“Who gets up early in the morning,  
he is very far from the university  
lives!”

My name is Vitaliy. I'm 18 years old. I would like to say some words about my university and my students life. I am a student of the Lviv National Agrarian University. This university is one of the oldest universities of Ukrainian. Its history started in the XIX century. Nowadays this university is one of the most prestigious educational institutions of our country.

I study at the faculty of mechanics and energetics technology. It is one of the University's oldest faculties. The faculty prepares specialists in the field of energetics technology. The level of education in the Lnau University meets high requirements of ukrainian employers.

The University takes an active part in student exchange programs. It also takes part in various research activities, scientific studies and international conferences.

# My students day

I live in hostel №4  
in room №80. I  
usually get up  
nearly eight  
o'clock. I do not  
like to get up early,  
but I have to,  
because I have a  
lot of work to do  
during the day.

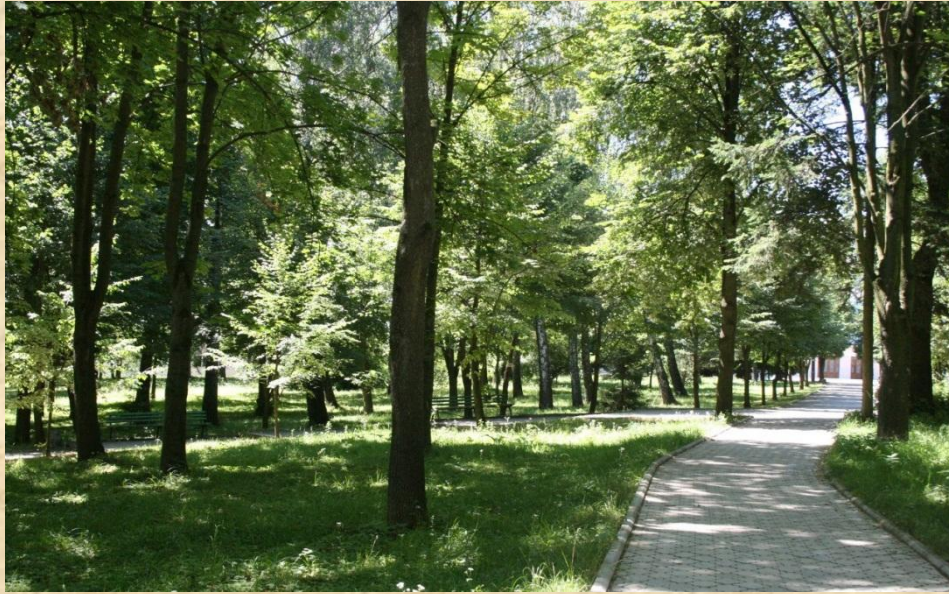

I make my bed, wash my face, put my clothes on and have breakfast. I do not like big breakfasts, I prefer a cup of coffee and a sandwich. Then I go to university. I have pair till three or four o'clock, it depends on a week day

Then I come hostel and have dinner. I like a big dinner, because when I come hostel from university I am hungry. After my dinner, I play on my guitar a couple of hours and then I do my homework.

Then I have free time. I go for a walk with my friends, or read books, or play my favourite computer games. I usually go to bed at about eleven o'clock, sometimes at twelve o'clock.

Almost everyone has good memories of student life. It is even more interesting to be a student if you live in a hostel. After the classes they can play the guitar and sing songs. The ones, who like dancing, go to local discos. Others get together simply to chat and discuss the topics they've learned. Student life is never boring. It is always full of excitement and interesting experiences.
