Performance related key headlines

- What is driving performance or non-performance?
- What is working and what is not working? What will you do different in the next 90 days (and beyond) in case of things not working?
 - Please provide a <u>strong narrative</u> around what parts of the business are delivering and what parts are not delivering (consider Ops excellence, channels, dayparts, marketing programs etc.)
 - Are there any particular areas that are significantly dragging the business down certain cities/ regions etc.
 - Quantify impact from one-off events (weather, holiday shifts etc.), construction around key stores etc.
 - Quantify impact from new store cannibalization, delayed openings and reimaging related closures if these are significant to understanding performance

Driving Profitable GCs Review of Q1 2019 Big Bets on Marketing calendar

- M
- Please cover only major marketing calendar programs executed during the quarter supported with KPIs (UPT level, incremental GCs, cash flow) and learning (would you do it again, what could change etc.)
- Please also mention any pricing changes implemented during the quarter
