- Accessing Documents on the Road

- homework assignments for a particular class or a schoolwide events schedule
- Make the calendar public (but make sure only authorized personnel can post new events), and then provide the calendar's URL to all students and parents.
- should be no excuse for missed homework or absence from key events.

- Announce meetings for your local school board?
- Organize bingo nights for your church?
- All these group activities can easily be managed online

- Zvents (zvents.com) is a web search engine for local events.
 - Upload your event schedule into the Zvents database,
 - then anyone in your area can find out what's happening in the coming days and weeks.
 - suite of event management
 - software from ServiceU ([www. ServiceU.com](http://www.ServiceU.com)).
- EventU offers event, resource, and facility scheduling for organizations small or large.

- **Collaborating on To-Do Lists**
 - **Collaborating on Task Management**
 - **Collaborating on Event Management**
 - **Collaborating on Event Marketing**
 - **Collaborating on Budgets**
-
- Community groups often have a lot on their plates.
 - Someone must schedule the next fundraiser,
someone else needs to print up flyers,
someone else is in charge of recruiting new members...
 - there's just a lot of stuff to do!

web-based lists that multiple group members can access from any web browser. Tasks are entered (complete with due date) and checked off when completed.

(www.blablalist.com)

(www.rememberthemilk.com),

(www.tadalist.com),(www.tudulist.com),

(www.voo2do.com).

let you add new tasks via or access your lists via mobile phone.

- new set of challenges to face
- to manage the tasks involved with putting together the event, you also have to handle attendee registration, event marketing, ticket sales, and the like
- web-based event registration and payment;
- manage requests for hotel rooms, airline flights, and car rentals; and check in attendees live onsite via a notebook PC with Internet connection

- (www.cvent.com),
- RegOnline (www.regonline.com)
- ViewCentral
- www.rmkr.com/viewcentral).
- these aren't free; you have to pay for the power you need to manage the details of your particular event

- it comes to promoting your community events,
- Zvents (to post announcements of your community events.
- cloud-based social media sites, such as Facebook and MySpace, to promote your event online.
- Post pictures of the event on community photo-sharing sites, such as Flickr (www.flickr.com)

- Event may be small or large, comes with its own set of costs.
- Community events, those costs are often managed by a group of people, each responsible for a specific operation or group of operations.
- simple events, Google Spreadsheets
- larger or more complex events
- AppExchange(www.salesforce.com/appexchange/)

- **Earlier adopters** of cloud computing.
- Companies large and small recognize the cost savings and productivity enhancements of using web-based tools
- to manage projects, collaborate on documents
- and presentations,
- manage enterprise-wide contacts and schedules, and the like.

**Thank
You**
