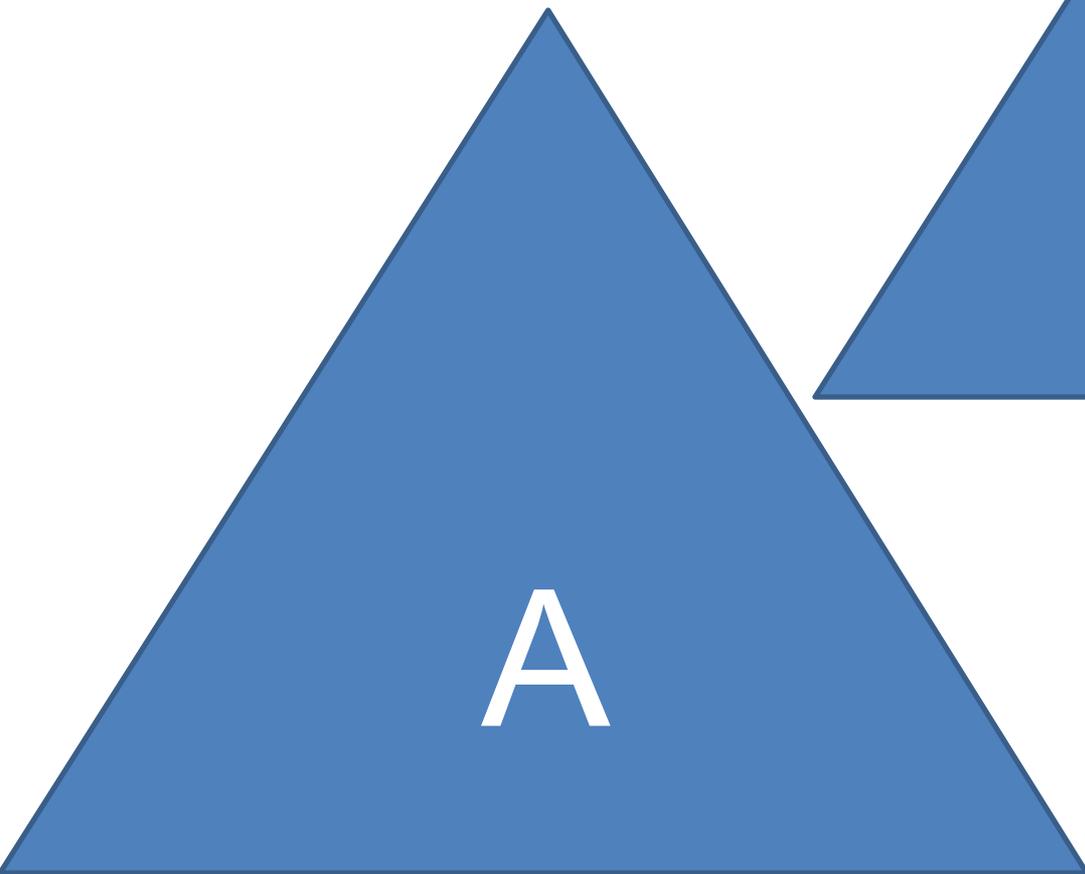

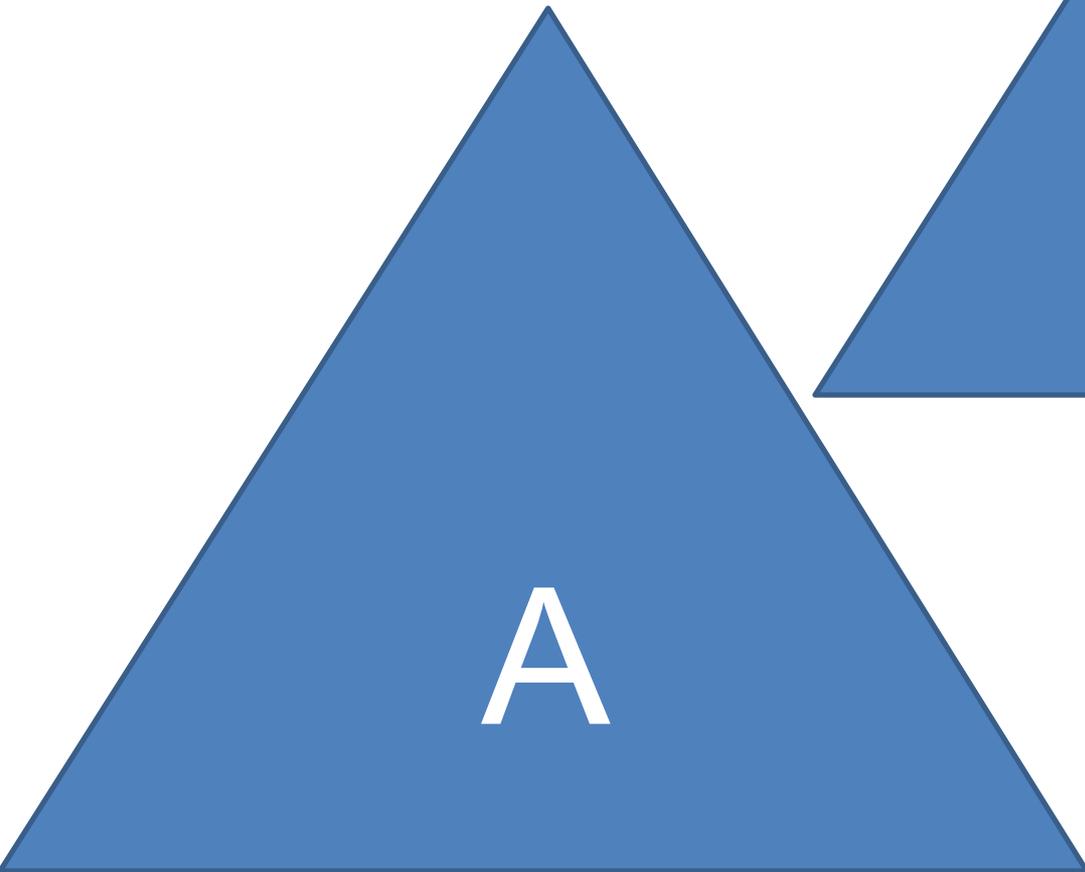

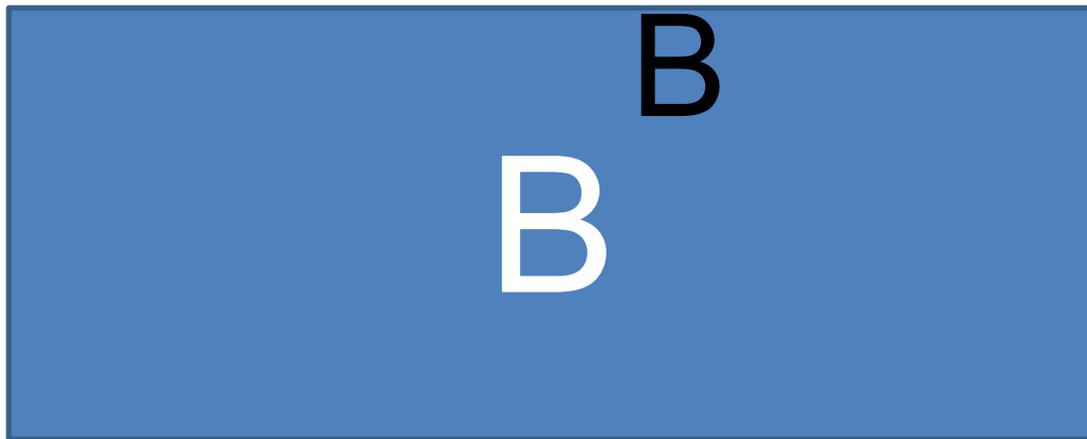

