#### DANALOCK V3

### **System Devices**

### Danalock V3

Simply the smartest, smallest and strongest smartlock on the market

### **Types of solution**

### **European Profile Cylinders**

### What do we find in the door?

Usually we have an european profile cylinder and in inside a handle

inspired access

🎔 f in 🛅

INTRODUCTION

### What do we find in the door?

Remove the fixing screw to remove the existing cylinder:

### **Double clutch Installation**

Fix the screw:

# DEADBOLT MUST BE PROJECTED EASILY.

### **DOUBLE CLUTCH MECHANISM**

If the keys are inserted inside we can open from outside

STANDARD cylinder does not allow opening from outside if keys are inserted inside

Deadbolt must be projected easily

<u>.</u>
