Давайте нарисуем

лебедя Сквозь летние сумерки парка

По краю искусственных вод
Красавица, дева, дикарка –
Высокая лебедь плывёт...

Головка ее шелковиста,
И мантия снега белей,

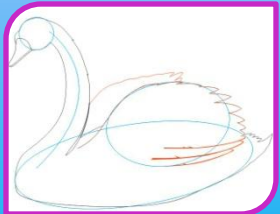

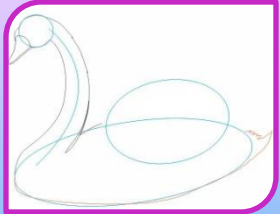

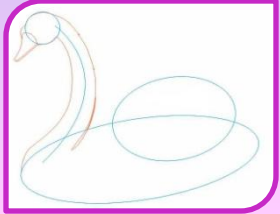

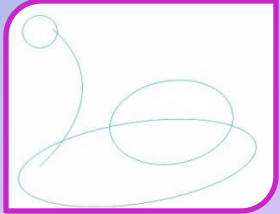

И дивные два аметиста
Мерцают в глазницах у ней.

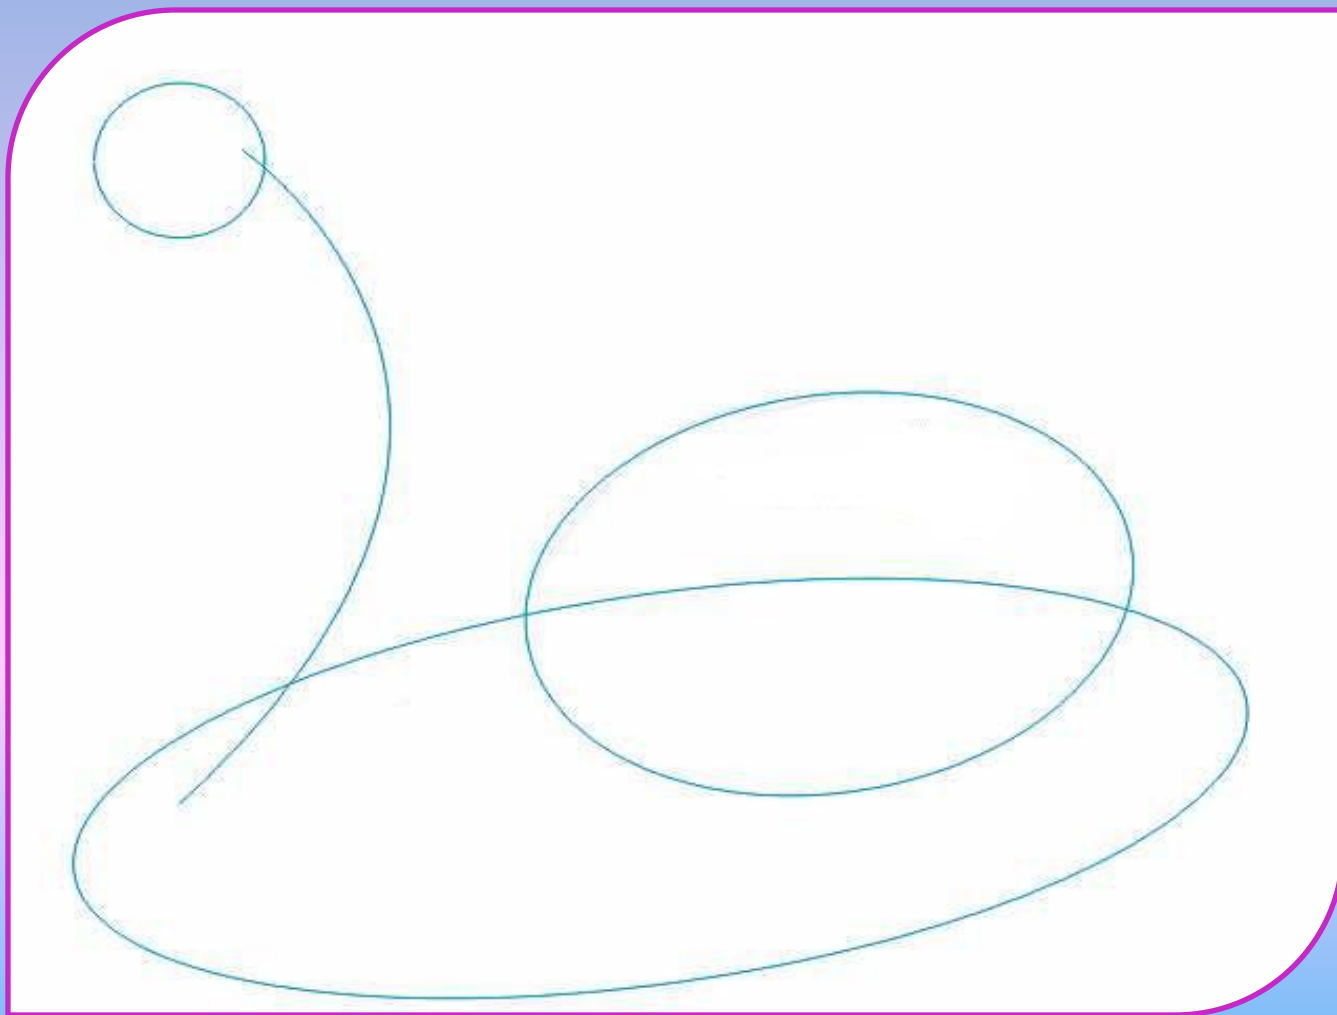

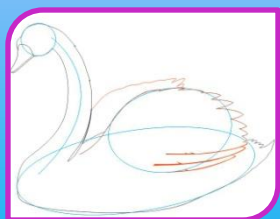

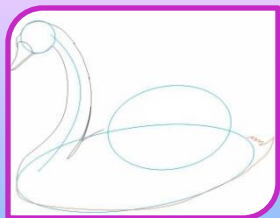

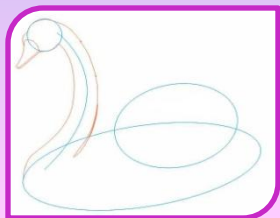

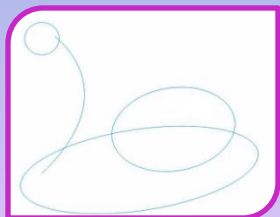

И светлое льется сиянье
Над белым изгибом спины.

