

Zebra!

Zebra

Author: Doronkina Irina.

**Zebras are wild animals
from Africa.**

**Zebras are
best known
for their
white and
black
sometimes
brown
stripes.**

**The stripes
protect
zebras
from
predators.**

Zebras are similar to a horse.

**They are
social
animals
living in
small or
large
herds.**

They graze together.

**They feed mainly on grasses
but can also eat shrubs,
herbs, twigs, leaves and bark.**

Zebras have excellent hearing and eyesight.

Thank you!!!