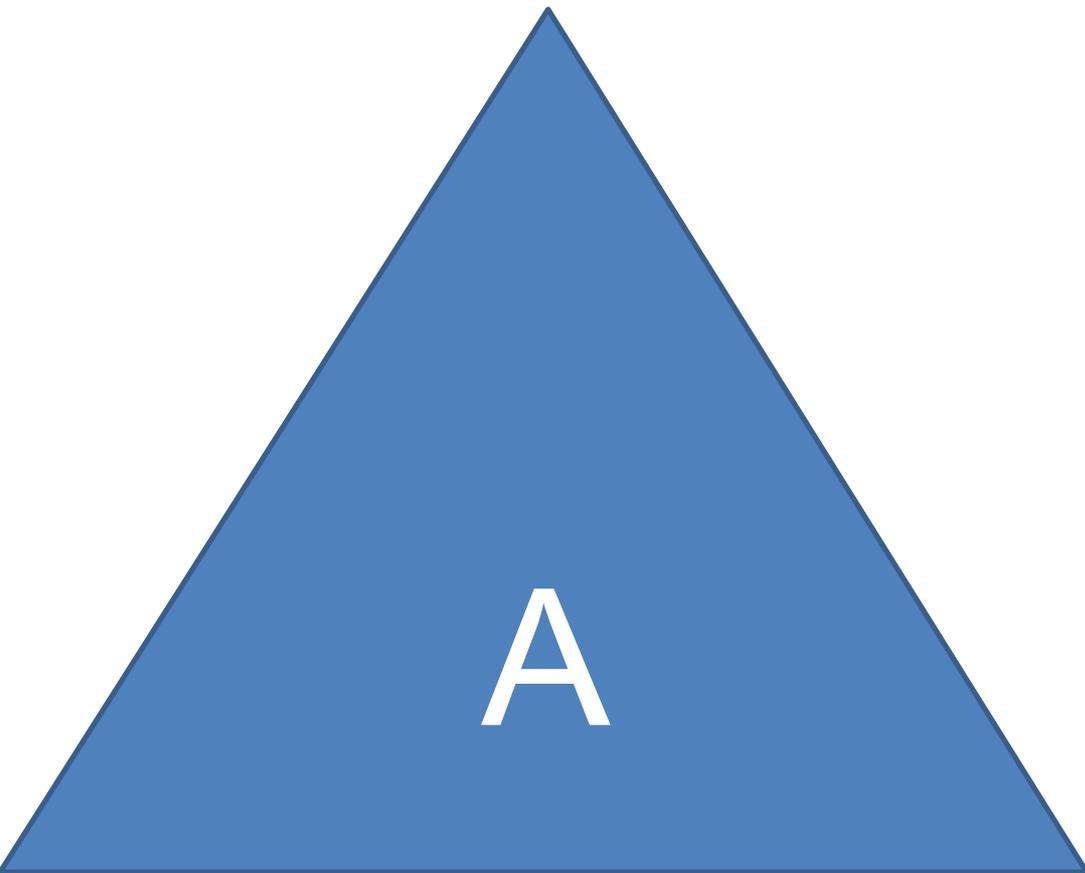

$A \neq$

~~Б~~  $\neq$

$A = B$

B

A =  
Б