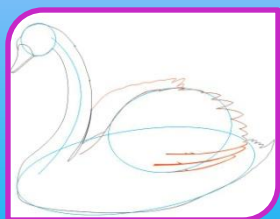

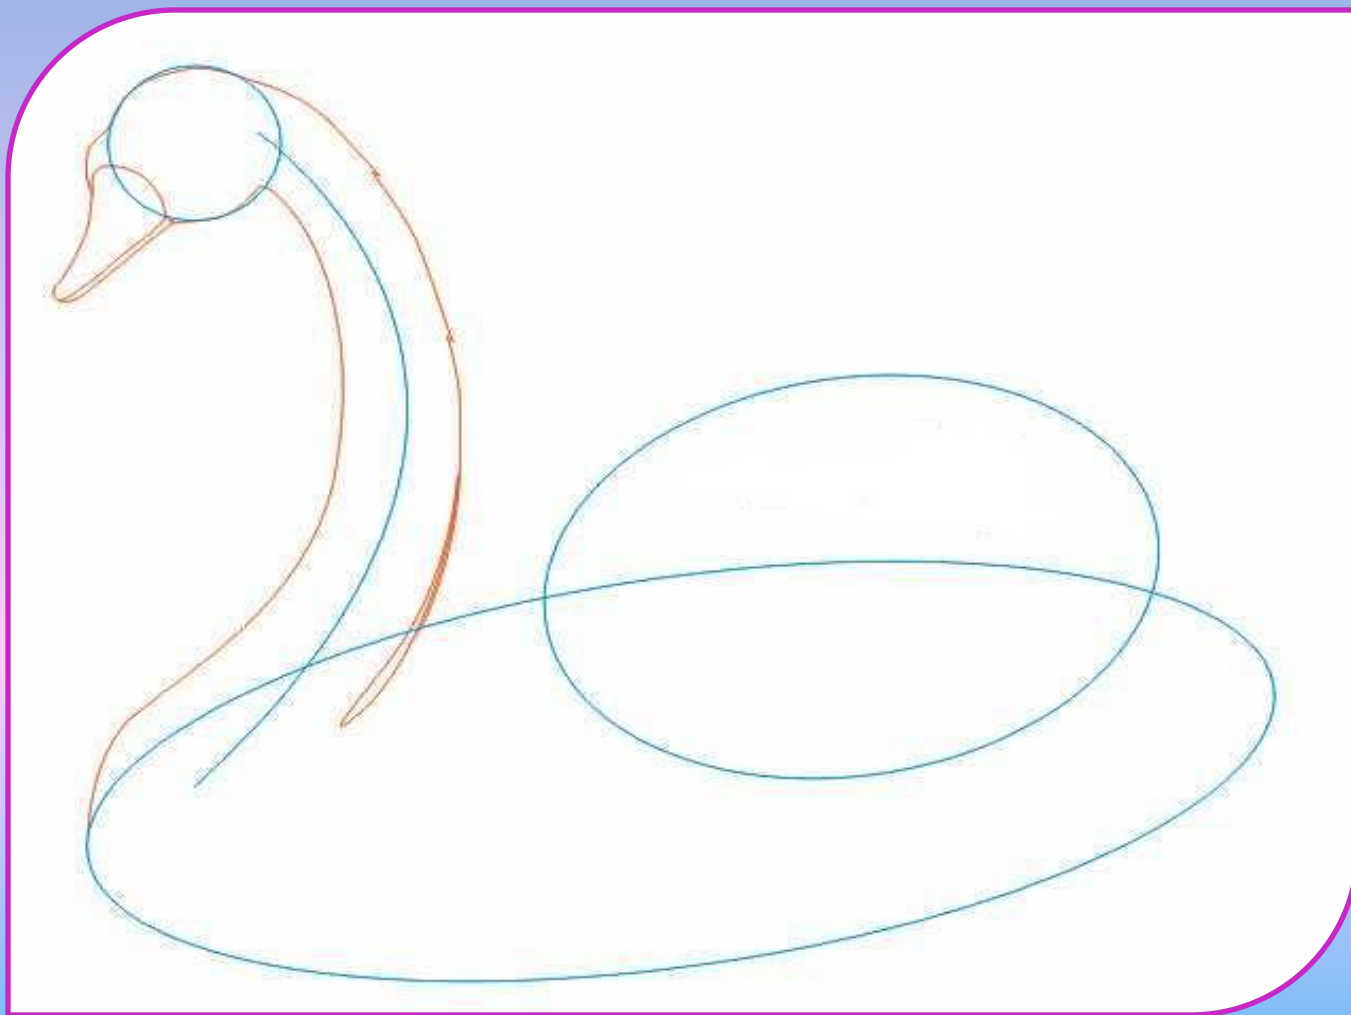

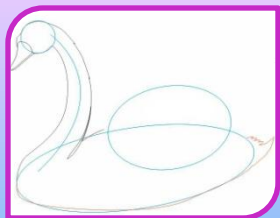

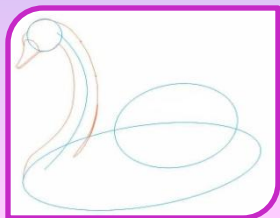

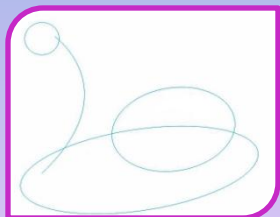

И вся она как изваянье
Приподнятой к небу волны.
