Modern music

Text

People cannot live without music. They can listen to music everywhere even in the forest, when they walk and hear birds singing. Music can be classical and modern. Classical music is performed by **symphonic orchestras** in the great halls. There are a lot of famous composers whose music is played nowadays. Classical music is serious and requires good understanding or it may seem to be boring and dull. Most people prefer modern music. Modern music is performed by **TV** and **radio**.

Text

Modern music has different kinds: pop, rock, disco, rap, techno and others. Young people like techno and disco. Older people are fond of jazz, rock and pop. There are a lot of singers or music bands who perform this or that kind of music. Everybody knows the founders of rock music. They are the **“Beatles”** and **Elvis Presley**. Now there are a lot of discs and records of different performers. The last achievement in music production is a clip. Musical clips are short films accompanied by the melody.

Text

I like different kinds of music, but I can say that my favourite singer is **Oleg Skrypka** from the group **"VV"**. consider him to be a decent representative of modern Ukrainian culture. I enjoy the highly energetic music of **"VV"**, and especially I like performances of **Oleg Skrypka**. He is an outstanding performer. At the beginning of their creative development the group worked in France.

Text

They have got a lot of songs in French. More than that, they have some songs in English. One of them is "The Pack of Cigarettes" from their new album "Fayno". They have a lot of fans abroad, as well as in Ukraine. Usually their performances in clubs are attended by 10-20 % of **foreign people.**

Text

Oleg Skrypka confessed that he thinks that many songs sound better in Ukrainian and only a few of them sound good in Russian. Also he said that the English language is closely connected with music. So, people interested in music are also interested in the English language, because it is very useful to know what the song is about. His attitude to the results of his work and the work of other people is very critical. That's why the group works on each album and clip for a very long time.

THE END

The image features the words "THE END" in a large, bold, blue, blocky font with a white outline. The text is centered within a white, jagged speech bubble that has a black border and a black halftone dot pattern. The background consists of a series of red and yellow diagonal stripes, with the red stripes having a white halftone dot pattern. The overall style is reminiscent of mid-20th-century comic book art.
