The Tower of London Лондонский Тауэр

An ancient fortress in London. Now it's a museum of armour and also the place where Crown Jewels are kept. It comprises not one, but 20 towers. The oldest of which, the White Tower. Many stories associated with British history come from the Tower. In 1483 King Edward IV's two sons were murdered in the so-called Bloody Tower. Of course, no visit to the Tower would be complete without seeing the ravens; huge black birds. Legend states that if the ravens were to leave the Tower the Crown will fall, and Britain with it. Under the special care of the Raven Master, the ravens are fed a daily diet of raw meat. And there is no danger of them flying away, because their wings are clipped.

The Bloody Tower

Кровавая башня

The Bloody Tower was built by King Henry III between 1238 - 1272

The Bloody Tower was originally named the Garden Tower. But was given this nickname from the murderous events which were believed to have occurred in the building. It is believed to first derive its name from the suicide in it of Henry Percy. It was then believed to be the scene of the murder of the two little Princes in the Tower –

Edward V and his brother the Duke of York.

Finally it was believed that Henry VI also met his death here. Others who suffered imprisonment or death in the Bloody Tower included: Henry Percy died there in mysterious circumstances in 1585; Hanging Judge Jeffreys , Sir Thomas Overbury, poet and many others.

The White Tower *Белая Башня*

- The **White Tower** is a central tower, the old tower, at the Tower of London. It was started in 1078 by William the Conqueror who ordered the White Tower to be built inside the south-east part of The City walls, near the River Thames. This was as to protect London from outside invaders. William ordered the Tower to be built of stone. The tower was finished around 1087 by his sons and successors, William Rufus and Henry I.
